Cadence Deception 2 Dh Sidebottom

Facade-Ker Dukey 2014-10-14 WARNING! This book is Dark erotica. This book contains situations that some may find offensive. If you are sensitive to graphic violence read with caution. This book also leads into a second book. You will get answers but the story will continue into a final instalment. You have been warned. Enjoy. You meet someone. You date. You fall in love. You marry. The four simple rules of love.... Wrong! I'm getting married but I'd never met him before now, never dated him, never fell in love. I have no access to the memories of the most magical time of anyone's life. My mind won't allow me to evoke the past, I can't remember those simple stages to lead me to the fourth . I can't comprehend why I would have ever wanted to marry someone like Dante. I should never have passed the first stage, although, I may have seen him through the eyes of the woman I once was, this me that lives, breathes here now, can't understand how we made it to the next stage. I'm not sure, without memories, how I know that this voice inside me, telling me I would never have chosen him, speaks some truth, I just know. He's controlling, arrogant, callous and violent, and utterly hell bent on humiliating and degrading me . Like watching me falter, watching me struggle to comply and be the woman he asked to marry, powes him- as though he wants to break me piece by piece. Fiber by fiber. Until all that's here is the shell he created from a soul that I once owned. Now my memories are slowly returning. And they show me a completely different side to meeting him. Our dates, falling in love. The Dante haunting me in the shadows of my mind is loving, gentle and utterly enamored with me, nothing like the man with me now. And this is what taunts me. My tender love turned into a debauched, cruel sadist who is determined to consume my life, destroy my mind and murder my spirit. I am, Star, and just like with some stars in the sky, the light you see is an echo, a façade, I am already gone I am no one. Especially to him. To him I am the dark in his desires, the corrupt in his depravity. The sin in his immorality

I See You-D. H. Sidebottom 2015-07-12 This is a DARK novel, 18 only. Standalone title. I watch you, I see you in ways no one else can, and through my lens I create a life of you for someone to dissect. I capture you in your vulnerability; that smile, your laugh, those tears. I document you and sell your secrets. When I watch you through my lens you're mine until I pass you to the buyer. I, like most people, have a fetish for pretty things and in my job I get to be around a lot of pretty things. They pay me to watch them and capture them in a frame for many purposes, and sometimes I like my profession a little more than I should. I took a job to capture her... I wanted to capture and keep her in more than just the image. This time I will take myself away from the lens and become the client because I cannot resist her, she reminds me too much of my first, I need to have her. Traumatised from a vicious attack, Nina Drake finds herself shut off from the world until her neighbour brings her out of more than just her nightmares. Even after moving and changing her name, she still can't shake the feeling of being watched. The memories are so close. And so is the shadow of the creator of them all

Caged-D. H. Sidebottom 2016-05-12 Judd Asher was taken from his front garden when he was just four years old. After an extensive search he was never found. Twenty-one years after a random call out, Judd is found chained and beaten in the basement of an old rundown farmhouse where he has lived the life of an animal for the last twenty-one years. Kloe Grant is assigned as Judd's personal therapist. It's her job to rehabilitate him, to guide him back to normal life. But as Judd's only emotion is rage, Kloe finds it both heart-breaking and challenging mending a soul that's not only broken but caged inside him by the demons of his past. However, when Kloe's relationship with her patient raises some eyebrows, Kloe can't fight against the powers that want to see her fail, and with an arm behind her back, she walks away, leaving behind a man who has come to live life again for her. Four years later Judd, now known as Anderson Cain, the darkest and most formidable cage fighter in a world where violence and crime are the only way to keep breathing, Judd finds there's not a lot in life that can abate the rage that still twists and grows beneath his skin. Not until a chance encounter brings him to her door. To the woman with the bluest eyes and the most stunning smile, the woman who took his hand in the darkness and led him through the door into the sun. But Kloe Grant left him when he needed her the most. She took the only shred of hope and trust he had left and annihilated it. She starved his belief, and she fed his fury. She owes him. And he's going to make sure that this time, she pays. In blood. In lust. In pain. And with her soul.

