You Must Know This-Andrew Miller 2016-02-14 Words about injustice, revolution, dreams, and love. Boris Pasternak wrote that we must remain alive, loving and creating and dreaming, while we continue our struggle for a just and equitable society. The private life is not dead, it breathes through the lips of those moments between - between work, between activism, between incarceration, between birth and death. You Must Know This began its life as a private collection of poems titled "Gail You Must Know This" shared between the author-photographer and his wife. With the inclusion of several more politically aware pieces, this expanded collection aims to capture both the bookends and the betweens of our lives. As Leon Trotsky once wrote, "Generally speaking, art is an expression of man's need for an harmonious and complete life, that is to say, his need for those major benefits of which a society of classes has deprived him. That is why a protest against reality, either conscious or unconscious, active or passive, optimistic or pessimistic, always forms part of a really creative piece of work. "Every new tendency in art has begun with rebellion."

Notting Hell-Rachel Johnson 2007-04-03 EVERY CITY HAS A NOTTING HELL. . . . "A spot of extramarital nookie with a close neighbor is one thing. We're all grown-ups here. But selling a rare-to-the-market mid-Victorian house -- not merely a house but our children's ancestral family home -- on a communal garden, the sort of house that a banker would trample over his own grandmother to spend his bonus on -- is another thing entirely. It's wrong." Meet Mimi. Mimi may "have it all" -- the house, the children, the part-time vanity job, the skinny jeans, the feng shui guru -- but life chez Fleming is not as cushy as she'd like (husband Ralph prefers the trout stream to the fast lane). And when Mimi meets Si, the new billionaire on the block, at a sushi party, she soon faces a choice of keeping up or keeping it real. Then there's her best friend Clare, neat-freak garden designer, deep in biopanic about her childlessness with eco-architect husband, Gideon. Clare monitors all illicit activity in the private West London compound, from light adultery to heavy construction, and she is watching Mimi. . . . Notting Hell is a wickedly funny and oh-so-recognizable comedy of manners, filleting life on a communal garden in London. So take your irreplaceable numbered key and enter Lonsdale Gardens, the world of wealthy one-upmanship, where the old-fashioned laws of love still rule among the stainless steel kitchen appliances, cashmere throws, and compassionately produced cups of latte. INCLUDES "Notting Hill for Beginners," a witty guide to the must-haves and must knows of Notting Hill
Memoirs of a Time Traveler-Doug Molitor 2017-12-17 "You couldn't ask for a finer guide to the future -- or the past -- than Doug Molitor." -- Larry Gelbart (A Funny Thing Happened on the Way to the Forum, M*A*S*H, Tootsie) In this fast-paced, thrilling journey through time, archaeologist David Preston comes into possession of a baseball supposedly signed by the legendary Ty Cobb in 1908, thanks to Ariyl Moro and her mysterious companion, Jon Ludlo. Except the ball tests out to be an impossible paradox. It was signed with a ballpoint pen (not invented until 1938) using ink that's several centuries older. But then, Ariyl and Ludlo aren't who they claim to be either. Ariyl, a voluptuous 6-foot-3 beauty, turns out to be a tourist from a 22nd century paradise where time travel is the latest craze. Unbeknownst to her, however, her traveling companion, Ludlo, is a psychopath whose thefts are starting to alter history. In a world where even small changes in the timeline can cause catastrophic consequences, Ludlo's actions may completely destroy the future. To stop Ludlo, David and Ariyl must solve a mystery involving Bronze Age swordsmen, modern-day Nazis, a steampunk world, Albert Einstein, some highly skeptical Founding Fathers, and a Golden Age Hollywood where the murder of a beloved movie star will spell doom for civilization.

