All Shall Be Well-Deborah Crombie 2010-08-24 Perhaps it is a blessing when Jasmine Dent dies in her sleep. At long last an end has come to the suffering of a body horribly ravaged by disease. It may well have been suicide; she had certainly expressed her willingness to speed the inevitable. But small inconsistencies lead her neighbor, Superintendent Duncan Kincaid of Scotland Yard, to a startling conclusion: Jasmine Dent was murdered. But if not for mercy, why would someone destroy a life already so fragile and doomed? As Kincaid and his capable and appealing assistant Sergeant Gemma James sift through the dead woman's strange history, a troubling puzzle begins to take shape -- a bizarre amalgam of good and evil, of charity and crime . . . and of the blinding passions that can drive the human animal to perform cruel and inhuman acts.

"All Shall Be Well"-Gregory MacDonald 2011-01-01 All shall be well, and all shall be well, and all manner of thing shall be well. Lady Julian of Norwich Universalism runs like a slender thread through the history of Christian theology. It has always been a minority report and has often been regarded as heresy, but it has proven to be a surprisingly resilient idea. Over the centuries Christian universalism, in one form or another, has been reinvented time and time again. In this book an international team of scholars explore the diverse universalisms of Christian thinkers from the Origen to Moltmann. In the introduction Gregory MacDonald argues that theologies of universal salvation occupy a space between heresy and dogma. Therefore disagreements about whether all will be saved should not be thought of as debates between the orthodox and heretics but rather as in-house debates between Christians. The studies that follow aim, in the first instance, to hear, understand, and explain the eschatological claims of a range of Christians from the third to the twenty-first centuries. They also offer some constructive, critical engagement with those claims. Origen (Tom Greggs) Gregory of Nyssa (Steve Harmon) Julian of Norwich (Robert Sweetman) The Cambridge Platonists (Louise Hickman) James Reilly (Wayne K. Clymer) Elhanan Winchester (Robin Parry) Friedrich Schleiermacher (Murray Rae) Thomas Erskine (Don Horrocks) George MacDonald (Thomas Talbott) P. T. Forsyth (Jason Goroncy) Sergius Bulgakov (Paul Gavrilyuk) Karl Barth (Oliver Crisp) Jaques Ellul (Andrew Goddard) J. A. T. Robinson (Trevor Hart) Hans Urs von Balthasar (Edward T. Oakes, SJ) John Hick (Lindsay Hall) Jyrge Moltmann (Nik Ansell)

All Shall Be Well; And All Shall Be Well; And All Manner of Things Shall Be Well-Tod Wodicka 2008-01-29 Meet Burt Hecker: he's a mead-addicted medieval re-enactor from upstate New York who prefers oat gruel to French fries—because potatoes were unavailable in Europe before 1200 A.D.—and is mourning the death of his wife. After an incident involving the police and an illegally borrowed car, Burt is forced to join a local music therapy workshop to manage his anger. With this group, he travels to Germany for a music festival. His real goal, however, is to get to Prague, where his estranged son has been living. Armed with what he thinks is a historically accurate understanding of how to fix the past, Burt sets out on a journey that will change his future. From the Trade Paperback edition.

That All Shall Be Saved-David Bentley Hart 2019-09-24 A stunning reexamination of one of the essential tenets of Christian belief from one of the most provocative and admired writers on religion today The great fourth-century church father Basil of Caesarea once observed that, in his time, most Christians believed that hell was not everlasting, and that all would eventually attain salvation. But today, this view is no longer prevalent within Christian communities. In this momentous book, David Bentley Hart makes the case that nearly two millennia of dogmatic tradition have misled readers on the crucial matter of universal salvation. On the basis of the earliest Christian writings, theological tradition, scripture, and logic, Hart argues that if God is the good creator of all, he is the savior of all, without fail. And if he is not the savior of all, the Kingdom is only a dream, and creation something considerably worse than a nightmare. But it is not so. There is no such thing as eternal damnation; all will be saved. With great rhetorical power, wit, and emotional range, Hart offers a new perspective on one of Christianity's most important themes.

