The Great Diversity Debate-Kent Koppelman 2015-04-24 “Will American’s growing diversity undermine democracy, or is it instead a cornerstone of democracy? The Great Diversity Debate is essential reading for anyone who has thought about this question. Koppelman gives us a fascinating, detailed, and evenhanded account of the long historical roots of contemporary controversies surrounding flashpoint issues like affirmative action, multicultural education, and globalization. This well-researched and optimistic book will make you think about, and maybe even re-think, such issues.”

—Christine Sleeter, Professor Emerita, California State University Monterey Bay and President, National Association for Multicultural Education Based on research from multiple disciplines, The Great Diversity Debate describes the presence and growth of diversity in the United States from its earliest years to the present. The author describes the evolution of the concept of pluralism from a philosophical term to a concept used in many disciplines and with global significance. Rather than assuming that diversity is a benefit, Koppelman investigates the ways in which diversity is actually experienced and debated across critical sectors of social experience, including immigration, affirmative action, education, and national identity, among others. Koppelman takes the sometimes complicated arguments for and against diversity in

school and in society and lays out the benefits with great clarity and simplicity making this book accessible to a large audience. Book Features: A broad view of diversity in the United States based on research from philosophy, psychology, sociology, political science, economics, and more. Cogent arguments from both advocates and critics concerning whether pluralism represents an appropriate response to diversity in a democratic society. An overview of multicultural education, including its origins and its current emphasis on strategies such as culturally responsive teaching. Contents: The Diversity Debate The Growth of Diversity and Pluralism: The Impact of Immigration Pluralism and Democracy: Complementary or Contradictory? Diversity and Discrimination: The Argument over Affirmative Action The Struggle for Identity: What Does It Mean to Be an American? Multicultural Education in K-12 Schools: Preparing Children and Youth to Function Effectively in a Diverse, Democratic Society Globalization, Diversity, and Pluralism: Finding the Common Ground Kent Koppelman is professor emeritus of teacher education at the University of Wisconsin-La Crosse. The Allyn & Bacon Teaching Assistant's Handbook-Stephen Wilhoit 2003 The Allyn & Bacon Teaching Assistant's Handbook: A Guide for Graduate Instructors of Writing and Literature is designed to help new and experienced graduate teaching assistants become more effective teachers, scholars, and members of the profession. The Allyn & Bacon Teaching Assistant's Handbook recognizes the unique needs of graduate teaching assistants working in English departments and writing programs. As both graduate students and teachers, many TAs lead a divided life: learning how to balance the demands they face and fill the various roles they play can be difficult if not overwhelming. First-time TAs face the particularly difficult task of learning how to teach while at the same time learning how to succeed as graduate students. Experienced TAs often face the problem of learning how to identify and assume their roles in the profession. The Allyn & Bacon Teaching Assistant's Handbook is written with both new and experienced TAs in mind. It addresses the concerns new TAs face and offers advice and guidance on the basics of teaching for the first time, while other advice including the material on professional development, gaining administrative experience and preparing for the job market will help

more experienced TAs. The Handbook offers practical, time-tested advice that TAs can apply directly to their own classes and lives.

Everyday Antiracism-Mica Pollock 2008-06-30 Which acts by educators are "racist" and which are "antiracist"? How can an educator constructively discuss complex issues of race with students and colleagues? In *Everyday Antiracism* leading educators deal with the most challenging questions about race in school, offering invaluable and effective advice. Contributors including Beverly Daniel Tatum, Sonia Nieto, and Pedro Noguera describe concrete ways to analyze classroom interactions that may or may not be "racial," deal with racial inequality and "diversity," and teach to high standards across racial lines. Topics range from using racial incidents as teachable moments and responding to the "n-word" to valuing students' home worlds, dealing daily with achievement gaps, and helping parents fight ethnic and racial misconceptions about their children. Questions following each essay prompt readers to examine and discuss everyday issues of race and opportunity in their own classrooms and schools.
