A Lifetime of Health-Holt Rinehart & Winston 2004

The Relationship Manager-Tony Davis 2003 This book deals with a new role - the Relationship Manager - and has been written to fill the gap between technical and business aspects of successful project delivery.

National Cancer Program; Director's Report and Annual Plan-National Cancer Institute (U.S.) 1980

Director's Report and Annual Plan for FY ... , National Cancer Program-National Cancer Institute (U.S.) 1979

1979 Director's Report and Annual Plan for FY 1981-1985-National Cancer Institute (U.S.) 1979

Corporate Social Responsibility, Corporate Restructuring and Firm's Performance-Liangrong Zu 2008-10-01 In today's globalized and competitive business environment, companies increasingly look to restructuring, mergers & acquisitions and downsizing to survive, grow and maximize profits. However, when they are not managed in a socially responsible manner, restructurings may exert the negative impact on employees, shareholders, communities, and society as a whole. The book empirically explores the phenomena of corporate social responsibility (CSR), restructuring, and relationships with firms' performance in China. It gives an insight into how Chinese firms respond to expectations of stakeholders by making social goals a part of their overall business operations. It also gives a fresh view of the new concept of socially responsible restructuring. For those seeking to promote socially responsible practices in restructuring, the book provides a unique and stimulating analysis and touchstone.

Psychology, Eighth Edition, in Modules Visual Concept Reviews-Richard O. Straub 2007-08-29 This full-color booklet--available for free when shrink-wrapped with the book or Study Guide--offers fill-in-the-blank style concept charts that allow students to apply their understanding of the concepts to real-life situations(with answers in an appendix). Some of the Concept Reviews focus on the biopsychosocial approach, thus extending the levels of analysis theme that David Myers has further applied in the text, for this edition.

National cancer program; Director's report and annual plan-National Cancer Institute (U.S.) 1980

1979 Director's Report and Annual Plan for FY 1981-1985-U.S. Department of Health and Human Services 1979

The Review of Economic Performance and Social Progress 2002-Keith Banting 2002 Topics covered include productivity concepts and trends, government fiscal balances and environmental sustainability, social determination of productivity, demographics, human capital and social diversity, social policy, inequality and productivity.

Socially Responsible Finance and Investing-H. Kent Baker 2012-08-31 A detailed look at the role of social responsibility in finance and investing The concept of socially responsible finance and investing continues to grow, especially in the wake of one of the most devastating financial crises in history. This includes responsibility from the corporate side (corporate social responsibility) as well as the investor side (socially responsible investing) of the capital markets. Filled with in-depth insights and practical advice, Socially Responsible Finance and Investing offers an important basis of knowledge regarding both the theory and practice of this ever-evolving area of finance. As part of the Robert W. Kolb Series in Finance, this book showcases contributed chapters from professionals and academics with extensive expertise on this particular subject. It provides a comprehensive view of socially responsible foundations and their applications to finance and investing as determined by the current state of research. Discusses many important issues associated with socially responsible finance and investing, like moral hazard and the concept of "too big to fail" Contains contributed chapters from numerous thought-leaders in the field of finance Presents comprehensive coverage starting with the basics and bringing you through to cutting-edge, current theory and practice Now more than ever, we need to be mindful of the social responsibilities of all investment practices. The recent financial crisis and recession has changed the financial landscape for years to come and Socially Responsible Finance and Investing is a timely guide to help us navigate this difficult terrain.

