for galactic dominance, intent on exterminating its rival clan, the self-same trophy hunters who have plagued Earth's history. And if the advanced technology and military precision of this new threat weren't enough, they have an even more terrifying weapon—a horde of Aliens under their malefic control. Earthmen must now side with the warriors who have relentlessly hunted them, but is the enemy of my enemy my friend or just another enemy waiting for its turn to strike? * One of the most popular science-fiction/action franchises, spawning countless films, games, comics, and toys over three decades. * Aliens vs. Predator: Three World War is the biggest action blowout yet, written by original AvP scribe Randy Stradley and illustrated by Rick Leonardi and Mark Pennington. * Collects issues #1-#6 of the miniseries. Predator Omnibus Volume 3-Various 2008-06-10 Death often hides in the dark, isolated corners of the earth—in thick woods, steaming swamps, or angry seas. These natural dangers of animal, weather, and terrain often give rise to legends and folk tales of demons, serpents, and ghosts to put an understandable face to the unknown. And while many myths have a basis in reality, some are reality, the reality of the presence of Predators: alien hunters as savage as they are intelligent, as cunning as they are merciless. And when rational men stand face to face with a sea serpent, a Gollywomp, or the New Jersey Devil bent on taking trophies, they have but two choices—fight the myth or become history! * Featuring work by top comics creators, including Eisner Award winners Evan Dorkin and Mark Schultz and legendary artist Gene Colan.

Predator Omnibus Volume 4-Various 2008-09-09 Across the centuries, humanity's capacity for violence has marked time as surely as the movement of the stars. And from those very stars have come an invisible participant in our history, the extraterrestrial Predator, who has used Mankind's own penchant for murder and mayhem as a shadow to cover its own bloody tracks, as a hunting blind from which to take down its human prey. But the Predator has not passed through the ages unnoticed, and despite the alien killer's strength, cunning, and advanced technology, there are few things more certain than how far men are willing to go when it's time for a little payback! Aliens Vs. Predator: The Original Comics Series (30th Anniversary Edition)-Randy Stradley 2020 Fourteen years before the Aliens and the Predators met on film, they collided in the pages of a comic book.
