Blind God's Bluff-Richard Lee Byers 2013-01-01 Ante up for the game of a lifetime! Billy Fox, a small-time gambler on a losing streak, has more than enough problems on his hands, owing too much money to some very impatient people. But when he rescues a blinded stranger from a swarm of bloodthirsty fairies, Billy's life gets a lot more complicated. . . . Seems the stranger is actually a powerful local god who is involved in a high-stakes Florida poker tournament against various supernatural challengers. And with his eyes currently missing, he needs somebody to take his place at the gaming table. Before Billy knows it, he finds himself playing against the likes of an ancient Egyptian mummy, an unbearably seductive succubus, a mechanical man, an insect queen, and a cannibalistic beast-man. And not just cards are in play; magic, bloodshed, and cheating are not only expected, they're encouraged. Everybody, including a sexy satyr-girl with her own cards up her sleeve, thinks that Billy is in way over his head. But Billy is a born gambler and, when the chips are down, he might just change his luck for good! Blind God's Bluff is an outrageously addictive urban fantasy that will keep you flipping pages until the very last hand.

If Beale Street Could Talk-James Baldwin 2013-09-17 In this honest and stunning novel, now a major motion picture directed by Barry Jenkins, James Baldwin has given America a moving story of love in the face of injustice. Told through the eyes of Tish, a nineteen-year-old girl, in love with Fonny, a young sculptor who is the father of her child, Baldwin's story mixes the sweet and the sad. Tish and Fonny have pledged to get married, but Fonny is falsely accused of a terrible crime and imprisoned. Their families set out to clear his name, and as they face an uncertain future, the young lovers experience a kaleidoscope of emotions—affection, despair, and hope. In a love story that evokes the blues, where passion and sadness are inevitably intertwined, Baldwin has created two characters so alive and profoundly realized that they are unforgettably ingrained in the American psyche.

The God Delusion. 10th Anniversary Edition-Richard Dawkins 2016-05-19 The God Delusion caused a sensation when it was published in 2006. Within weeks it became the most hotly debated topic, with Dawkins himself branded as either saint or sinner for presenting his hard-hitting, impassioned rebuttal of religion of all types. His argument could hardly be more topical. While Europe is becoming increasingly secularized, the rise of religious fundamentalism, whether in the Middle East or Middle America, is dramatically and dangerously dividing opinion around the world. In America, and elsewhere, a vigorous dispute between 'intelligent design' and Darwinism is seriously undermining and restricting the teaching of science. In many countries religious dogma from medieval times still serves to abuse basic human rights such as women's and gay rights. And all from a belief in a God whose existence lacks evidence of any kind. Dawkins attacks God in all his forms. He eviscerates the major arguments for religion and demonstrates the supreme improbability of a supreme being. He shows how religion fuels war, foments bigotry and abuses children. The God Delusion is a brilliantly argued, fascinating polemic that will be required reading for anyone interested in this most emotional and important subject.

Just Remember This-Colin Bratkovich 2014-05-08 I have completed this manuscript Just Remember This, or as American Pop Singers 1900-1950+, about music before the 1950s in America. It perhaps offers knowledge and insights not previously found in other musical reference books. I have moreover been working on this book very meticulously over the past twelve-plus years. It started as a bit of fun and gradually became serious as I began to listen along with the vocalists of popular music, of the era before 1950, essentially just before the dawn of rock and roll. If you can call it that! Indeed genre and labeling of

American music started here, and then from everywhere. While the old adage of always starting from somewhere could be noted in every century, the 1900s had produced the technology. Understanding the necessity, more so, finds a curiosity on the part of a general public hungry for entertainment, despite 6 day work weeks, World War I, the Great Depression, and World War II.

Life on Mars-Tracy K. Smith 2017-01-10 Winner of the 2012 Pulitzer Prize * Poet Laureate of the United States ** A New York Times Notable Book of 2011 and New York Times Book Review Editors' Choice ** A New Yorker, Library Journal and Publishers Weekly Best Book of the Year * New poetry by the award-winning poet Tracy K. Smith, whose "lyric brilliance and political impulses never falter" (Publishers Weekly, starred review) You lie there kicking like a baby, waiting for God himself To lift you past the rungs of your crib. What Would your life say if it could talk? —from "No Fly Zone" With allusions to David Bowie and interplanetary travel, Life on Mars imagines a soundtrack for the universe to accompany the discoveries, failures, and oddities of human existence. In these brilliant new poems, Tracy K. Smith envisions a sci-fi future sucked clean of any real dangers, contemplates the dark matter that keeps people both close and distant, and revisits the kitschy concepts like "love" and "illness" now relegated to the Museum of Obsolescence. These poems reveal the realities of life lived here, on the ground, where a daughter is imprisoned in the basement by her own father, where celebrities and pop stars walk among us, and where the poet herself loses her father, one of the engineers who worked on the Hubble Space Telescope. With this remarkable third collection, Smith establishes herself among the best poets of her generation.

