The Black Man's Burden-Edmund Dene Morel 1920

U.S. History-P. Scott Corbett 2017-12-19 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class,

and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

World History-McDougal Littel 2007-07

World History: Patterns of Interaction-McDougal-Littell Publishing Staff 2004-03

A History of the World-Marvin Perry 1984-08

The Earth and Its Peoples: A Global History-Richard Bulliet 2014-01-01 Featuring a beautiful new design, THE EARTH AND ITS PEOPLES, Sixth Edition, presents world history in a balanced, global framework, shifting the focus away from political centers of power. This truly global text for the world history survey course employs fundamental themes of “environment and technology” and “diversity and dominance” to explore patterns of humans' interactions with their surroundings and with each other. The authors' approach reveals how humanity continues to shape and be shaped by the environment and how dominant structures and traditions are balanced and challenged by alternate beliefs. Special emphasis is given to technological development and how it underlies all human activity. Highly acclaimed in their fields of study, the authors bring a wide array of expertise to the program. A combination of strong scholarship and detailed pedagogy gives the book its reputation for rigor and student accessibility. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

World History-Burton F. Beers 1986 A textbook history of the world focusing on the development of various civilizations.

British Imperialism-P.J. Cain 2016-03-02 A milestone in the understanding of British history and imperialism, this ground-breaking book radically reinterprets the course of modern economic development and the causes of overseas expansion during the past three centuries. Employing their concept of 'gentlemanly capitalism', the authors draw imperial and domestic British history together to show how the

shape of the nation and its economy depended on international and imperial ties, and how these ties were undone to produce the post-colonial world of today. Containing a significantly expanded and updated Foreword and Afterword, this third edition assesses the development of the debate since the book's original publication, discusses the imperial era in the context of the controversy over globalization, and shows how the study of the age of empires remains relevant to understanding the post-colonial world. Covering the full extent of the British empire from China to South America and taking a broad chronological view from the seventeenth century to post-imperial Britain today, *British Imperialism: 1688–2015* is the perfect read for all students of imperial and global history.

Empires of the Mind-Robert Gildea 2019-02-28 Prize-winning historian Robert Gildea dissects the legacy of empire for the former colonial powers and their subjects.

World History, Grades 9-12 Human Journey Chapter Tutorials for Students, Parents, Mentors and Peers-Holt Mcdougal 2002-01-08

Holt World History: Human Journey- 2002-01-08

The Poisonwood Bible-Barbara Kingsolver 2008-09-04 Barbara Kingsolver's acclaimed international bestseller tells the story of an American missionary family in the Congo during a poignant chapter in African history. It spins the tale of the fierce evangelical Baptist, Nathan Price, who takes his wife and four daughters on a missionary journey into the heart of darkness of the Belgian Congo in 1959. They carry with them to Africa all they believe they will need from home, but soon find that all of it - from garden seeds to the King James Bible - is calamitously transformed on African soil. Told from the perspective of the five women, this is a compelling exploration of African history, religion, family, and the many paths to redemption. The Poisonwood Bible was nominated for the Pulitzer Prize in 1999 and was chosen as the best reading group novel ever at the Penguin/Orange Awards. It continues to be read and adored by millions worldwide.

World History-Patterns of Interaction, Grades 9-12 Reading Study Guide-Holt McDougal 1998-02-15

Imperialism-John Atkinson Hobson 1902

An Age of Extremes- 2005 Describes the time in America prior to the first World War, the vast differences between the wealthy and the poor, the changing from farming to factory work, and the inventions of conveniences such as electric lights, telephones, and bicycles.

The American Pageant-Thomas Andrew Bailey 1998 USAs historie indtil 1996

The Influence of Sea Power Upon History, 1660-1783-Alfred Thayer Mahan 1892

An Age of Equipoise? Reassessing mid-Victorian Britain-Martin Hewitt 2017-07-05 The Age of Equipoise by W.L Burn was published in 1964 and became a central text in the canon of interpretations of the

Victorian period. The book subsequently fell out of favour but recent claims to establish a new interpretative standard have, paradoxically, prompted reviewers to cast back to Burn's work as the orthodox standard against which such claims should be judged. The essays in this volume by British and American contributors all engage, to varying degrees, with the notion of 'equipoise' and how it can help to illuminate the mid-Victorian period in ways which alternative formulations cannot. Some of the chapters develop arguments embedded in Burn's own book; others take up issues largely absent in *The Age of Equipoise*, such as the position of children, Britain's interaction with the wider world, and the threats the period experienced to its concept of masculine identity. Together the essays demonstrate the intricacy and turbulence of the forces of cohesion in Victorian society, along with the success of that culture in achieving a working, if shifting, *modus vivendi*. Moreover, they substantiate the argument that, whatever the limitations of Burn's work, 'equipoise' deserves rehabilitation as a powerful conceptual framework for making sense of mid-Victorian Britain. About the Editor: Martin Hewitt is Director of the Leeds Centre for Victorian Studies and editor of the *Journal of Victorian Culture*. With Robert Poole he has recently produced an edition of *The Diaries of Samuel Bamford, 1858-61* (Sutton, 2000).

