U.S. History-P. Scott Corbett 2017-12-19 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Glencoe World History-Spielvogel 2008

Hands-On History: American History Activities-Garth Sundem 2005-05-13 Making learning fun and interactive is a surefire way to excite your social studies students. This book includes game-formatted activities for major historical topics. While the goal of these activities is to create excitement and to spark interest in further study, they are also standards based and include grading rubrics and ideas for assessment. Encouraging teamwork, creativity, intelligent reflection, and decision making, the games of Hands-on History Activities will help you take an active approach to teaching while inspiring your students to make their own explorations of history.

Hands-on History: American History Activities-Sundem, Garth 2017-03-01 Making learning fun and interactive builds excitement for your social studies students. This book includes game-formatted activities for the study of important events in American history such as Colonial America, The American Revolution, American Indian Experience, The Civil War, the Oregon Trail, Immigration, and the Civil Rights Movement. These hands-on activities are aligned to state and national standards and supports college and career readiness skills. The hands-on lessons foster engagement, teamwork, creativity, and critical thinking. In addition to history-based lessons, this resource includes grading rubrics and ideas for assessment. The games in Hands-on History Activities will help you take an active approach to teaching while inspiring your students to make their own explorations of history.

The Americans-Gerald A. Danzer 2003-12-04

Lies My Teacher Told Me-James W. Loewen 2008 Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history.

A People's History of the United States-Howard Zinn 1996 In this Second Edition of this radical social history of America from Columbus to the present, Howard Zinn includes substantial coverage of the Carter, Reagan and Bush years and an Afterword on the Clinton presidency. Its commitment and vigorous style mean it will be compelling reading for under-graduate and post-graduate students and scholars in American social history and American studies, as well as the general reader.

The American Yawp-Joseph L. Locke 2019-01-22 "I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Activity Book for African American History, a Journey of Liberation-Molefi Kete Asante 1996

Hoosiers and the American Story-Madison, James H. 2014-10-01 A supplemental textbook for middle and high school students, Hoosiers and the American Story provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America's westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana's stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

Sports in American History, 2E-Gems, Gerald 2017-02-27 Sports in American History: From Colonization to Globalization, Second Edition, journeys from the early American past to the present to give students a compelling grasp of the evolution of American sporting practices.

Teaching Economics in American History-George Glenn Dawson 1973

Everything You Need to Ace Math in One Big Fat Notebook-Workman Publishing 2018-02-06 It's the revolutionary math study guide just for middle school students from the brains behind Brain Quest. Everything You Need to Ace Math . . . covers everything to get a student over any math hump: fractions, decimals, and how to multiply and divide them; ratios, proportions, and percentages; geometry; statistics and probability; expressions and equations; and the coordinate plane and functions. The BIG FAT NOTEBOOK™ series is built on a simple and irresistible conceit—borrowing the notes from the smartest kid in class. There are five books in all, and each is the only book you need for each main subject taught in middle school: Math, Science, American History, English Language Arts, and World History. Inside the reader will find every subject's key concepts, easily digested and summarized: Critical ideas highlighted in neon colors. Definitions explained. Doodles that illuminate tricky concepts in marker. Mnemonics for memorable shortcuts. And quizzes to recap it all. The BIG FAT NOTEBOOKS meet Common Core State Standards, Next Generation Science Standards, and state history standards, and are vetted by National and State Teacher of the Year Award-winning teachers. They make learning fun and are the perfect next step for every kid who grew up on Brain Quest.

American Odyssey-Gary B. Nash 2002 A history of the United States in the twentieth century, featuring sociological and cultural events, as well as strictly historical, and using many pertinent literary excerpts. An American Dilemma-Gunnar Myrdal 2017-11-13 In this landmark effort to understand African American people in the New World, Gunnar Myrdal provides deep insight into the contradictions of American democracy as well as a study of a people within a people. The title of the book, 'An American Dilemma', refers to the moral contradiction of a nation torn between allegiance to its highest ideals and awareness of the base realities of racial discrimination. The touchstone of this classic is the jarring discrepancy between the American creed of respect for the inalienable rights to freedom, justice, and opportunity for all and the pervasive violations of the dignity of blacks. The appendices are a gold mine of information, theory, and methodology. Indeed, two of the appendices were issued as a separate work given their importance for systematic theory in social research. The new introduction by Sissela Bok offers a remarkably intimate yet rigorously objective appraisal of Myrdal—a social scientist who wanted to see himself as an analytic intellectual, yet had an unbending desire to bring about change. 'An American Dilemma' is testimonial to the man as well as the ideas he espoused. When it first appeared 'An American Dilemma' was called "the most penetrating and important book on contemporary American civilization" by Robert S. Lynd; "One of the best political commentaries on American life that has ever been written" in The American Political Science Review; and a book with "a novelty and a courage seldom found in American discussions either of our total society or of the part which the Negro plays in it" in 'The American Sociological Review'. It is a foundation work for all those concerned with the history and current status of race relations in the United States.