There's Power Inside of a Woman-

The Drama- 1922

Paradise High-Joe Aaron 2014-06-26 They say that hell hath no fury like a woman scorned-but "they" haven't read this book yet. Paradise High is a sharp, witty, and somewhat flippant romantic comedy where the fury is a lot worse, because it comes not from a ticked-off girl, but from a ticked-off God. God doesn't like what's been going on in the world: Hatred. Violence. War. Reality TV. It's just too much, so he's decided to put an end to it once and for all, and he dispatches teen angel Michael Night to bring Armageddon to earth. But Michael finds himself at odds with God's plan. When he's captivated by a young babe-o-rama named Shelly Bloom, he can't imagine killing her or anyone else in the world. So Mike asks God for a little time. He wants the chance to pursue Shelly and prove that humankind ain't so bad after all-and, if he can win Shelly's heart, that love just might save the earth from God's fury. But, then again, it may not. God moves in mysterious ways...and so do sixteen-year-old girls. Paradise High is clever, clean fiction that's sure to entertain teen and young adult readers and youthful spirits of all ages.

their share of binge drinking, mood swings, or addiction that has stretched a relationship to its limits. Dr. Melissa Tate is a popular psychology consultant and licensed professional counselor who takes you on a personal journey of self-disclosure and transparency. Often described as an easy going, juggling-it-all, classy and professional single mom, you would be remiss to assume she has always had it all. Vicariously stuck on the emotional roller coaster of her loved ones' mental instability and self-medicating, addictive behaviors, she has had to literally and figuratively pick herself up from some raw and shocking situations. Through two failed marriages and a shattered sibling bond, she gives you a front row seat to her internal struggle as a blind passenger. A memoir-esque snapshot of these three relationships is used as a platform for broader, often under-discussed, therapeutic conversations about domestic violence and addiction in the family system. And she gets it. She knows how you feel and where you've been-not merely because she has read about it or counseled people through it-because she has lived it. In being transparent about her intimate experiences with broken relationships, Dr. Tate is able to provide a personal and professional insight for regaining your peace of mind amidst a wild ride.

As I Lay Dying-William Faulkner 2020-12-11

And God Said...-Eric M. Ralph 2013-03 For fans of Christopher Moore, Robert Rankin, and Douglas Adams, And God Said... provides the wacky, irreverent humor you expect: What happens when God falls in love? God retires, gets engaged, and unleashes an unprecedented hullabaloo. Can God find true happiness and wed the woman he loves? Or will angry Anglicans, the replacement god, and the most important progress reports in the universe stop the former Almighty from achieving marital bliss? Steinbeck. Tolstoy. Hemingway. None ever wrote anything like this. Probably for good reason. But And God Said... is funnier than The Grapes of Wrath, shorter than War and Peace, and, let's face it, you haven't read Hemingway since high school.

The Way Things Work in Life-Basimah Khulusi 2012-01-10 Why does life seem to be so unfair? Or is it? Is there a God? And if there is a God, how come God can be so unjust, and why do bad things happen to good people? Religious people and philosophers have tried to answer these questions about life in the past using the metaphors of their day and age, as well as of their professions. Old metaphor might have resonated with people back then and might still make sense to some today, but that is leaving out a

multitude of others who are finding it difficult to relate to this language; especially the young. This book explains how things in life work using the language and the metaphors of mathematics, chemistry and physics that everybody has been acquiring in school. Here are some of the answers to how things work in life: -The word God is a metaphor. God is "everything," and God is fair. -The world is "thoughts," but that does not mean that you just sit there and think about becoming great to achieve greatness the way it's been touted in the book titled "The Secret" by Rhonda Byrne! No! That's wrong! And it's not how the equation works! -Good and bad are relative quantities. -War is necessary to keep the balance of power between good and bad, but it doesn't have to result in bloodshed. -Sex is a commodity and it has a sublime value that has to be implemented. -Love is a binding force. Lust and Dependency belong on the opposite ends of the spectrum of love. -Like does not belong on the spectrum of love. -We do have a choice, and our choice does make a difference. -Our reaction is the only variable that can change every equation in our life. -There are different degrees of only two religions in the world: Conservative and Liberal. And more...
