Operation Dark Heart-Anthony Shaffer 2010-09-24 On Friday, August 13, 2010, just as St. Martin's Press was readying its initial shipment of this book, the Department of Defense contacted us to express its concern that our publication of Operation Dark Heart could cause damage to U.S. national security. After consulting with our author, we agreed to incorporate some of the government's changes into a revised edition of his book while redacting other text he was told was classified. The newly revised book keeps our national interests secure, but this highly qualified warrior's story is still intact. Shaffer's assessment of successes and failures in Afghanistan remains dramatic, shocking, and crucial reading for anyone concerned about the outcome of the war. "While I do not agree with the edits in many ways, the DoD redactions enhance the reader's understanding by drawing attention to the flawed results created by a disorganized and heavy handed military intelligence bureaucracy." —Lt. Col. Anthony Shaffer Lieutenant Colonel Anthony Shaffer had run intelligence operations for years before he arrived in Afghanistan. He was part of the "dark side of the force"—the shadowy elements of the U.S. government that function outside the bounds of the normal system. His group called themselves the Jedi Knights and pledged to use the dark arts of espionage to protect the country from its enemies. Shaffer's mission to Afghanistan, however, was unlike any he had ever experienced before. There, he led a black-ops team on the forefront of the military efforts to block the Taliban's resurgence. They not only planned complex intelligence operations to beat back the insurgents, but also played a key role in executing those operations—outside the wire. They succeeded in striking at the core of the Taliban and their safe havens across the border in Pakistan. For a moment Shaffer saw us winning the war. Then the military brass got involved. The policies that top officials relied on were hopelessly flawed. Shaffer and his team were forced to sit and watch as the insurgency grew—just across the border in Pakistan. This wasn't the first time he had seen bureaucracy stand in the way of national security. He had participated in Able Danger, the aborted intelligence operation that identified many of the future 9/11 terrorists but failed to pursue them. His attempt to reveal the truth to the 9/11 Commission would not go over well with his higher-ups. Operation Dark Heart tells the story of what really went on—and what went wrong—in Afghanistan. Shaffer witnessed firsthand the tipping point, when what seemed like certain victory turned into failure. Now, in this book, he maps out a way that could put us on the path to winning the war.

Representing Yourself in Federal Court-United States District Court 2017-08-04 This Handbook is designed to help people dealing with civil lawsuits in federal court without legal representation. Proceeding without a lawyer is called proceeding "pro se1," a Latin phrase meaning "for oneself," or sometimes "in propria persona," meaning "in his or her own person." Representing yourself in a lawsuit can be complicated, time consuming, and costly. Failing to follow court procedures can mean losing your case. For these reasons, you are urged to work with a lawyer if possible. Chapter 2 gives suggestions on finding a lawyer. Do not rely entirely on this Handbook. This Handbook provides a summary of civil lawsuit procedures, but it may not cover all procedures that may apply in your case. It also does not teach you about the laws that will control your case. Make sure you read the applicable federal and local court rules and do your own research at a law library or online to understand your case. The United States District Court for the Northern District of California has Clerk's Offices in the San Francisco, San Jose and Oakland courthouses. Clerk's Office staff can answer general questions, but they cannot give you any legal advice. For example, they cannot help you decide what to do in your lawsuit, tell you what the law means, or even advise you when documents are due. There are Legal Help Centers in the San Francisco, Oakland and San Jose courthouses where you can get free help with your lawsuit from an attorney who can help you prepare documents and give limited legal advice. This attorney will not be your lawyer and you will still be representing yourself. See Chapter 2 for more details.