Night Fires-D. Sidebottom 2016-01-17 I would watch him walk the ocean. He would build fires and sit, all night waiting. For her. For his dead wife. She never came. I never expected her to. But he did. And he never let go. Even when I fell in love with him he never let go. Until the night of the storm. The night my worst nightmares came to life. And I lost everything to her when she finally returned. For us both.

The Decimation of Mae-D. Sidebottom 2014-07-07 The Devil visited me three times in my life; albeit, my short life. Not in the physical sense, you must understand, but I very much literally. He was persistent, resolute and tenacious. His ruthless greed to annihilate me was utterly disturbing. I am sure if he had hierarchy, the man at the top would have dragged his arse into Hell's prison for his unscrupulous methods.I was just fifteen when I first became aware of what he was capable of. This initial taste of him set the playing field for how my life was to be lived - for want of a better word.He mocked me, showed me mercilessly how he played the game and how he liked to cheat at said game. He ridiculed and taunted me until, six months later, he won and took something of so much importance from me that I would never be the same again.His second visit was, in my eyes, so much more cruel and heartless. I know we're talking about the Devil here, and yes, you have a right to say he had no heart but even then, even when I was so utterly broken, I begged to differ and hoped - no, prayed - that somewhere deep in the caverns of his black, tortured soul there was something that beat and confused his emotions once in a while.The third visit was somewhat different than the other two. He tried, and at first succeeded to bring me to my knees once and for all, but then something happened. God finally intervened and altered Satan's intention; he sent hope and morphed the Devil's minion into an Angel, hoping to break and shatter the anguish and suffering. He gave the ability for me to feel pleasure in pain, order in the chaos and light in the darkness.But in giving me a reprieve, he also gave me something that would finally and ultimately obliterate me. He gave me the capability to love, therefore giving me the ability to be destroyed.And Satan made sure that I was destroyed. Cruelly, viciously and sadistically I am Mae Swift, and this is the story of my decimation**WARNING**This story doesn't contain hearts and flowers, it doesn't even contain the word 'love'. It isn't for the fainthearted, nor those who want romance and happy ever afters.It's dark, in fact it goes beyond the dark realms of misery and despair. It makes your heart suffer, it will beat you down and it will still demand more from you.Yet it is still a story of hope and courage. Friendships develop and understanding digs deep, whilst acceptance and surrender give way to reverence and sacrifice.It contains disturbing scenes of sexual violence, cruelty and torture. It also includes self-harm, pain addiction and brutalisation. Please bear this in mind before purchasing this book. Thank you.

Finding Rhannon-Ker Dukey 2018-02-09 When you live your life for Brotherhood, the betrayal of your flesh and blood brother is even more devastating. While the fate of the Lilith's Army princesses relies on that of a traitor, emotions are triggered, and secrets kept locked away spill free, adding fuel to an already raging fire. No one is safe with enemies hiding in every dark corner, waiting to pounce. Who will survive the chaos as everything comes to a head? Leaving a trail of broken hearts, blood, and carnage its wake.

Blood Truths-D. Sidebottom 2014-05-06 To live is to suffer; to survive is to find some meaning in the suffering. Friedrich NietzscheFRANKIEThe bitterness is consuming. Its intensity slashes and claws at my insides, its hatred wrenching my soul as it curls and nurtures my need for revenge.His torture only feeds my vice. I won't let him break me, only strengthen me.The pain he gives is welcomed, its rawness fuelling the loathing inside with each of his thrashes and tears on my pale skin, with every harsh truth he breathes in my ear and with each of his crippling holds.I have waited too long for this and I'll never let the bastard win. He will have to end me before I give in. But now he has a weapon against me. Something I swore throughout my life I would never let in:Love.Tate.TATEHer strength astounds me. He doesn't seem to break her.His relentless persecution and determination to bury her under his furious reign and brutality eats at my soul. It has found that dark place inside me, the pit of hell I had locked and secured away, and enriched it, demanded its flourish and ripened its ferocity. The family wrath.She'll never give in, and I pray every night as I guide her through the darkness that tomorrow will bring the light to her soul before it is consumed, finally, by the plague of him:Evil.Jude.JUDEShe blossoms under my torture, the soft suppleness of her skin ripping and tearing as though her soul is trying to break free from the agony.I'll allow it, because I can. Because I need her soul. I crave the sustenance it feeds my rage with, my thirst for cruelty quenched by the sounds of her desolate screams and my hunger for blood, nourished by the slow drip of her life force at my feet.She thinks I won't break her, so does he. They underestimate the blood that slithers through my veins. It's sustained by pain and suffering. It's the blood that tenures those around me. The Bloodthirsty.The Shadows of Sin.

