Forget Me Not-Carolee Dean 2012-10-02 From the author of Take Me There, a fast-paced novel in verse about a girl caught between life and death—and the boy who will do anything to save her. Ally is devastated when a scandalous photo of her is texted around school. With her reputation in shambles and her life essentially over, she hides out in a back hallway, trying to figure out where everything went wrong. Elijah has spent time in that hallway too. He landed there after taking a whole bottle of sleeping pills. Now he can see ghosts, and he knows what Ally has yet to suspect—that she's already half dead, and one choice away from never coming back. Elijah has loved Ally for years and would do anything to save her from the in-between place. But if she's going to live, Ally must face her inner demons and find the will to save herself.