Michigan Business Review- 1953

Transnational Terrorism and State Accountability-Vincent-Joël Proulx 2012-11-05 Every State has an obligation to prevent terrorist attacks emanating from its territory. This proposition stems from various multilateral agreements and UN Security Council resolutions. This study exhaustively addresses the scope of this obligation of prevention and the legal consequences flowing from its violation, so as to provide greater clarity on governments' counterterrorism duties and to enhance State accountability for preventable wrongs. It defines the contents and contours of the obligation while placing critical emphasis on the mechanics of State responsibility. Whether obscured by new technologies like the Internet, the sophisticated cellular structure of some terrorist organisations or convoluted political realities, the level of governmental involvement in terrorist activities is no longer readily discernible in every instance. Furthermore, the prospect of governments waging surrogate warfare through proxies also poses intractable challenges to the mechanism of attribution in the context of State responsibility. This monograph sets out the shortcomings of the extant scheme of State responsibility while identifying a paradigm shift towards more indirect modes of accountability under international law, a trend corroborated by recent State and institutional practice. Drawing on varied legal and theoretical influences, the study devises and prescriptively argues for the implementation of a strict liability-inspired model grounded in the logic of indirect responsibility with a view to enhancing State compliance with counterterrorism obligations. This shifts the policy focus squarely to prevention, while promoting multilateralism and transnational cooperation. Ultimately, the legal and policy sensibilities underlying the book converge into a new theory of prevention in counterterrorism contexts. From the Foreword by Judge Bruno Simma, International Court of Justice "Even if one might disagree with the bases on which the author constructs his argument, the execution of the argument is solid and thorough. The coverage of the major policy arguments and the available legal source materials is equally impressive. Moreover, the author's positions are genuinely progressive and present a fairly innovative solution, in the form of a strict liability mechanism...It behoves all scholars and practitioners of international law with an interest in combating international terrorism to consider the proposals outlined in this book." Transnational Terrorism and State Accountability by Vincent-Joël Proulx has been awarded the 2014 Myres McDougal Prize for best book in Law, Science, and Policy from the Society of Policy Scientists.

Relationship-Driven Classroom Management-John M. Vitto 2003-03-14 Positive teacher-student relationships are an important factor in increasing student achievement and motivation as well as decreasing a student's risk of dropping out, substance abuse, bullying, and violence. Learn how to proactively and positively manage your classroom and students and build on their inherent strengths and talents. Relationship-Driven Classroom Management is the only book to combine resiliency, classroom management, and discipline into one user-friendly format suitable for all teachers. The chapter material covers both preventive strategies and reactive strategies, including: Attributes of relationship-driven teachers Strengthening relationships with students Teaching and modeling social-emotional skills Cultivating student responsibility Creating and implementing effective consequences Building relationships with difficult and resistant students

Multinational Pharmaceutical Companies-Bert Spilker 1994 (1E 1989) Discusses medical/scientific/marketing/financial/ legislative/public affairs aspects of pharmaceutical R & D.

The Handbook of Crisis Communication-W. Timothy Coombs 2011-08-24 Written as a tool for both researchers and communication managers, the Handbook of Crisis Communication is a comprehensive examination of the latest research, methods, and critical issues in crisis communication. Includes in-depth analyses of well-known case studies in crisis communication, from terrorist attacks to Hurricane Katrina Explores the key emerging areas of new technology and global crisis communication Provides a starting point for developing crisis communication as a distinctive field research rather than as a sub-discipline of public relations or corporate communication

Oceanlab Concept Review-National Research Council (U.S.). Ocean Sciences Board 1980

A Study of the Relationship of the Music Teacher's Self-concept to the Student's Attitude Toward Music Learning-James Richard Hughes 1974

Journal of the National Cancer Institute- 1989

Power and Partnership-Jonathan S. Barnes 2013-05-10 While the concept of partnership between churches in the Global North and South has been an ecumenical goal for well over eight decades, realizing relationships of mutuality, solidarity, and koinonia has been, to say the least, problematic. Seeking to understand the dynamics of power and control in these relationships, this work traces the history of how partnership has been lived out, both as a concept and in practice. It is argued that many of the issues that are problematic for partnerships today can find their antecedents during colonial times at the very beginnings of the modern missionary movement. For those interested in pursuing cross-cultural partnerships today, understanding this history and recognizing the use, as well as the misuse, of power is crucial as we seek genuine relationships of care and friendship in our fractured and divided world.

