Sustaining our Environment for Better Future-Abdelnaser Omran 2019-08-05 This book covers a variety of topics regarding environmental practices in our day-to-day lives, as well as topics concerning sustainable development as a broader concept embracing ecological, social, and economic aspects to improve the quality of life for people around the world. Starting with the traditional controversy between the neoclassical economy and sustainable economy, which may be overcome by scientific progress due to more intensive scientific studies of the sustainability paradigm, the book proceeds to discuss various problems and challenges regarding environmental protection and sustainable development in different countries and on different continents. This includes analyses of recent, sometimes fatal mining disasters in South and North America, challenges and opportunities for rural development in Africa and Australia, an exploration of the role of women for sustainable development in Palestine, water safety and water security issues in Asia and Australia, the environmental exploitation of popular tourism destinations like Acapulco, and deforestation in Malaysia, suggesting innovative approaches to turn challenges into opportunities to effectively tackle these problems. Other topics addressed involve sustainable energy creation for future generations, a research survey among Romanian students on sustainable consumption behavior, validity testing for a heat transfer model in a greenhouse, and a case study on sustainability risk management practices at Malaysia’s environmentally sensitive companies. The book closes with an examination of highly digitalized Smart Cities as a potentially valuable complement to conventional urban and rural lifestyles in connection with achieving the UN Sustainable Development Goals (SDGs).
Historical Dictionary of the Republic of Cameroon-Mark Dike DeLancey 2010-05-03 Cameroon is a country endowed with a variety of climates and agricultural environments, numerous minerals, substantial forests, and a dynamic population. It is a country that should be a leader of Africa. Instead, we find a country almost paralyzed by corruption and poor management, a country with a low life expectancy and serious health problems, and a country from which the most talented and highly educated members of the population are emigrating in large numbers. Although Cameroon has made economic progress since independence, it has not been able to change the dependent nature of its economy. The economic situation combined with the dismal record of its political history, indicate that prospects for political stability, justice, and prosperity are dimmer than they have been for most of the country’s independent existence. The fourth edition of the Historical Dictionary of the Republic of Cameroon has been updated to reflect advances in the study of Cameroon’s history as well as to provide coverage of the years since the last edition. It relates the turbulent history of Cameroon through a chronology, an introductory essay, a bibliography, and over 600 cross-referenced dictionary entries on significant persons, events, places, organizations, and other aspects of Cameroon history from the earliest times to the present.
Electrical Wiring Residential-Ray Mullin 2012-12-19 ELECTRICAL WIRING RESIDENTIAL, 17E, updated to comply with the 2011 National Electrical Code, is a bestselling book that has already helped many students learn the basics of residential wiring in both new and existing homes This text uses a practical approach and comprehensive coverage to guide your students step-by-step through the critical tasks and responsibilities that face today’s professional residential electricians. With coverage of energy conservation laws like Title 24, as well as today’s important concepts such as ground fault circuit interrupters, smoke, heat, and carbon monoxide alarms, 2011 NEC requirements for house wiring, and Solar Photovoltaic Systems, your students can feel confident they are getting the very latest in industry standards and procedures. A unique feature of ELECTRICAL WIRING RESIDENTIAL, 17E is the sets of plans in the back of the book that offer your students opportunities for hands-on practice in interpreting and applying Code requirements, making this an ideal resource for your students who will work in the residential electrical industry. This book also contains updated Illustrations coordinated with the latest NEC regulations. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
How To Pass The CPA Exam-Stephanie Ng 2013-06-26 A CPA exam guide written specifically for international students The US CPA qualification exam is the most popular professional accounting qualification not just in the United States, but around the world as well. As international testing centers open across the globe, increasing numbers of non-American students are taking the exam, but lack a study resource written specifically for them. Author Stephanie Ng passed the exam in less than a year and operates a popular exam test-prep website at IPassTheCPAExam.com. In How to Pass the CPA Exam, Ng explains her techniques and study tactics specifically for students outside the United States. A comprehensive and practical study guide for CPA exam students outside the United States Written by the operator of a highly popular test-prep website for international students Includes practical and effective test-prep resources Packed with smart advice presented from an international perspective, How to Pass the CPA Exam is a must for international students preparing for the test.