World History-D. C. Heath 1992

World History: Patterns of Interaction-Beck 2002-01-07

The New Social Theory Reader-Steven Seidman 2020-07-24 This is the first anthology to thematize the dramatic upward and downward shifts that have created the new social theory, and to present this new and exciting body of work in a thoroughly trans-disciplinary manner. In this revised second edition readers are provided with a much greater range of thinkers and perspectives, including new sections on such issues as imperialism, power, civilization clash, health and performance. The first section sets out the main schools of contemporary thought, from Habermas and Honneth on new critical theory, to Jameson and Hall on cultural studies, and Foucault and Bourdieu on poststructuralism. The sections that follow trace theory debates as they become more issues-based and engaged. They are: the post-foundational

debates over morality, justice and epistemological truth the social meaning of nationalism, multiculturalism and globalization identity debates around gender, sexuality, race, the self and post-coloniality. This new edition provides more ample biographical and intellectual introductions to each thinker, and substantial introductions to each of the major sections. The editors introduce the volume with a newly revised, interpretive overview of social theory today. The New Social Theory Reader is an essential, reliable guide to current theoretical debates.

Princeton Alumni Weekly- 1972

The Victorian World-Martin Hewitt 2013-01-25 With an interdisciplinary approach that encompasses political history, the history of ideas, cultural history and art history, The Victorian World offers a sweeping survey of the world in the nineteenth century. This volume offers a fresh evaluation of Britain and its global presence in the years from the 1830s to the 1900s. It brings together scholars from history, literary studies, art history, historical geography, historical sociology, criminology, economics and the history of law, to explore more than 40 themes central to an understanding of the nature of Victorian society and culture, both in Britain and in the rest of the world. Organised around six core themes - the world order, economy and society, politics, knowledge and belief, and culture - The Victorian World offers thematic essays that consider the interplay of domestic and global dynamics in the formation of Victorian orthodoxies. A further section on 'Varieties of Victorianism' offers considerations of the production and reproduction of external versions of Victorian culture, in India, Africa, the United States, the settler colonies and Latin America. These thematic essays are supplemented by a substantial introductory essay, which offers a challenging alternative to traditional interpretations of the chronology and periodisation of the Victorian years. Lavishly illustrated, vivid and accessible, this volume is invaluable reading for all students and scholars of the nineteenth century.

A History of Western Civilization-Roland N. Stromberg 1969

Issues in Economic Development and Globalization-Philip Arestis 2008-11-03 "Exploring areas in which

Ajit Singh has inspired wide-ranging debate and has written seminal works, this volume provides a comprehensive overview of economic development and globalisation, exploring the rise of China and India and the effects of these recent economic successes on countries worldwide, with a detailed look at the Sub-Saharan African experience, as well as comparisons of the two Asian economies in terms of institutions and performance. This volume also offers fresh and valuable insights into issues such as the future of Europe and industrial revolutions in the developing world. Containing expert contributions from a variety of scholars working in these areas of research, this book explores contemporary concerns in economic development and globalisation as well as examining how the issues have changed since Ajit Singh first began working on these subjects. This is an essential companion for all interested in the reach of globalisation, the effect of the rapid rise of China and India on the rest of the world, and on issues of economic development worldwide, as well as those who have been, and continued to be, inspired by Ajit Singh's work." -- Book cover.

Silver, Sword, and Stone-Marie Arana 2020-08-18 Winner, American Library Association Booklist's Top of the List, 2019 Adult Nonfiction Acclaimed writer Marie Arana delivers a cultural history of Latin America and the three driving forces that have shaped the character of the region: exploitation (silver), violence (sword), and religion (stone). "Meticulously researched, [this] book's greatest strengths are the power of its epic narrative, the beauty of its prose, and its rich portrayals of character...Marvelous" (The Washington Post). Leonor Gonzales lives in a tiny community perched 18,000 feet above sea level in the Andean cordillera of Peru, the highest human habitation on earth. Like her late husband, she works the gold mines much as the Indians were forced to do at the time of the Spanish Conquest. Illiteracy, malnutrition, and disease reign as they did five hundred years ago. And now, just as then, a miner's survival depends on a vast global market whose fluctuations are controlled in faraway places. Carlos Buergos is a Cuban who fought in the civil war in Angola and now lives in a quiet community outside New Orleans. He was among hundreds of criminals Cuba expelled to the US in 1980. His story echoes the

violence that has coursed through the Americas since before Columbus to the crushing savagery of the Spanish Conquest, and from 19th- and 20th-century wars and revolutions to the military crackdowns that convulse Latin America to this day. Xavier Albó is a Jesuit priest from Barcelona who emigrated to Bolivia, where he works among the indigenous people. He considers himself an Indian in head and heart and, for this, is well known in his adopted country. Although his aim is to learn rather than proselytize, he is an inheritor of a checkered past, where priests marched alongside conquistadors, converting the natives to Christianity, often forcibly, in the effort to win the New World. Ever since, the Catholic Church has played a central role in the political life of Latin America—sometimes for good, sometimes not. In this “timely and excellent volume” (NPR) Marie Arana seamlessly weaves these stories with the history of the past millennium to explain three enduring themes that have defined Latin America since pre-Columbian times: the foreign greed for its mineral riches, an ingrained propensity to violence, and the abiding power of religion. *Silver, Sword, and Stone* combines “learned historical analysis with in-depth reporting and political commentary...[and] an informed and authoritative voice, one that deserves a wide audience” (The New York Times Book Review).