At the Foot of the Cross with Julian of Norwich-Emma Pennington 2020-06-19 'All shall be well, and all shall be well, and all manner of thing shall be well.' This quotation may be all that many people know of Julian of Norwich, an anchoress from the fourteenth century. This book seeks to bring to a popular readership a devotional engagement with Julian's work. The introduction gives a general background to Julian, the nature of visions in the 14th century and the type of text

Julian gives us, namely a meditative text which intends to lead the reader to 'beholding'. Each chapter centres on one aspect or image from Julian's Revelation, which seeks to make the events of the Passion present to the reader's imagination. The commentary incorporates reflection, the biblical narrative and Julian's subsequent teachings to create a meditation that enables the reader to linger on the wonder of the cross, ending with a prayer that leads to silence and a thought or verse to carry into daily life.

A Word Child-Iris Murdoch 2010-07-20 Guilt, secrets, and lies haunt two men whose lives are bound by a long-ago tragedy in this "riveting" novel by the author of *The Sea, The Sea* (Los Angeles Times). Twenty years ago, Hilary Burde's story was one of remarkable success and enviable courage. Having brought himself out of a troubled childhood with only his intellect and wit, he was one of the most promising scholars at Oxford, a student with a rare talent for linguistics and an unquenchable drive. Until the accident. Now, forty-one and a decidedly ordinary failure, Hilary finds his quietly angry routine shattered when his old professor reappears in his life—a man whose own demons are tied to Hilary's and the tragedy from years ago. As the two men begin to circle each other once again, digging up old wrongs and seeking forgiveness for long-buried ills, they find themselves on a path that will either grant them both redemption or destroy them both forever. Haunting and emotional, *A Word Child* is an intimate look at the madness of regret by the Man Booker Prize-winning author of *Under the Net* and *A Severed Head*.

As she flies across the ocean to Ireland to bury her eccentric Aunt Mary, she has no idea that her last link to the old world is about to lead her straight into an intriguing Irish murder mystery. Even so, as Morgan's plane settles into its cruising altitude, she is overcome with a feeling that her Aunt Mary is attempting to contact her with an important message. After Morgan deplanes, she receives a telegram that informs her that her aunt has already been buried. Perplexed by the strange unfolding of events, Morgan silently wonders who has taken care of the final details, since she is the last remaining relative in the family. As she begins a fruitless search to find her aunt's burial site and the family's ancestral home, Morgan is flooded with memories and voices of the dead who tell her she needs to mine old ways in order to claim her inheritance. Morgan must break the cipher, but not without the help of a teenager, a fourteenth-century English saint, and a handsome archeologist. In this compelling tale rich with history and culture, an American woman embarks on an Irish adventure in which she will learn more about her ancestors and herself than she ever could have imagined.

All Shall Be Well-Pirate of Paradise 2009-11 Illness, big and small, plays a role in every human life. How we respond to it—both the one who is ill and those who work to heal and support those who suffer—can define us and our character. In *All Shall Be Well*, the author uses stories from a medical practice and work as a teacher and healer to demonstrate the power of the human spirit. Derived from three decades of the author's personal experiences, this compilation of inspirational stories includes examples of parents, spouses, and children who found fortitude through faith, hope, and love. *All Shall Be Well* confirms one of the great truths of life—that in our attempts to heal and help others, we heal our own soul. Despite a distinct lack of cooperation from the local constabulary, Kincaid's keen sense of duty won't allow him to ignore the heinous crime, impelling him to send for his enthusiastic young assistant, Sergeant Gemma James. But the stakes are raised dramatically when a second murder occurs, and Kincaid and James find themselves in a determined hunt for a fiendish felon who enjoys homicide a bit too much.

