Big Sid's Vincati-Matthew Biberman 2009-04-30 Read Matthew Biberman's posts on the Penguin Blog. "If you believe it is possible to fall in love with a motorcycle, you will love this book." -Jay Leno When Big Sid had a heart attack and gave up the will to live, his son Matthew Biberman panicked. Impulsively, Matthew promised his father that they would build a Vincati together. This fusion of two legendary motorcycles, the Vincent Black Shadow and the Ducati GT, a Vincati was considered near-impossible to build. But if anyone could do it, Matthew knew his father could. Big Sid was the mechanic to see about repairing Vincents for nearly sixty years. But now, Sid was old, busted up and broke. Matthew, despite sharing his dad's passion, had become a Shakespearean scholar. The two men hadn't spoken in years-but called a truce to attempt a shared dream. Zen and the Art of Motorcycle Maintenance meets Shop Class as Soulcraft, in this heartfelt memoir that shows how two very different men built a legendary motorcycle, and along the way, discovered what it means to be father and son.

Amazed and Confused-Heather Zempel 2014-03-11 Most people have prayed for something or someone in earnest, seeking God's will, only to be left confused by God's response. Sometimes we ask, "Why would a good God allow bad things to happen to good people?" In Amazed and Confused, Heather Zempel tackles this question head-on by exploring the book of Habakkuk. When the prophet Habakkuk prayed that God would bring change to the backsliding nation of Israel, this issue came to the forefront. Habakkuk begged God for revival and that He would turn the hearts of faithless people back to Him. God's answer to Habakkuk was, "Take a look at the nations and watch what happens! You will be shocked and amazed" (1:5, The Voice). The vision God gave Habakkuk was one of warfare and exile. How do you respond when God answers your prayers in a way that seems out of line with his character and promises? Amazed and Confused proceeds systematically through the book of Habakkuk, exploring the prophet's prayer, God's response, and the prophet's journey from confusion to worship. This interactive Bible study is the perfect choice for those who are hurting and confused about God's responses to their prayers. Features include: Helpful guidance on a question without an easy answer Practical tools for studying the Minor Prophets Easy-to-understand, accessible language

Nordic Elites in Transformation, c. 1050-1250, Volume III-Wojtek Jezierski 2020-10-07 This book explores the practical and symbolic resources of legitimacy which the elites of medieval Scandinavia employed to establish, justify, and reproduce their social and political standing between the end of the Viking Age and the rise of kingdoms in the thirteenth century. Geographically the chapters cover the Scandinavian realms and Free State Iceland. Thematically the authors cover a wide palette of cultural practices and historical sources: hagiography, historiography, spaces and palaces, literature, and international connections, which rulers, magnates or ecclesiastics used to compete for status and to reserve haloing glory for themselves. The volume is divided in three sections. The first looks at the sacral, legal, and acclamatory means through which privilege was conferred onto kings and ruling families. Section Two explores the spaces such as aristocratic halls, palaces, churches in which the social elevation of elites took place. Section Three explores the traditional and novel means of domestic distinction and international cultural capital which different orders of elites - knights, powerful clerics, ruling families etc. - wrought to assure their dominance and set themselves apart vis-à-vis their peers and subjects. A concluding chapter discusses how the use of symbolic capital in the North compared to wider European contexts.

Uranium Enrichment and Nuclear Weapon Proliferation-Allan S. Krass 2020-11-20 Originally published in 1983, this book presents both the technical and political information necessary to evaluate the emerging threat to world security posed by recent advances in uranium enrichment technology. Uranium enrichment has played a relatively quiet but important role in the history of efforts by a number of nations to acquire nuclear weapons and by a number of others to prevent the proliferation of nuclear weapons. For many years the uranium enrichment industry was dominated by a single method, gaseous diffusion, which was technically complex, extremely capital-intensive, and highly inefficient in its use of energy. As long as this remained true, only the richest and most technically advanced nations could afford to pursue the enrichment route to weapon acquisition. But during the 1970s this situation changed dramatically. Several new and far more accessible enrichment techniques were developed, stimulated largely by the anticipation of a rapidly growing demand for enrichment services by the world-wide nuclear power industry. This proliferation of new techniques, coupled with the subsequent contraction of the commercial market for enriched uranium, has created a situation in which uranium enrichment technology might well become the most important contributor to further nuclear weapon proliferation. Some of the issues addressed in this book are: A technical analysis of the most important enrichment techniques in a form that is relevant to analysis of proliferation risks; A detailed projection of the world demand for uranium enrichment services; A summary and critique of present institutional non-proliferation arrangements in the world enrichment industry, and An identification of the states most likely to pursue the enrichment route to acquisition of nuclear weapons.

Dr Libby's Beauty from the Inside-Libby Weaver 2015 When most people think about improving their appearance, they usually focus on a product, another "quick fix". Yet when you consider that the skin cells on your face are a small percentage of the total number of cells in the whole body, it seems crazy that we don't spend more time getting the majority of the cells functioning optimally, leading us to the outcomes we seek. Through Beauty From The Inside Out, Dr Libby expertly explains your outer world, the food you choose, the nutrients you ingest, hydration, posture, movement and what your body needs to create lovely nails, lustrous hair, sparkling eyes, and clear, luminous skin. Be guided to deal with very specific bumps in the road, such as dark circles under the eyes, eczema, pimples, and hair that is falling out, just to name a few. Just as importantly, Dr Libby explains your inner world, sex hormones, stress hormones, detox, digestion, elimination pathways, thyroid and pituitary functions. Both worlds relate to your sparkle and by taking a heart-opening look at your emotional landscape because, for many, that is where the real elixir is. Beauty From The Inside Out is a must-have beauty bible for all women. Enjoy radiating your own unique sparkle, from the inside out. Dr Libby Weaver (nee Ellis) (Ph.D) is one of Australasia's leading nutrition specialists and weight loss experts based in Auckland, New Zealand.

The Beaded Moccasins-Lynda Durrant 1998-03-23 On the morning of her twelfth birthday, Mary Campbell gets angry with her mother and storms out of the

cabin—never to return. As she picks wild strawberries and plans her apology, Mary is captured by Delaware Indians and plunged into a life that is fearsome, strenuous, and utterly unlike the one she knows, beginning with the journey on foot from Pennsylvania to the Delawares' new home in Ohio Territory. As the idea of escape becomes less feasible and less urgent, Mary finds herself adapting to the routines, traditions, and beliefs of her captors, and discovers within herself reserves of strength she hadn't known were hers. The life of the real Mary Campbell, taken by Delawares in 1759, is the basis for this enthralling, historically detailed adventure, and for the perceptive portrait of a young woman finding her place in a culture vastly different from her own.