Language Power: Grades 3-5 Level B Teacher's Guide-Christine Dugan 2012-10-30

Transparency Directory for American History Visual Resources & Art in American History- 2003 Reduced reproductions of transparencies and student worksheets from American history visual resources and from Art in American history.

Fabric of a Nation-Jason Stacy 2020-01-28 In 2014, College Board rolled out a new AP® U.S. History course, which centered less on memorizing content and more on developing skills. Since then, the course has been modified here and there, but very little has changed in AP® textbooks—content is still king. Until now. Fabric of a Nation is the first book to truly embrace this dramatic shift in the AP® course and in how history is taught. Built from the ground up by long-time AP® leaders Jason Stacy and Matthew Ellington, this book offers a new approach to AP® US History by seamlessly integrating: A brief historical narrative AP® skills practice Primary source documents Exact alignment to the AP® course Now, that's revolutionary!

The Significance of the Frontier in American History-Frederick Jackson Turner 2008-08-07 This hugely influential work marked a turning point in US history and culture, arguing that the nation's expansion into the Great West was directly linked to its unique spirit: a rugged individualism forged at the juncture between civilization and wilderness, which – for better or worse – lies at the heart of American identity today. Throughout history, some books have changed the world. They have transformed the way we see ourselves – and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives – and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

Ruth and the Green Book-Calvin Alexander Ramsey 2013-11-01 Ruth was so excited to take a trip in her family's new car! In the early 1950s, few African Americans could afford to buy cars, so this would be an adventure. But she soon found out that black travelers weren't treated very well in some towns. Many hotels and gas stations refused service to black people. Daddy was upset about something called Jim Crow laws . . . Finally, a friendly attendant at a gas station showed Ruth's family The Green Book. It listed all of the places that would welcome black travelers. With this guidebook—and the kindness of strangers—Ruth could finally make a safe journey from Chicago to her grandma's house in Alabama. Ruth's story is fiction, but The Green Book and its role in helping a generation of African American travelers avoid some of the indignities of Jim Crow are historical fact.

A Century of Dishonor-Helen Hunt Jackson 1917

American Vision, Unit 5 Resources-McGraw-Hill Staff 2002-04-01

IV. Of the Present Ability of America, with some Miscellaneous Reflections

Discovering Our Past-Joyce Appleby 2018

American History 2018-

Schooltalk-Mica Pollock 2017-02-07 Words matter. Every day in schools, language is used—whether in the classroom, in a student-teacher meeting, or by principals, guidance counselors, or other school professionals—implying, intentionally or not, that some subset of students have little potential. As a result, countless students “underachieve,” others become disengaged, and, ultimately, we all lose. Mica Pollock, editor of Everyday Antiracism—the progressive teacher's must-have resource—now turns to what it takes for those working in schools to match their speech to their values, giving all students an equal opportunity to thrive. By juxtaposing common scenarios with useful exercises, concrete actions, and resources, Schooltalk describes how the devil is in the oft-dismissed details: the tossed-off remark to a student or parent about the community in which she lives; the way groups—based on race, ability, and income—are discussed in faculty meetings about test scores and data; the assumptions and communication breakdowns between counselors, teachers, and other staff that cause kids to fall needlessly through the cracks; or the deflating comment to a young person about her college or career prospects. Schooltalk will empower educators of every ilk, revealing to them an incredibly effective tool at their disposal to support the success of all students every day: their words.

America-David E. Shi 2015-02-01 An essential narrative of American history, with a focus on core learning objectives in the text and online.