The Evangelical Universalist-Gregory MacDonald 2012-11-15 Can an orthodox Christian, committed to the historic faith of the Church and the authority of the Bible, be a universalist? Is it possible to believe that salvation is found only by grace, through faith in Christ, and yet to maintain that in the end all people will be saved? Can one believe passionately in mission if one does not think that anyone will be lost forever? Could universalism be consistent with the teachings of the Bible? This book argues that the answer is 'yes' to all of these questions. Weaving together philosophical, theological and biblical considerations, the author shows that being a universalist is consistent with the central teachings of the Bible and of historic Christian theology.

The Wisdom of Crowds-James Surowiecki 2005-08-16 In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about our world.

Eichmann in Jerusalem-Hannah Arendt 2006-09-22 The controversial journalistic analysis of the mentality that fostered the Holocaust, from the author of *The Origins of Totalitarianism* Sparking a flurry of heated debate, Hannah Arendt's authoritative and stunning report on the trial of German Nazi leader Adolf Eichmann first appeared as a series of articles in *The New Yorker* in 1963. This revised edition includes material that came to light after the trial, as well as Arendt's postscript directly addressing the controversy that arose over her account. A major journalistic triumph by an intellectual of singular influence, *Eichmann in Jerusalem* is as shocking as it is informative—an unflinching look at one of the most unsettling (and unsettled) issues of the twentieth century.

A Deep, Abiding Love-Jennifer Lynn Christ 2017-11-15 Even people who know very little about the 14th-century anchoress Julian of Norwich have heard that famous quote. But what relevance can such certain confidence in God's goodness and love have for us who are faced daily with a divided, hurting world? Try Softer-Aundi Kolber 2020-01-07 In the wise and soulful tradition of teachers like Shauna Niequist and Brene Brown, therapist Aundi Kolber debuts with Try Softer, helping us align our mind, body, and soul to live the life God created for us. In a world that preaches a "try harder" gospel—just keep going, keep hustling, keep pretending we're all fine—we're left exhausted, overwhelmed, and so numb to our lives. If we're honest, we've been overfunctioning for so long, we can't even imagine another way. How else will things get done? How else will we survive? It doesn't have to be this way. Aundi Kolber believes that we don't have to white-knuckle our way through life. In her debut book, Try Softer, she'll show us how God specifically designed our bodies and minds to work together to process our stories and work through obstacles. Through the latest psychology, practical clinical exercises, and her own personal story, Aundi equips and empowers us to connect us to our truest self and truly live. This is the "try softer" life. In Try Softer, you'll learn how to: Know and set emotional and relational boundaries Make sense of the difficult experiences you've had Identify your attachment style—and how that affects your relationships today Move through emotions rather than get stuck by them Grow in self-compassion and talk back to your inner critic Trying softer is sacred work. And while it won't be perfect or easy, it will be worth it. Because this is what we were made for: a living, breathing, moving, feeling, connected, beautifully incarnational life.

Reimagining Death-Lucinda Herring 2019-01-08 More natural after-death care options are transforming the paradigm of the existing funeral industry, helping families and communities recover their instinctive capacity to care for a loved one after death and do so in creative, nourishing, and healing ways. In reclaiming these practices and creating new, innovative options, we are greening the gateway of death and returning home to ourselves, our bodies, and the earth. Lucinda Herring reminds us of the sacredness of death itself; her compelling stories, poetry, and guidance come from years of experience as a home funeral/green burial consultant and licensed funeral director dedicated to more natural and healing death practices. In Reimagining Death she shares with readers her experience caring for her own mother after death. Through storytelling and resources Herring also reveals to families the gifts of partnering with nature, home funeral vigils, sacred care at death, conscious dying (through the story of a Death with Dignity with accompanying photos of one man's planned death and after-death care), bringing laughter and a greater lightness of being to death, natural burials, and emerging eco-conscious dispositions. A valuable resource in planning for all deaths in all circumstances (with a chapter on what to do when a death occurs outside of the home), this book also guides readers on how to create an advance after-death care directive.
