Blueschild Baby-George Cain 2019-03-12 A searing chronicle of the life of a young ex-convict and heroin addict in 1960's Harlem, an unsparing portrait of a man who couldn't free himself from the horrors of addiction Blueschild Baby takes place during the summer of 1967—the summer of race riots all across the nation; the Summer of Love in the Haight Ashbury; the summer of Marines dying near Con Thien, across the world in Vietnam—but the novel illuminates the contours of a more private hell: the angry desperation of a heroin addict who returns to his home in Harlem after being in prison. First published in 1970, this frankly autobiographical novel was a revelation, a stunning depiction of a marginal figure, marked literally and figuratively by his drug addiction and navigating a predatory underground of junkies and hustlers—and named George Cain, like his author. Now with a new preface by acclaimed writer Leslie Jamison, this is an unvarnished conjuring of the tyranny of dependence: its desperation, its degradation, its rage and rebellion; the fragile, unsettled, occasional shards of hope it permits; the strange joys of being alive and young and lost and hooked and full of feverish determination anyway.

The Firekeeper's Son-Linda Sue Park 2009-04-20 In Korea in the early 1800s, news from the countryside reached the king by means of signal fires. On one mountaintop after another, a fire was lit when all was well. If the king did not see a fire, that meant trouble, and he would send out his army. Linda Sue Park's first picture book for Clarion is about Sang-hee, son of the village firekeeper. When his father is unable to light the fire one night, young Sang-hee must take his place. Sang-hee knows how important it is for the fire to be lit-but he wishes that he could see soldiers . . . just once. Mountains, firelight and shadow, and Sunhee's struggle with a hard choice are rendered in radiant paintings, which tell their own story of a turning point in a child's life.

Glorious Summers and Discontents-Mike Atherton 2011-05-12 In this fascinating book, Mike Atherton selects the best pieces he has written over the last decade. Renowned as a shrewd and resolute captain of England, Atherton moved effortlessly into the commentary box and Fleet Street, proving himself every bit as capable with the pen as with the bat. It has been a dramatic period, seeing the rise of Twenty20 cricket and the IPL, as well as the revival of England's prospects, breaking a long era of Australian dominance in the Ashes. There has also been controversy, too, with terrorist attacks, Zimbabwe and allegations of Pakistani spot-fixing all distracting fans from the essence of the game. Through it all, Atherton comments with the true insight of one who has been there, the humane understanding of someone who has genuine empathy for the issues involved and, above all, his opinions are based on a deep love for the game and sport in general. His writing has become essential reading for all sports fans. This book shows exactly why that is the case.

A Curious Affair-Forrest McGill 2006-06-15 Through dozens of beautiful art pieces and lively commentary, this charming art book explores the legacies of five centuries of interaction between Asia and Europe. The mutual fascination began with the sea contact made during the early Renaissance. Although relations between East and West could often turn deadly, there were also many moments of lightness and frivolity, and it is these that are given special attention here. Such moments enchant and disarm, yet, as this book shows, they also bear deeper implications. A Curious Affair was produced to accompany an exhibition of the same name, presented at the Asian Art Museum in San Francisco. The exhibition featured more than 75, sculptures, furniture, ceramics, and other decorative arts. Included were artworks made in Great Britain, the United States, and France, as well as in China, India, Japan, and other Asian countries. They were drawn from private San Francisco Bay Area collections and the collection of the Asian Art Museum.

Active Credit Portfolio Management - Bringing the Capital Market Perspective Into Bank Lending-Jochen Dürr 2008 Driven by profound and sustainable changes in credit markets, banks that are engaged in the lending business have recently felt strong pressure to rethink and improve their business model. As a consequence, the concept of implementing a portfolio view on loan exposures and actively managing the credit portfolio, mainly by means of capital market transactions, has emerged. The goal of this active credit portfolio management (ACPM) approach is to achieve a risk-return optimal portfolio composition instead of pursuing the conventional transaction-oriented approach, whereby bank loans are statically held until maturity or default. Based on the results of a comprehensive empirical study on ACPM, conducted among the largest and most significant European financial institutions, this book describes in detail how the ACPM approach has been implemented in practice so far. Furthermore, the question regarding the optimal ACPM business model to be established, depending on specific determining factors, is discussed in depth.

Marriage Counseling-Everett L. Worthington Jr. 2009-09-20 Marriages are in trouble today. That is clear. Effective methods of combating this trend are less evident. Counselors, pastors and social workers need more than mere theories or mere moralizing. They need a practical and comprehensive model for understanding couples and their problems. They need a thoroughly Christian perspective that is biblical, compassionate and human. Everett Worthington provides this in an integrated, biblically based theory of marriage and marriage therapy with analysis at three levels: the individual, the couple and the family. The model he has constructed, with techniques drawn from the major psychological schools, is standard enough to guide counselors in actual interventions and powerful enough to produce change. A thoroughgoing overview of the assessment process includes practical, workable guidelines for: creating realistic, mutually-agreeable goals for counselor and clients; estimating the number of sessions needed to reach those goals; and planning the actual assessment, intervention and termination sessions. Next Worthington offers specific techniques for enhancing cooperative change, intimacy, communication, conflict resolution and forgiveness within the marriage. But keeping couples from slipping back into old patterns is one of the counselor's most difficult tasks. So Worthington concludes with suggestions for solidifying change and effectively concluding the counseling relationship. Here is a text that will be a standard for counselors, pastors and mental health professionals in the years to come.