Review of Existential Psychology & Psychiatry- 1968

Action: An Analysis of the Concept-D. Rayfield 2012-12-06 During the past decade, there has been considerable interest among philosophers in providing a philosophically satisfactory and helpful ana lysis of a particular type of human behavior called action. As I see it, this interest is a renewal of the efforts of Aristotle, in Ethica Nicomachea, to provide an analysis of voluntary action. Because of this, and because Aristotle's distinctions regarding voluntriety are fundamentally correct, what follows is in some ways a discussion in praise of Aristotle. But I have also argued for an analysis of action which will go some way toward withstanding criticism which can be brought against Aristotle's work as well as criticism which can be brought against the more con temporary efforts of others in the same subject. In Chapter Two, I argue for four conditions which are, when met, jointly necessary and sufficient for a particular item of human behavior on a particular occasion to qualify as a human action. The analysis does not allow us to determine that a particular kind of behavior, such as killing, is always an action.

Psychotherapy Relationships That Work-John C. Norcross 2011-05-04 First published in 2002, the landmark Psychotherapy Relationships That Work broke new ground by focusing renewed and corrective attention on the substantial research behind the crucial (but often overlooked) client-therapist relationship. This thoroughly revised edition brings a decade of additional research to the same task. In addition to updating each chapter, the second edition features new chapters on the effectiveness of the alliance with children and adolescents, the alliance in couples and family therapy, real-time feedback from clients, patient preferences, culture, and attachment style. The new edition provides "two books in one"--one on evidence-based relationship elements and one on evidence-based methods of adapting treatment to the individual patient. Each chapter features a specific therapist behavior that improves treatment outcome, or a transdiagnostic patient characteristic (such as reactance, preferences, culture, stage of change) by which clinicians can effectively tailor psychotherapy. All chapters provide original, comprehensive meta-analyses of the relevant research; clinical examples, and research-supported therapeutic practices by distinguished contributors. The result is a compelling synthesis of the best available research, clinical expertise, and patient characteristics in the tradition of evidence-based practice. The second edition of Psychotherapy Relationships That Work: Evidence-Based Responsiveness proves indispensable for any mental health professional. Reviews of the First Edition: "A veritable gold mine of research related to relationships, this is a volume that should be an invaluable reference for every student and practitioner of psychotherapy."--Psychotherapy "This is a MUST READ for any researcher, clinician, or counselor who is genuinely interested in the active ingredients of effective psychotherapy and who appreciates the importance of applying empirical evidence to the therapy relationship."--Arnold A. Lazarus, Ph.D., Distinguished Professor Emeritus, Rutgers University "Psychotherapy Relationships That Work is a superb contemporary textbook and reference source for students and professionals seeking to expand their knowledge and understanding of person-related psychotherapy." --Psychotherapy Research "One is struck with the thoroughness of all the chapters and the care and detail of presentation."--Brief Treatment and Crisis Intervention

Engineering the System Solution-Jack W. Hunger 1995 This text leads the reader through developing basic, generic system engineering skills that can be used to develop, analyze, improve and manage any system. It also covers topics such as skill surveying, team building, the system perspective and mission analysis.

The Professional Responsibility Model of Perinatal Ethics-Frank A. Chervenak 2014-09-12 This book provides the first clinically comprehensive and practical approach to ethical challenges in perinatal medicine.The first chapter introduces and explains the professional responsibility model of perinatal ethics.The professional responsibility model is based on the medical ethics of two major physician-ethics in the history of Western medical ethics, Dr. John Gregory (1724-1773) of Scotland and Dr. Thomas Percival (1740-1804) of England.The professional responsibility model is used to articulate the ethical concept of the fetus as a patient and to operationalize the ethical principles of beneficence and respect for autonomy.The book provides practical guidance for clinical judgment and decision making with patients about the responsible clinical management of the wide range of issues encountered by perinatologists in clinical practice and research.Topics included: periviability; feticide; intrapartum management; maternal-fetal conflict; innovation for fetal benefit; research for fetal benefit; non-aggressive obstetric management; managing the transition from pregnancy to birth; destructive procedures such as cephalocentesis; critical care for the pregnant patient; home birth; patient-choice cesarean delivery; neonatal care as a trial of management; and setting limits on neonatal care on the basis of clinical judgments of futility.

