The Leader Habit-Martin LANIK 2018-04-17 In leadership as in life, only practice makes perfect. Habits are powerful. They can lock us into negative behaviors (like snacking and smoking) or train us to act automatically in ways that benefit us (such as putting on a seat belt). Routines quietly undergird large portions of what we do and how we function. Habit formation can speed success in the workplace as well—even in complex areas like leadership. The Leader Habit spotlights 22 essential leadership abilities, breaking them down into a series of small, learnable behaviors. The accompanying 5-minute exercises help you practice each of these new skills until they stick. Drawn from a study of hundreds of leaders across the globe, the book's simple formula focuses on developing one skill at a time: sell the vision, delegate well, innovate often, empower others, overcome resistance, build strategic relationships, focus on customers, listen actively, negotiate effectively, and more. Many of us aspire to great leadership . . . consuming books and training. But unless you intentionally reinforce the right behaviors, results are fleeting. This eye-opening and original book builds the "muscle memory" to turn leadership skills into lasting habits.

People Among the People-Robert D. Watt 2019-05-07 This beautifully designed book is the first to explore Susan Point's publicly commissioned artworks from coast to coast Susan Point's unique artworks have been credited with almost single-handedly reviving the traditional Coast Salish art style. Once nearly lost to the effects of colonization, the crescents, wedges, and human and animal forms characteristic of the art of First Nations peoples living around the Salish Sea can now be seen around the world, reinvigorated with modern materials and techniques, in her serigraphs and public art installations - and in the works of a new generation of artists that she's inspired. People Among the People beautifully displays the breadth of Susan Point's public art, from cast-iron manhole covers to massive carved cedar spindle whorls, installed in locations from Vancouver to Zurich. Through extensive interviews and access to her archives, Robert D. Watt tells the story of each piece, whether it's the evolution from sketch to carving to casting, or the significance of the images and symbolism, which is informed by surviving traditional Salish works Point has studied and the Oral Traditions of her Musqueam family and elders. In her long quest to re-establish a Coast Salish footprint in Southwest British Columbia and the Pacific Northwest of the US, Point has received many honours, including the Order of Canada and the Audain Lifetime Achievement Award. This gorgeous and illuminating book makes it clear they are all richly deserved.

Tell Me More-Kelly Corrigan 2019-04-30 NEW YORK TIMES BESTSELLER \* A story-driven collection of essays on the twelve powerful phrases we use to sustain our relationships, from the bestselling author of Glitter and Glue and The Middle Place "Kelly Corrigan takes on all the big, difficult questions here, with great warmth and courage."--Glennon Doyle NAMED ONE OF THE BEST BOOKS OF THE YEAR BY REAL SIMPLE AND BUSTLE It's a crazy idea: trying to name the phrases that make love and connection possible. But that's just what Kelly Corrigan has set out to do here. In her New York Times bestselling memoirs, Corrigan distilled our core relationships to their essences, showcasing a warm, easy storytelling style. Now, in Tell Me More, she's back with a deeply personal, unfailingly honest, and often hilarious examination of the essential phrases that turn the wheel of life. In "I Don't Know," Corrigan wrestles to make peace with uncertainty, whether it's over invitations that never came or a friend's agonizing infertility. In "No," she admires her mother's ability to set boundaries and her liberating willingness to be unpopular. In "Tell Me More," a facialist named Tish teaches her something important about listening. And in "I Was Wrong," she comes clean about her disastrous role in a family fight--and explains why saying sorry may not be enough. With refreshing candor, a deep well of empathy, and her signature desire to understand "the thing behind the thing," Corrigan swings between meditations on life with a preoccupied husband and two mercurial teenage daughters to profound observations on love and loss. With the streetwise, ever-relatable voice that defines Corrigan's work, Tell Me More is a moving and meaningful take on the power of the right words at the right moment to change everything. Praise for Tell Me More "It is such a comfort just knowing that Kelly Corrigan exists: she is somehow both wise and self-deprecating; funny but unafraid of pain; frank but gentle. She is the sister/mother/best friend we all wish we could have--and because of this big-hearted book, we all get to."--Ariel Levy, author of The Rules Do Not Apply "With full-bodied humor and radical sensitivity, Kelly Corrigan transforms the mundane pain of life into a necessary spiritual text of sorts, one that reminds us that we have the right to grieve but the obligation to be grateful. This book will remind you that you are human--and of the fragile loveliness of being so."--Lena Dunham

