*How to Build Max-Performance Mitsubishi 4G63t Engines*-Robert Bowen 2008-12 The photos in this edition are black and white. Mitsubishi's 4G63t engine is among the most powerful engines ever in the sport-compact world. It's not uncommon to find one of these four-cylinder, iron-block, aluminum-headed, 2-liter turbocharged monsters making more than 1,000 horsepower with the right modifications and tuning - well above the 200-300 hp produced in the factory-made engines. Bolted into such cars as the Mitsubishi Lancer Evolution, Eclipse, and Galant, and the Eagle Talon and Plymouth Laser, the 4G63t has more than a cult following among sport-compact enthusiasts, who know and respect this engine's immense performance potential at the track or on the street. Up until now, in-depth performance information on the 4G63t has been hard to find. For this book, author Robert Bowen went straight to the source, Robert Garcia of Road/Race Engineering in Santa Fe Springs, California. RRE is the most well-known and respected Mitsubishi turbo performance shop in the United States, and Garcia is its in-house engine builder. Mitsubishi enthusiasts will benefit from Garcia's expertise and be able to build better, stronger engines than ever before. "How to Build Max-Performance Mitsubishi 4G63t Engines" covers every system and component of the engine, including the turbocharger system and engine management. More than just a collection of tips and tricks, this book includes a complete history of the engine and its evolution, an identification guide, and advice for choosing engine components and other parts. Profiles of successful built-up engines show the reader examples of what works, and the book includes helpful guidance for

Cindy Bentley-Bob Kann 2013-10-25 Cindy Bentley: Spirit of a Champion celebrates the life of one of Wisconsin's most inspirational leaders and activists. Born with an intellectual disability as the result of fetal alcohol syndrome, Cindy Bentley spent much of her childhood at the Southern Wisconsin Center for the Developmentally Disabled. No one expected her to learn the skills necessary to live on her own. To everyone's surprise, including her own, she did that and much more. With the encouragement of a teacher at Southern Center, Cindy realized she had a deep passion for sports, and the discipline to train and compete. She began participating in Special Olympics, and gained confidence as she worked with teammates to earn medals in tennis, track and field, and even snowshoeing. Chosen as a Global Messenger for the Special Olympics International in 2000, Cindy has had dinner at the White House with two different American presidents, traveled around the world, and given speeches in front of thousands of people. In these pages, young readers will learn what gives Cindy her champion spirit, and why she gave away some of her gold medals. Today, Cindy is still competing in Special Olympics. She also continues to advocate for people with disabilities, and helped to start People First, a statewide organization that encourages those with disabilities to speak up for their rights.