Boston College Environmental Affairs Law Review-Boston College. Law School 1992

Mosby's Massage Therapy Review - E-Book-Sandy Fritz 2014-09-05 Written by massage therapy expert Sandy Fritz, this unique review resource prepares you for all of your massage therapy exams — both routine semester exams and tests administered for licensure, such as the National Certification Exam and the MBLEx. This comprehensive review features updated content and questions based on the currently administered licensing exams. Plus, a companion Evolve website comes loaded with 8 practice exams and a variety of review activities such as labeling exercises, crossword puzzles, electronic coloring book, games, and much more! And for studying on the go, Mosby offers a new mobile app featuring 125 test questions. No other massage review on the market gives you such complete exam preparation! Full color format with 347 illustrations (showing various massage techniques as well as anatomy & physiology) presents information in a more visual, engaging way and helps you retain information better than reviewing text alone. Over 1300 practice questions in the text provide the opportunity to assess your readiness for exams. Over 40 labeling exercises are available throughout the book to help kinesthetic learners retain information. Logical text organization presents review content with illustrations and examples followed by review questions and exams to help you hone test-taking skills as you master facts, learn how to apply them, complete practice questions by topic, and then work through a realistic exam experience. Written to be versatile so it can be used to prepare for licensing exams, as well as classroom exams allows you to prepare for massage licensure exams as well as your regular course load along the way. Answer key printed in the back of the text with rationales provides you additional feedback so you can better understand why answers are correct or incorrect. Esteemed author Sandy Fritz delivers quality content that students and instructors know they can rely on. NEW! Updated content and questions based on the changes to licensing exams delivers the most up-to-date, relevant questions ensuring you'll be fully prepared to pass the current exams. NEW! Companion website offers 8 practice exams, numerous review activities such as labeling exercises, crossword puzzles, Body Spectrum electronic coloring book, online flashcards, med term games, animations and more. NEW! Mobile app with practice test questions offers increased flexibility to study on the go and in shorter intervals.

Business Law and the Regulation of Business-Richard A. Mann 2002 This text provides a concise explanation of the statutory and case law that affects business with the objective of enabling students to use the law as a source for business decision-making. Excellent preparation for CPA exams and numerous critical thinking features are particular strengths of this text. This seventh edition continues the tradition of authoritative, accurate, and up-to-date presentation of the law.

Responsibility-Paul Leo Locatelli 1971

University of Toronto Faculty of Law Review- 1987

Towards Responsible Government in East Asia-Linda Chelan Li 2009-04-03 This book explores the idea of responsible government in East Asia, arguing that many recent governance crises have resulted from responsibility failures on a huge scale. It distinguishes between accountability, which it argues has been overemphasised recently, and responsibility, which it argues goes beyond accountability, true responsible government involving the actor in feeling liable for and taking responsibility for his or her actions. It shows how historically the concept of responsibility is more embedded in political discussions in Asia, whereas the concepts of democracy and accountability are more embedded in the intellectual traditions of Europe, but that the challenges of revolution and post-revolution, decolonization and post-colonization and neo-liberal globalization have complicated matters. Drawing on a wide range of case studies from East Asia, and relating the concepts discussed to political theory, ethics and social psychology, the book shows how actors in government and society interact to deliberate, produce or distract from the practice and perception of "responsible government", and suggests how the concept of "responsible government", better defined, might be encouraged to produce better governance.

Irish University Review- 1994

The A to Z of Corporate Social Responsibility-Wayne Visser 2009-08-27 This is the world's first complete reference on CSR, compiled by the Institute for Corporate Cultural Affairs (the ICCA). The entries have been written by leading experts, leading global thinkers and CSR practitioners. In these pages lie the answers to questions such as:

What do we mean by CSR? In what way are organizations viewed as citizens of the countries in which they operate? How does a company know when it is operating in a sustainable way What is ethical investment? The reference also lists and describes the most important organizations and landmarks in the field of CSR. The book comprises 339 terms, which are split into core concepts, key words and definitions to form the standard reference for managers, academics, teachers, students, officials and volunteers in the field of CSR. This is a timely and innovative contribution to the field of Corporate Social Responsibility - the definitive terminology reference on CSR, business society relations and the organizations and standards in the field.

Test and evaluation management guide.-