Hitler’s Priestess-Nicholas Goodrick-Clarke 2000-10-01 Each year, thousands of Chinese children, primarily abandoned infant girls, are adopted by Americans. Yet we know very little about the local and transnational processes that characterize this new migration. Transnational Adoption is a unique ethnographic study of China/U.S. adoption, the largest contemporary intercountry adoption program. Sara K. Dorow begins by situating the popularity of the China/U.S. adoption process within a broader history of immigration and adoption. She then follows the path of the adoption process: the institutions and bureaucracies in both China and the United States that prepare children and parents for each other; the stories and practices that legitimate them coming together as transnational families; the strains placed upon our common notions of what motherhood means; and ways in which parents then construct the cultural and racial identities of adopted children. Based on rich ethnographic evidence, including interviews with and observation of people on both sides of the Pacific—from orphanages, government officials, and adoption agencies to advocacy groups and adoptive families themselves—this is a fascinating look at the latest chapter in Chinese-American migration.
New Perspectives on Virtual and Augmented Reality-Linda Daniela 2020-06-19 New Perspectives on Virtual and Augmented Reality discusses the possibilities of using virtual and augmented reality in the role of innovative pedagogy, where there is an urgent need to find ways to teach and support learning in a transformed learning environment. Technology creates opportunities to learn differently and presents challenges for education. Virtual reality solutions can be exciting, create interest in learning, make learning more accessible and make learning faster. This book analyses the capabilities of virtual, augmented and mixed reality by providing ideas on how to make learning more effective, how existing VR/AR solutions can be used as learning tools and how a learning process can be structured. The virtual reality (VR) solutions can be used successfully for educational purposes as their use can contribute to the construction of knowledge and the development of metacognitive processes. They also contribute to inclusive education by providing access to knowledge that would not otherwise be available. This book will be of great interest to academics, researchers and post-graduate students in the field of educational technology.
Certified Internal Auditor Exam Part 1 Secrets Study Guide-Mometrix Media 2015-02-25 Certified Internal Auditor Exam Part 1 Secrets helps you ace the Certified Internal Auditor Exam, without weeks and months of endless studying. The Sham-Stella Gray 2020-05-05 Our marriage is a sham. I’m the first to admit it. Only privately, of course. Notorious playboy Luka Zoric needs a wife, and the good PR it brings. I just need the career boost being his top model will give me. It’s a win-win-on paper. But since when has real life been simple? His jealousy makes me crazy. The control he maintains over my body is unacceptable. I really shouldn’t be so turned on by it. But there’s more to both me and my husband than meets the eye. And it isn’t long before I’m wondering—which of us has made the bigger mistake? Book One in the Convenience Series.
Encyclopedia of Children and Childhood-Paula S. Fass 2004 This volume, covering entries A-E, examines the social and cultural history of childhood through articles on education, parenting, child labor, economics, children’s literature, play, toys and games, health, physiology, law, the criminal justice system, and social welfare.
History of Butler County, Iowa-Irving H. Hart 1914
A Political Chronology of Africa-David Lea 2001 Provides an impartial record of the political events that have helped to shape social, cultural, geographical and economic history in the countries of Africa. Key features include:
* Individual country profiles
* The major political events that have shaped each country
* Charts each country’s political progress
* Covers major events and developments from the early history of each nation to recent events
* Greater emphasis is given to more contemporary events, particularly in nations that have undergone major political upheaval in recent years
* Details the elections, wars, disputes, diplomatic activities and changes to national borders by invasion, annexation and treaty that have had a major influence on history
Any Dream Will Do-Debbie Macomber 2017-08-08 #1 NEW YORK TIMES BESTSELLER • Debbie Macomber returns with a powerful standalone novel about a woman forced to start her life anew, embarking on the most courageous journey of all—to a place where she learns what love and trust really mean. Shay Benson adored her younger brother, Caden, and that got her into trouble. When he owed money, Shay realized she would do anything to help him avoid the men who were threatening him, and she crossed lines she never should have crossed. Now, determined to start fresh, she finds herself in search of a place to stay and wanders into a church to escape from the cold. Pastor Drew Douglas adored his wife. But when he lost her, it was all he could do to focus on his two beautiful kids, and his flock came in a distant third. Now, as he too is thinking about a fresh start, he walks through his sanctuary and finds Shay sitting in a pew. The pair strike up a friendship—Drew helps Shay get back on her feet, and she reignites his sense of purpose—that, over time, turns into something deeper, something soulful, spiritual, and possibly romantic. Even Drew’s two children are taken with this woman who has brought light back into their lives. Perhaps most important, Shay learns to trust again as she, in turn, proves herself trustworthy to her adopted community. But Caden’s return to town and a disastrous secret threaten to undo the life Shay has tried so hard to rebuild. It will take the utmost courage and faith if she and Drew hope to find healing and open their hearts to a brighter future. Praise for Any Dream Will Do
