Boy Scouts Handbook The First Edition 1911-Boy Scouts Boy Scouts of America 2017-06-21 Original Boy Scout Handbook is the official handbook of the Boy Scouts of America. It is a descendant of Baden-Powell's original handbook, Scouting for Boys, which has been the basis for Scout handbooks in many countries, with some variations to the text of the book depending on each country's codes and customs. The original edition of the handbook was based on Baden-Powell's work. Ernest Thompson Seton combined his Woodcraft manual, the Birch Bark Rolls, with Baden-Powell's Scouting for Boys. Subsequent works were done by other authors. William "Green Bar Bill" Hillcourt wrote the 6th, 7th, and 9th editions. Frederick L. Hines wrote the 8th, and Robert Birkby the 10th, 11th and 12th editions. The first Official Handbook, subtitled A Handbook of Woodcraft, Scouting, and Life-craft was published from July 1910 until March 1911 and appeared in eight distinct variations. It was written by Ernest Seton and drew greatly on Baden-Powell's Scouting for Boys, it included information on the organization of Scouting, signs and signaling, and camping, as well as Scouting games and a description of several Scouting honours. Notably, this book did not place emphasis on first aid, knife and axe use, or map and compass work, as later editions would. Because this edition was intended solely as a temporary guide until an authoritative handbook could be made, it is now known as the 1910 Original Edition Handbook.