Chained-D. Sidebottom 2017-01-13 The Conclusion to Caged.I had once thought that when I found the light I had been searching for in that long, dark tunnel that it would finally give me the gift I had been holding on for.I had scoured the joyless night sky for peace, a peace that only the brightness of the stars could grant.And I had endeavoured to catch that single magic snowflake in the middle of a howling snowstorm.I had been looking. Forever.But little did I know that it WAS the sinister darkness in the tunnel that was the gift. It WAS the black reservoir of the deepest, darkest night that would be the very thing to give my chaotic soul peace. And it WAS the heaving rush of the bleakest blizzard that was filled with magic.Anderson Cain WAS the darkness.He WAS the black peace in my soul.And within the raging pool of his wild green eyes WAS the magic.The magic that saw me. The real me.He made sure I saw me too. All of me. He'd told me he would make me accept who I really was.I was Kloe Grant. And now - now I am the epitome of what he wanted me to be.But when I finally let go, and I allowed that darkness to find me, neither of us was prepared for who I really was.Death itself.

Scars are permanent; I will never feel the relief from them. Will I learn to live with them, remember why I have them and learn never to let them close enough to inflict more? Will I eventually cover them... like tattoos coating them with new memories, new love and new starts? I didn't know these answers because the pain was too suffocating, the only thing I knew was they will always be under the surface lingering. He had scars too, from his sins. Juniper Unraveling-Keri Lake 2017-11-21 Papa says everyone has a story that deserves to be told. For some, they're nothing more than the vestiges left behind-a simple name carved into the knotty bark of a Juniper tree. My story begins with a boy. A mute. From the other side of the wall, known only as Six, who touched my heart in ways that words never could, and gave me the courage to face my darkest truth. Binary Code-Rebecca Sherwin 2016-08-31 Binary: Relating to, composed of, or involving two things. Code: A system of words, letters, figures or symbols used to represent others, especially for the purposes of secrecy. Everything comes in twos. His and hers. Mine and yours. Love and hate. Life and death. The world is made up of pairs. So what happens when the line is blurred, when the rules we use to define our lives become...skewed? What happens when the rules are broken? His and hers becomes his, hers and...theirs. Mine and yours becomes mine, yours and ours. Love and hate become love, hate and conflict. Life and death become a battle, an infinite number of risks swinging on a pendulum. Carter cracked my code. He dug deep into the genetics of who I was and he rewrote every moment of my life. He forced his way in, reshaping every thought in my head, manipulating every instinct that kept me alive. He was the encryption I couldn't decipher, and I was the mystery that finally forced him to reveal exactly who he was. The Old Pangbournian Record-Robin Knight 2020

Differential Item Functioning-Steven J. Osterlind 2009-09-30 Differential Item Functioning, Second Edition is a revision of the 1983 title Test Item Bias. In the past 23 years, differential item performance has assumed a level of attention unimagined in the early 1980s. Then, only a few tests and assessment programs attended to “item bias,” while doing so is now a mandatory step in any responsible assessment program. Also, technical advances, such as the widespread use of item response theory, have pushed the field of differential performance to levels of technical sophistication far beyond what was practiced years ago. This new edition presents an up-to-date description of DIF, describes varying procedures for addressing DIF in practical testing contexts; presents useful examples and studies of DIF that readers may employ as a guide in their own DIF work; and briefly describes relevant features of major statistical packages that can be employed in DIF analysis (e.g., SPSS, SAS, M+, Minitab, and Systat). This text is ideal for the measurement professional or advanced student who deals with educational or psychological assessment. Readers need only have a preliminary background in tests and measurement, including some beginning statistics and elementary algebra, in order to find this volume useful.