“Emotional, romantic and inspirational, the latest novel from romance maven Macomber is a must read! . . . Shay’s journey is one of courage, and there’s something in her story for every reader.”—RT Book Reviews
“Any Dream Will Do is . . . so realistic, it’s hard to believe it’s fiction through the end. Even then, it’s hard to say goodbye to these characters. This standalone novel will make you hope it becomes a Hallmark movie, or gets a sequel. It’s an inspiring, hard-to-put-down tale. . . . You need to read it.”—The Free-Lance Star
“Any Dream Will Do by Debbie Macomber is a study in human tolerance and friendship. Macomber masterfully shows how all people have value.”—Fresh Fiction
“Macomber never disappoints. The message is uplifting and inspirational. Fans of Christian fiction or crossover works with a positive message will enjoy this book.”—Library Journal
Managing Risk: Best Practices for Pilots (eBundle Edition)-Dale Wilson 2014-05-06 “This book is for every pilot who wants to avoid an aircraft accident. Whether you are a private pilot who flies a homebuilt aircraft on sunny weekends, an aspiring commercial pilot attending a collegiate aviation degree program, a first officer at your first job at an airline, or a seasoned pilot with thousands of hours under your belt, this book will help equip you with the information you need to successfully manage many of the major risks associated with flight. The title of this book captures its essence: it documents and describes most of the significant risks associated with flight and, more importantly, provides best-practice countermeasures that you as a pilot can use to avoid or mitigate them. It is divided into 10 chapters that cover ten majorhazards gathered under four main accident categories: aircraft collisions (runway incursions, midair collisions), adverse weather (aircraft structural icing, VFR flight into IMC, low-level wind shear), physiological hazards (high-altitude flight, night flying, visual illusions, spatial disorientation), and the major threat of controlled flight into terrain. Using statistics, aviation safety studies, and actual aircraft accident examples, each chapter examines the nature of the threat itself, detailing the locations, times or phases of flight where the probability of encountering it is most pronounced. The human aspects that make pilots particularly vulnerable to that specific hazard are also carefully explained. Finally, drawing upon a wealth of expertise and experience, each chapter concludes with best-practice strategies that you as a pilot can use to manage the risk”--Provided by publisher.

Business Communication: In Person, In Print, Online-Amy Newman 2013-12-31 BUSINESS COMMUNICATION: IN PERSON, IN PRINT, ONLINE, 9E offers a realistic approach to communication in today’s organizations. The text covers the most important business communication concepts in detail and thoroughly integrates coverage of today’s social media and other communication technologies. Building on core written and oral communication skills, the ninth edition helps readers make sound medium choices and provides guidelines and examples for the many ways people communicate at work. Readers learn how to create PowerPoint decks, use instant messaging and texting effectively at work, engage customers using social media, lead web meetings and conference calls, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
The Hard Way Home-William C. Braly 2014-01-23 The Hard Way Home is the story of the 3-1/2 year imprisonment of U.S. Army Colonel William Braly by the Japanese in World War II. From the surrender of Allied forces on Corregidor in May 1942, to prison camps in the Philippines, Taiwan, Japan, and Manchuria, and transport by notorious ‘death-ships,’ Braley struggles to survive the brutality, hard labor, and lack of food and medical care before his release in August 1945. His firsthand account is filled with details of the often grim reality faced by Allied servicemen held as prisoners-of-war. Illustrated with 12 pages of maps and photographs.
Intermediate Accounting-Donald E. Kieso 2017-12-22 Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course.
The Fool’s Run-John Sandford 1996 Con artists Kidd and LuEllen utilize state-of-the-art, high-tech corporate warfare to organize the technological takedown of a defense industry corporation, but their string of successes is cut short when the ultimate con artist gets conned. Reissue.
Track Compendium-Bernhard Lichtberger 2011 Long description: Published at the beginning of September the second edition of “Track Compendium” provides an essential guide for railway track engineers and practitioners. The book describes clearly and compactly the physical properties of individual track components and their interrelationships.This second edition contains several additional sections on the following topics:Installation and maintenance of overhead lineProcess control technology and safety technologyHead checks and the wear resistance of head-hardened railsEquivalent conicity and running behaviourInteraction of the vehicle with track geometry faultsDurability of wooden sleepersBallast bed cleaning and ballast propertiesThe author Bernhard Lichtberger has an experience of over more than 20 years of research in the field of track behaviour and the optimum methods of track maintenance. “Track Compendium” is for railway engineers a practical aid and an essential read for their daily business!