Wingfield College and Its Patrons-Peter Bloore 2015 The 650th anniversary of the foundation of Wingfield College was the occasion for a special two-day symposium marking the culmination of a three-year UEA-funded research project into the college and castle. The building projects of the late medieval aristocracy focused on their homes and the monasteries, churches or chantry foundations under their patronage where their family were buried and

commemorated. This commemoration allowed a visual celebration of their achievements, status and lineage, the scale and prestige of which reflected on the fortunes of the family as a whole. Wingfield is explored in the context of both the actual building of the castle, chantry chapel and the college, and that of the symbolic function of these as a demonstration of aristocratic status. The contributions to this book examine many topics which have hitherto been neglected, such as the archaeology of the castle, which had never been excavated, the complex history of the college's architecture, and the detailed study of the monuments in the church. The latest techniques are used to reconstruct the college and castle, with a DVD to demonstrate these. And the context of the family and its fortunes are explored in chapters on the place of the de la Poles in fifteenth century history, as soldiers, administrators and potential claimants to the throne.

Becoming Grandma-Lesley Stahl 2017-04-04 After four decades as a reporter, Lesley Stahl's most vivid and transformative experience of her life was not covering the White House, interviewing heads of state, or researching stories at 60 Minutes. It was becoming a grandmother. She was hit with a jolt of joy so intense and unexpected, she wanted to investigate it as though it were a news flash, interviewing friends like Whoopi Goldberg, colleagues like Diane Sawyer (and grandfathers, including Tom Brokaw), as well as the proverbial woman next door. Along with these personal accounts, Stahl speaks with scientists and doctors about physiological changes that occur in women when they have grandchildren; anthropologists about why there are grandmothers, in evolutionary terms; and psychiatrists about the therapeutic effects of grandchildren on both grandmothers and grandfathers. In an era when baby boomers are becoming grandparents in droves and when young parents need all the help they can get raising their children, Stahl's book is a timely and affecting read that redefines a cherished relationship.

Marketing, Interrupted-David Sutton 2018-02-26 Marketing, Interrupted will put you on a path to transform your marketing: how your customer experiences you, understands you, and interacts with you. It is a change in mindset as well as methodology. No longer is the brand story simply about you and what you offer. Your brand, your products, your services are not really the hero. The power and impact of your brand, your product, your services and your story comes from making the customer the hero, and you, the marketer, serving as the guide on their buying journey. Throughout the entire customer lifecycle, the intention is actually the requirement is to deliver on the brand promise. Only then will prospects become customers, and customers become brand advocates. Why? Because transforming marketing is about so much more than what you do. Small Giants-Bo Burlingham 2007-03-27 How maverick companies have passed up the growth treadmill — and focused on greatness instead. It's an axiom of business that great companies grow their revenues and profits year after year. Yet quietly, under the radar, a small number of companies have rejected the pressure of endless growth to focus on more satisfying business goals. Goals like being great at what they do, creating a great place to work, providing great customer service, making great contributions to their communities, and finding great ways to lead their lives. In Small Giants, veteran journalist Bo Burlingham takes us deep inside fourteen remarkable companies that have chosen to march to their own drummer. They include Anchor Brewing, the original microbrewer; CitiStorage Inc., the premier independent records-storage business; Clif Bar & Co., maker of organic energy bars and other nutrition foods; Righteous Babe Records, the record company founded by singer-songwriter Ani DiFranco; Union Square Hospitality Group, the company of restaurateur Danny Meyer; and Zingerman's Community of Businesses, including the world-famous Zingerman's Deli of Ann Arbor. Burlingham shows how the leaders of these small giants recognized the full range of choices they had about the type of company they could create. And he shows how we can all benefit by questioning the usual definitions of business success. In his new afterward, Burlingham reflects on the similarities and learning lessons from the small giants he covers in the book. From the Hardcover edition.

Rise: How a House Built a Family-Cara Brookins 2017-01-24 If you were inspired by Wild and Eat, Pray, Love, you'll love this extraordinary true story of a woman taking the greatest risk of her life in order to heal from the unthinkable. After escaping an abusive marriage, Cara Brookins had four children to provide for and no one to turn to but herself. In desperate need of a home but without the means to buy one, she did something incredible. Equipped only with YouTube instructional videos, a small bank loan and a mile-wide stubborn streak, Cara built her own house from the foundation up with a work crew made up of her four children. It would be the hardest thing she had ever done. With no experience nailing together anything bigger than a bookshelf, she and her kids poured concrete, framed the walls and laid bricks for their two story, five bedroom house. She had convinced herself that if they could build a house, they could rebuild their broken family. This must-read memoir traces one family's rise from battered victims to stronger, better versions of themselves, all through one extraordinary do-it-yourself project.