Orientalism-Edward W. Said 2014-10-01 More than three decades after its first publication, Edward Said's groundbreaking critique of the West's historical, cultural, and political perceptions of the East has become a modern classic. In this wide-ranging, intellectually vigorous study, Said traces the origins of "orientalism" to the centuries-long period during which Europe dominated the Middle and Near East and, from its position of power, defined "the orient" simply as "other than" the occident. This entrenched view continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding. Essential, and still eye-opening, *Orientalism* remains one of the most important books written about our divided world. From the Trade Paperback edition.

The Handbook of Communication History-Peter Simonson 2013-01-03 *The Handbook of Communication History* addresses central ideas, social practices, and media of communication as they have developed

*Downloaded from

across time, cultures, and world geographical regions. It attends to both the varieties of communication in world history and the historical investigation of those forms in communication and media studies. The Handbook editors view communication as encompassing patterns, processes, and performances of social interaction, symbolic production, material exchange, institutional formation, social praxis, and discourse. As such, the history of communication cuts across social, cultural, intellectual, political, technological, institutional, and economic history. The volume examines the history of communication history; the history of ideas of communication; the history of communication media; and the history of the field of communication. Readers will explore the history of the object under consideration (relevant practices, media, and ideas), review its manifestations in different regions and cultures (comparative dimensions), and orient toward current thinking and historical research on the topic (current state of the field). As a whole, the volume gathers disparate strands of communication history into one volume, offering an accessible and panoramic view of the development of communication over time and geographical places, and providing a catalyst to further work in communication history.

The Handbook of Global Media and Communication Policy-Robin Mansell 2014-03-03 The Handbook of Global Media and Communication Policy offers insights into the boundaries of this field of study, assesses why it is important, who is affected, and with what political, economic, social and cultural consequences. Provides the most up to date and comprehensive collection of essays from top scholars in the field Includes contributions from western and eastern Europe, North and Central America, Africa and Asia Offers new conceptual frameworks and new methodologies for mapping the contours of emergent global media and communication policy Draws on theory and empirical research to offer multiple perspectives on the local, national, regional and global forums in which policy debate occurs

History of Modern Europe-John Merriman 1999-05-01 Available in both one-volume and two-volume paperback editions, A History of Modern Europe presents a panoramic survey of modern Europe from the Renaissance to the present day. A seasoned teacher and talented historian, Professor John Merriman

*Downloaded from

offers a carefully crafted narrative that guides students through a vast amount of complex material, integrating the many aspects of the European experience into a larger, interconnected whole. A full ten percent shorter than its predecessor, the Second Edition has tightened organization throughout to make room for recent research and descriptions of the current issues and events that define Europe's role in the world today.

Dr. Livingstone I Presume-David Livingstone 2012-04-01 A Story of Dr. Livingstone's Travels in Africa in search of the Source of the Nile. The Zambesi and its Tributaries were explored by this intrepid Adventurer.

Agriculture in the Tropics-John Christopher Willis 1914

Carbon Democracy-Timothy Mitchell 2013 Carbon Democracy provides a unique examination of the relationship between oil and democracy. Interweaving the history of energy, political analysis, and economic theory, Mitchell targets conventional wisdom regarding energy and governance. Emphasizing how oil and democracy have intermixed, he argues that while coal provided the impetus for mass democracy, the shift to oil drastically limited democratic possibility; above all, the ability to confront contemporary ecological crises.

Asia and Western Dominance-Kavalam Madhava Panikkar 1953

The Age of Imperialism-Harry Magdoff 1969 Magdoff's analysis is the foundation upon which the work of an entire tradition of Monthly Review authors rests.

The Routledge Handbook of Critical Social Work-Stephen A. Webb 2019-01-03 The Routledge Handbook of Critical Social Work brings together the world's leading scholars in the field to provide a cutting-edge overview of classic and current research and future trends in the subject. Comprised of 48 chapters divided into six parts: Historical, social, and political influences Mapping the theoretical and conceptual terrain Methods of engagement and modes of analysis Critical contexts for practice and policy Professional education and socialisation Future challenges, directions, and transformations it provides an

authoritative guide to theory and method, and the primary debates of today in social work from a critical perspective. This handbook is a major reference work and the first book to comprehensively map the wide-ranging territory of critical social work. It does so by addressing its conceptual developments, its methodological advances, its value-based front-line practice and as an influence on the policy field. By offering a definitive survey of current academic knowledge as it relates to professional practice, it provides the first comprehensive, up-to-date, definitive work of reference while at the same time identifying emerging, innovative and cutting-edge areas.