Two Bold Singermen and the English Folk Revival-Bruce Lindsay 2020 Two Bold Singermen and the English Folk Revival is the first book to explore in depth the lives and song traditions of two of the most influential English traditional singers: Sam Larner and Harry Cox.Larner and Cox were born in late nineteenth-century Norfolk, within six years and fifteen miles of each other. Both men grew up in large working-class families, started work before their teens, spent their working lives in hard manual labour - Larner as a trawlerman, Cox as a farm labourer - and lived into their eighties. Both men were singers from an early age, amassed large repertoires of songs that are now established in the traditional canon, and became key figures in the “folk revival” of the 1950s and 1960s. They directly influenced performers such as Martin Carthy, Shirley Collins, Peggy Seeger, Young Tradition, and Steeleye Span, while indirectly influencing Paul Simon and Bob Dylan. Their impact extends to the current generation of performers and composers in the folk, Americana, and singer-songwriter fields, as well as to Hollywood.Using extensive primary evidence - including recorded interviews with both men - this book provides the first detailed biographies of these great singers, placing their singing and repertoires within the social and cultural contexts in which they lived. It will appeal equally to lovers of traditional song, to social history enthusiasts, and to any reader keen to know more of the fascinating lives of two outstanding singers whose influence continues to this day.

“Emotional, romantic and inspirational, the latest novel from romance maven Macomber is a must read! . . . Shay’s journey is one of courage, and there’s something in her story for every reader.”—RT Book Reviews
“Any Dream Will Do is . . . so realistic, it’s hard to believe it’s fiction through the end. Even then, it’s hard to say goodbye to these characters. This standalone novel will make you hope it becomes a Hallmark movie, or gets a sequel. It’s an inspiring, hard-to-put-down tale. . . . You need to read it.”—The Free-Lance Star
“Any Dream Will Do by Debbie Macomber is a study in human tolerance and friendship. Macomber masterfully shows how all people have value.”—Fresh Fiction
“Macomber never disappoints. The message is uplifting and inspirational. Fans of Christian fiction or crossover works with a positive message will enjoy this book.”—Library Journal
Managing Risk: Best Practices for Pilots (eBundle Edition)-Dale Wilson 2014-05-06 “This book is for every pilot who wants to avoid an aircraft accident. Whether you are a private pilot who flies a homebuilt aircraft on sunny weekends, an aspiring commercial pilot attending a collegiate aviation degree program, a first officer at your first job at an airline, or a seasoned pilot with thousands of hours under your belt, this book will help equip you with the information you need to successfully manage many of the major risks associated with flight. The title of this book captures its essence: it documents and describes most of the significant risks associated with flight and, more importantly, provides best-practice countermeasures that you as a pilot can use to avoid or mitigate them. It is divided into 10 chapters that cover ten majorhazards gathered under four main accident categories: aircraft collisions (runway incursions, midair collisions), adverse weather (aircraft structural icing, VFR flight into IMC, low-level wind shear), physiological hazards (high-altitude flight, night flying, visual illusions, spatial disorientation), and the major threat of controlled flight into terrain. Using statistics, aviation safety studies, and actual aircraft accident examples, each chapter examines the nature of the threat itself, detailing the locations, times or phases of flight where the probability of encountering it is most pronounced. The human aspects that make pilots particularly vulnerable to that specific hazard are also carefully explained. Finally, drawing upon a wealth of expertise and experience, each chapter concludes with best-practice strategies that you as a pilot can use to manage the risk”--Provided by publisher.

Business Communication: In Person, In Print, Online-Amy Newman 2013-12-31 BUSINESS COMMUNICATION: IN PERSON, IN PRINT, ONLINE, 9E offers a realistic approach to communication in today’s organizations. The text covers the most important business communication concepts in detail and thoroughly integrates coverage of today’s social media and other communication technologies. Building on core written and oral communication skills, the ninth edition helps readers make sound medium choices and provides guidelines and examples for the many ways people communicate at work. Readers learn how to create PowerPoint decks, use instant messaging and texting effectively at work, engage customers using social media, lead web meetings and conference calls, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
The Hard Way Home-William C. Braly 2014-01-23 The Hard Way Home is the story of the 3-1/2 year imprisonment of U.S. Army Colonel William Braly by the Japanese in World War II. From the surrender of Allied forces on Corregidor in May 1942, to prison camps in the Philippines, Taiwan, Japan, and Manchuria, and transport by notorious ‘death-ships,’ Braley struggles to survive the brutality, hard labor, and lack of food and medical care before his release in August 1945. His firsthand account is filled with details of the often grim reality faced by Allied servicemen held as prisoners-of-war. Illustrated with 12 pages of maps and photographs.
Intermediate Accounting-Donald E. Kieso 2017-12-22 Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course.
