Waiting For Snow In Havana-Carlos Eire 2012-12-11 A childhood in a privileged household in 1950s Havana was joyous and cruel, like any other-but with certain differences. The neighbour's monkey was liable to escape and run across your roof. Surfing was conducted by driving cars across the breakwater. Lizards and firecrackers made frequent contact. Carlos Eire's childhood was a little different from most. His father was convinced he had been Louis XVI in a past life. At school, classmates with fathers in the Batista government were attended by chauffeurs and bodyguards. At a home crammed with artifacts and paintings, portraits of Jesus spoke to him in dreams and nightmares. Then, in January 1959, the world changes: Batista is suddenly gone, a cigar-smoking guerrilla has taken his place, and Christmas is cancelled. The echo of firing squads is everywhere. And, one by one, the author's schoolmates begin to disappear-spirited away to the United States. Carlos will end up there himself, without his parents, never to see his father again. Narrated with the urgency of a confession, WAITING FOR SNOW IN HAVANA is both an ode to a paradise lost and an exorcism. More than that, it captures the terrible beauty of those times in our lives when we are certain we have died-and then are somehow, miraculously, reborn.

The Jungle-Upton Sinclair 2010-08-19 A searing novel of social realism, Upton Sinclair's The Jungle follows the fortunes of Jurgis Rudkus, an immigrant who finds in the stockyards of turn-of-the-century Chicago a ruthless system that degrades and impoverishes him, and an industry whose filthy practices contaminate the meat it processes. From the stench of the killing-beds to the horrors of the fertilizer-works, the appalling conditions in which Jurgis works are described in intense detail by an author bent on social reform. So powerful was the book's message that it caught the eye of President Theodore Roosevelt and led to changes to the food hygiene laws. In his Introduction to this new edition, Russ Castronovo highlights the aesthetic concerns that were central to Sinclair's aspirations, examining the relationship between history and historical fiction, and between the documentary impulse and literary narrative. As he examines the book's disputed status as novel (it is propaganda or literature?), he reveals why Sinclair's message-driven fiction has relevance to literary and historical matters today, now more than a hundred years after the novel first appeared in print.

The story opens in 1906 in New Rochelle, New York, at the home of an affluent American family. One lazy Sunday afternoon, the famous escape artist Harry Houdini swerves his car into a telephone pole outside their house. And almost magically, the line between fantasy and historical fact, between real and imaginary characters, disappears. Henry Ford, Emma Goldman, J. P. Morgan, Evelyn Nesbit, Sigmund Freud, and Emiliano Zapata slip in and out of the tale, crossing paths with Doctorow's imagined family and other fictional characters, including an immigrant peddler and a ragtime musician from Harlem whose insistence on a point of justice drives him to revolutionary violence.