Kerik 2015-03-31 The controversial New York City police commissioner and New York Times bestselling author of *The Lost Son* shares the story of his fall from grace and the effects of his incarceration on his views of the American justice system. Bernard Kerik was New York City's police commissioner during the 9/11 attacks, and became an American hero as he led the NYPD through rescue and recovery efforts of the World Trade Center. His résumé as a public servant is long and storied, and includes receiving a Medal of Honor. In 2004, Kerik was nominated by George W. Bush to head the Department of Homeland Security. Now, he is a former Federal Prison Inmate known as #84888-054. Convicted of tax fraud and false statements in 2007, Kerik was sentenced to four years in federal prison. Now, for the first time, he talks candidly about what it was like on the inside: the torture of solitary confinement, the abuse of power, the mental and physical torment of being locked up in a cage, the powerlessness. With newfound perspective, Kerik makes a plea for change and illuminates why our punishment system doesn't always fit the crime. In this extraordinary memoir, Kerik reveals his unprecedented view of the American penal system from both sides: as the jailer and the jailed. With astonishing candor, bravery, and insider's intelligence, Bernard Kerik shares his fall from grace to incarceration, and turns it into a genuine and uniquely insightful argument for criminal justice reform.

Knowledge Of The Holy-Drawing Close To God By Knowing His Attributes-A.W Tozer 2017-09-09 True religion confronts earth with heaven and brings eternity to bear upon time. The messenger of Christ, though he speaks from God, must also, as the Quakers used to say, "speak to the condition" of his hearers; otherwise he will speak a language known only to himself. His message must be not only timeless but timely. He must speak to his own generation. The message of this book does not grow out of these times but it is appropriate to them. It is called forth by a condition which has existed in the Church for some years and is steadily growing worse. I refer to the loss of the concept of majesty from the popular religious mind. The Church has surrendered her once lofty concept of God and has substituted for it one so low, so ignoble, as to be utterly unworthy of thinking, worshipping men. This she has done not deliberately, but little by little and without her knowledge; and her very unawareness only makes her situation all the more tragic.

The Future of Social Psychology-Cookie Stephan 2012-12-06 Cookie White Stephan and Walter G. Stephan This is a book about the two social psychologies-psychological social psychology and sociological social psychology--written by social psychologists from both disciplines. It focuses on the benefits and costs of interchange between psychological social psychology and sociological social psychology, with the ultimate goal of encouraging interaction among scholars in the two disciplines. The primary questions addressed are: What do the two disciplines have to offer each other? What are the barriers to fruitful interchange? How can these barriers be overcome? In this introductory chapter we will first examine some historical reasons for the lack of interchange between the two social psychologies. Then we will provide a brief preview of the chapters to follow. The Development of the Two Social Psychologies The beginning of concern with the "social animal" can be traced to the ancient Greeks. However, social psychology's formal beginning is usually dated from Norman Triplett's 1897 publication of his findings on the effects of competition or from the publication in 1908 of two books including the words "Social Psychology" in their titles, one by the psychologist William McDougall and the other by the sociologist Edward Alsworth Ross. Thus, from its inception, social psychology was already divided into two distinct academic units, housed in the disciplines of sociology and psychology.
Is Bill Cosby Right?-Michael Eric Dyson 2008-07-31 Michael Eric Dyson took America by storm with this provocative expose of the class and generational divide that is tearing black America apart. Nothing exposed the class and generational divide in black America more starkly than Bill Cosby's now-infamous assault on the black poor when he received an NAACP award in the spring of 2004. The comedian-cum-social critic lamented the lack of parenting, poor academic performance, sexual promiscuity, and criminal behavior among what he called the "knuckleheads" of the African-American community. Even more surprising than his comments, however, was the fact that his audience laughed and applauded. Best-selling writer, preacher, and scholar Michael Eric Dyson uses the Cosby brouhaha as a window on a growing cultural divide within the African-American community. According to Dyson, the "Afristocracy"—lawyers, physicians, intellectuals, bankers, civil rights leaders, entertainers, and other professionals—looks with disdain upon the black poor who make up the "Ghettocracy"—single mothers on welfare, the married, single, and working poor, the incarcerated, and a battalion of impoverished children. Dyson explains why the black middle class has joined mainstream America to blame the poor for their troubles, rather than tackling the systemic injustices that shape their lives. He exposes the flawed logic of Cosby's diatribe and offers a principled defense of the wrongly maligned black citizens at the bottom of the social totem pole. Displaying the critical prowess that has made him the nation's preeminent spokesman for the hip-hop generation, Dyson challenges us all—black and white—to confront the social problems that the civil rights movement failed to solve.