The Fool’s Run-John Sandford 1996 Con artists Kidd and LuEllen utilize state-of-the-art, high-tech corporate warfare to organize the technological takedown of a defense industry corporation, but their string of successes is cut short when the ultimate con artist gets conned. Reissue.

Two Bold Singermen and the English Folk Revival-Bruce Lindsay 2020 Two Bold Singermen and the English Folk Revival is the first book to explore in depth the lives and song traditions of two of the most influential English traditional singers: Sam Larner and Harry Cox.Larner and Cox were born in late nineteenth-century Norfolk, within six years and fifteen miles of each other. Both men grew up in large working-class families, started work before their teens, spent their working lives in hard manual labour - Larner as a trawlerman, Cox as a farm labourer - and lived into their eighties. Both men were singers from an early age, amassed large repertoires of songs that are now established in the traditional canon, and became key figures in the “folk revival” of the 1950s and 1960s. They directly influenced performers such as Martin Carthy, Shirley Collins, Peggy Seeger, Young Tradition, and Steeleye Span, while indirectly influencing Paul Simon and Bob Dylan. Their impact extends to the current generation of performers and composers in the folk, Americana, and singer-songwriter fields, as well as to Hollywood.Using extensive primary evidence - including recorded interviews with both men - this book provides the first detailed biographies of these great singers, placing their singing and repertoires within the social and cultural contexts in which they lived. It will appeal equally to lovers of traditional song, to social history enthusiasts, and to any reader keen to know more of the fascinating lives of two outstanding singers whose influence continues to this day.

Rao Vallabhaneni, CIA, CISA, CBA, CFSA, CRP, has authored more than 60 study aids to help prepare for professional certification examinations. He earned four master’s degrees in management, accounting, industrial engineering, and chemical engineering, and holds 24 professional certifications in various business disciplines.
The Sham-Stella Gray 2020-05-05 Our marriage is a sham. I’m the first to admit it. Only privately, of course. Notorious playboy Luka Zoric needs a wife, and the good PR it brings. I just need the career boost being his top model will give me. It’s a win-win-on paper. But since when has real life been simple? His jealousy makes me crazy. The control he maintains over my body is unacceptable. I really shouldn’t be so turned on by it. But there’s more to both me and my husband than meets the eye. And it isn’t long before I’m wondering—which of us has made the bigger mistake? Book One in the Convenience Series.
Encyclopedia of Children and Childhood-Paula S. Fass 2004 This volume, covering entries A-E, examines the social and cultural history of childhood through articles on education, parenting, child labor, economics, children’s literature, play, toys and games, health, physiology, law, the criminal justice system, and social welfare.
History of Butler County, Iowa-Irving H. Hart 1914
A Political Chronology of Africa-David Lea 2001 Provides an impartial record of the political events that have helped to shape social, cultural, geographical and economic history in the countries of Africa. Key features include:
* Individual country profiles
* The major political events that have shaped each country
* Charts each country’s political progress
* Covers major events and developments from the early history of each nation to recent events
* Greater emphasis is given to more contemporary events, particularly in nations that have undergone major political upheaval in recent years
* Details the elections, wars, disputes, diplomatic activities and changes to national borders by invasion, annexation and treaty that have had a major influence on history
Any Dream Will Do-Debbie Macomber 2017-08-08 #1 NEW YORK TIMES BESTSELLER • Debbie Macomber returns with a powerful standalone novel about a woman forced to start her life anew, embarking on the most courageous journey of all—to a place where she learns what love and trust really mean. Shay Benson adored her younger brother, Caden, and that got her into trouble. When he owed money, Shay realized she would do anything to help him avoid the men who were threatening him, and she crossed lines she never should have crossed. Now, determined to start fresh, she finds herself in search of a place to stay and wanders into a church to escape from the cold. Pastor Drew Douglas adored his wife. But when he lost her, it was all he could do to focus on his two beautiful kids, and his flock came in a distant third. Now, as he too is thinking about a fresh start, he walks through his sanctuary and finds Shay sitting in a pew. The pair strike up a friendship—Drew helps Shay get back on her feet, and she reignites his sense of purpose—that, over time, turns into something deeper, something soulful, spiritual, and possibly romantic. Even Drew’s two children are taken with this woman who has brought light back into their lives. Perhaps most important, Shay learns to trust again as she, in turn, proves herself trustworthy to her adopted community. But Caden’s return to town and a disastrous secret threaten to undo the life Shay has tried so hard to rebuild. It will take the utmost courage and faith if she and Drew hope to find healing and open their hearts to a brighter future. Praise for Any Dream Will Do
