Arabic as One Language-Mahmoud Al-Batal 2017-12-04 For decades, students learning the Arabic language have begun with Modern Standard Arabic (MSA) and then transitioned to learning spoken Arabic. While the MSA-first approach neither reflects the sociolinguistic reality of the language nor gives students the communicative skills required to fully function in Arabic, the field continues to debate the widespread adoption of this approach. Little research or evidence has been presented about the effectiveness of integrating dialect in the curriculum. With the recent publication of textbooks that integrate dialect in the Arabic curriculum, however, a more systematic analysis of such integration is clearly becoming necessary. In this seminal volume, Mahmoud Al-Batal gathers key scholars who have implemented integration to present data and research on the method's success. The studies address curricular models, students' outcomes, and attitudes of students and teachers using integration in their curricula. This volume is an essential resource for all teachers of Arabic language and those working in Teaching Arabic as a Foreign Language (TAFL).

The Seven Keys to Communicating in Mexico-Orlando R. Kelm 2020-02-03 How do you build successful professional connections with colleagues from Mexico? While most books focus simply on how to avoid common communication mistakes, this book leads its readers to an understanding of how to succeed and thrive within the three cultures, Mexico, the US, and Canada. Kelm, Hernandez-Pozas and Victor present a set of practical guidelines for communicating professionally with Mexicans, both in Mexico and abroad, providing many photographs as examples. The Seven Keys to Communicating in Mexico follows the model of presenting key cultural concepts used in the earlier books by Kelm and Victor on Brazil and (with Haru Yamada) on Japan. Olivia Hernandez-Pozas, Orlando Kelm, and David Victor, well-respected research professors and seasoned cross-cultural trainers for businesspeople, guide readers through Mexican culture using Victor's LESCANT Model (an acronym representing seven key cross-cultural communication areas: Language, Environment, Social Organization, Contexting, Authority, Nonverbal Behavior, and Time). Each chapter addresses one of these topics and demonstrates how to evaluate the differences among Mexican, US, and Canadian cultures. In the final chapter the authors bring all of these cultural interactions together with a sample case study about business interactions between Mexicans and North Americans. The case study includes additional observations from North American and Mexican business professionals who offer related suggestions and recommendations.

The Semitic Languages-Robert Hetzron 1997 The Semitic Languages presents a unique, comprehensive survey of individual languages or language clusters from their origins in antiquity to their present-day forms. The Semitic family occupies a position of great historical and linguistic significance: the spoken and written languages of the Phoenicians, Hebrews and Arabs spread throughout Asia and northern and central Africa; the Old Semitic civilizations in turn contributed significantly to European culture; and modern Hebrew, modern literary Arabic, Amharic, and Tigrinya have become their nations' official languages. The book is divided into three parts and each chapter presents a self-contained article, written by a recognized expert in the field. * I. General Issues: providing an introduction to the grammatical traditions, subgrouping and writing systems of this language family. * II. Old Semitic Languages * III. Modern Semitic Languages Parts II and III contain structured chapters, which enable the reader to access and compare information easily. These individual descriptions of each language or cluster include phonology, morphology, syntax, lexis and dialects. Integrated Korean-Young-mee Yu Cho 2020-07-26 Korean is the seventh most commonly spoken language in the United States, and Korean heritage students—those with some proficiency in or a cultural connection to the language through family or community—make up a substantial portion of Korean learners at the college level. Many schools offer a separate heritage track for learning Korean, but until now there has been no textbook designed specifically for heritage learners as well as the increasing number of students from diverse backgrounds who are interested in pursuing intensive learning to build on their prior experience with Korean. Integrated Korean: Accelerated 1 and 2 directly address the linguistic needs and abilities of heritage and accelerated learners in a single academic year. Volume 1 presents lessons on thematically organized subjects, starting with familiar topics such as family, friends, daily routines, schoolwork, campus activities, dining out, and shopping. Volume 2 advances to more formal subjects beyond family and friends, such as travel, transportation, housing, holidays, lifestyles, careers, and Korean history and culture. Students approach the lessons with multilevel communicative classroom activities and reading materials with standards-based exercises and projects that not only focus on the particular language requirements of heritage learners, but also encourage them to participate more fully in their own family and community life. Each volume's textbook and workbook offer authentic conversations and texts in both informal and formal contexts, structured tasks, and a wealth of interesting and relevant cultural content. Integrated Korean is a project of the Korean Language Education and Research Center (KLEAR) with the support of the Korea Foundation. In addition to the five-level Integrated Korean textbooks and workbooks, volumes include Korean Composition, Korean Language in Culture and Society, Korean Reader for Chinese Characters, Readings in Modern Korean Literature, A Resource for Korean Grammar Instruction, and Selected Readings in Korean. Audio files for Accelerated Korean may be downloaded in MP3 format at https://kleartextbook.com.
