Financial Accounting-Michael H. Granof 1985

Financial Management for Nurse Managers and Executives-Steven A. Finkler 2007-01-01 Covering the financial topics all nurse managers need to know and use, this book explains how financial management fits into the healthcare organization. You'll study accounting principles, cost analysis, planning and control management of the organization's financial resources, and the use of management tools. In addition to current issues, this edition also addresses future directions in financial management. Chapter goals and an introduction begin each chapter. Each chapter ends with Implications For The Nurse Manager and Key Concepts, to reinforce understanding. Key Concepts include definitions of terms discussed in each chapter. A comprehensive glossary with all key terms is available on companion Evolve? website. Two chapter-ending appendixes offer additional samples to reinforce chapter content. Four NEW chapters are included: Quality, Costs and Financing; Revenue Budgeting; Variance Analysis: Examples, Extensions, and Caveats; and Benchmarking, Productivity, and Cost-Benefit and Cost-Effectiveness Analysis. The new Medicare prescription bill is covered, with its meaning for healthcare providers, managers, and executives. Coverage now includes the transition from the role of bedside or staff nurse to nurse manager and nurse executive. Updated information includes current nursing workforce issues and recurring nursing shortages. Updates focus on health financing and the use of computers in budgeting and finance. New practice problems are included.

Business Information Sources-Lorna M. Daniells 1993 Lists and describes the various types of general business reference sources and sources having to do with specific management functions and fields

Money and Schools-David C Thompson 2013-10-02 In the new edition of this essential, all-inclusive text, the authors provide more important research for future principals and others enrolled in graduate-level school finance courses. Written in a style that is highly readable, the book offers strong connections to real-world experiences. Readers get both a broad overview of funding concepts and a detailed examination of daily funding operations and will come away with a deep understanding of the relationship between money and student achievement. New to this edition: Current research on the impact of money on student learning outcomes, New concepts that are gaining traction, such as sustainability, Current web resources and recommended reading

Money and Schools-Faith Crampton 2015-05-22 For both aspiring and experienced education leaders in school budgeting, finance, and resource management courses, Money and Schools explains and demonstrates the relationship between money and equality of educational opportunity. Grounded in research and best practices, this book provides a broad overview of school finance, budgeting, and resource allocation, as well as a detailed examination of day-to-day funding operations. This accessible and engaging book offers strong connections to real-world experiences and detailed information on pre-K-12 funding history, concepts, and current operations. New to this edition: • Cutting edge research on the relationship of money and student learning outcomes, alterations to state aid distribution formulas, new federal education initiatives, and a changing landscape in school finance litigation. • New concepts that have gained traction since the last edition of the book, including school choice and privatization, Common Core State Standards, value-added teacher evaluation, and growth of online options at the K-12 level. • Updated end-of-chapter activities and additional resources that are aligned with the key concepts and content of each chapter. • Online instructor resources

Introduction to Fund Accounting-Joan W. Norvelle 1997

Core Concepts of Government and Not-For-Profit Accounting-Michael H. Granof 2010-07-13 Building on the success of Government and Not-For-Profit Accounting, 2/e, Michael Granof and Penelope Wardlow's new text, CORE CONCEPTS OF GOVERNMENT AND NOT-FOR-PROFIT ACCOUNTING presents a concise, accessible, user-oriented look at the unique features of governmental and not-for-profit accounting. The text helps students understand the "why" of accounting requirements and how financial statements may be interpreted and used by a variety of interested parties, such as future managers, bond analysts, and members of legislatures and governing boards.

The Norton Field Guide to Writing with Handbook-Richard Bullock 2009-07-22 The most successful new rhetoric in a generation, now in a version with a handbook—everything students need to write and edit all the kinds of writing they're expected to do.

Managing Human Productivity-Stephen J. Holoviak 1987 This comprehensive text focuses on the transition underway in the fields of personnel and labor relations and guides the reader into the new era of human resources management. The book examines some current issues and topics that are producing solid results--results that make people feel part of the organization and that contribute to increased organizational effectiveness. The authors argue that these practices are not just passing fads, but proven concepts that should endure well into the future. The technical side of the labor relations process is also examined in depth as are training and career development, turnover, absenteeism, and substance abuse. This comprehensive new text focuses on the transition underway in the fields of personnel and labor relations and guides the reader into the new era of human resources management. The book opens with a discussion of key traditional labor relations concepts in light of new research findings. The initial chapters set the base upon which to build knowledge about how to enhance the investment in people to the mutual benefit of the organization and the employee. These are followed by a look at some current issues and topics that are producing solid results--results that make people feel part of the organization and that contribute to increased organizational effectiveness. The authors argue that these practices are not just passing fads, but proven concepts that should endure well into the future. The technical side of the labor relations process is also examined in depth as are training and career development, turnover, absenteeism, and substance abuse. The final section provides a philosophical foundation for the successful implementation of the concepts offered by the authors.

Government and Not-for-Profit Accounting-Michael H. Granof 2018-12-28 Government and Not-for-Profit Accounting highlights the dynamic nature and constant evolution of the field and the intellectual challenges it presents. Designed to assist both preparers and potential users of financial reports, this book emphasizes concepts over rules and regulations to help students think critically and consider the effectiveness of alternate methodologies. Real-world examples demonstrate the similarities and differences between the public and private sectors—and how each might approach the same issue—and complete coverage of relevant reporting standards and practices aligns with the latest GASB, FASB, and AICPA changes. A central goal of this text is to make students aware of the reasons behind the guidelines and standards, and consider their strengths, limitations, applications, and alternatives. Much more than simply an invaluable preparation resource for the CPA and CGFM exams, this book lays the intellectual foundation that allows the students of today to become the leaders of tomorrow: the members of the standard-setting boards, partners of CPA firms, government and not-for-profit executives, legislative and governing board members, and more.

Student Study Guide to Accompany Microbiology-Marjorie Kelly Cowan 2005-05-09

Critical Pedagogy and the Everyday Classroom-Tony Monchinski 2008-06-28 Critical Pedagogy addresses the shortcomings of mainstream educational theory and practice and promotes the humanization of teacher and student. Where Critical Pedagogy is often treated as a discourse of academics in universities, this book explores the applications of Critical Pedagogy to actual classroom situations. Written in a straight-forward, concise, and lucid form by an American high school teacher, drawing examples from literature, film, and, above all, the everyday classroom, this book is meant to provoke thought in teachers, students and education activists as we transform our classrooms into democratic sites. From grading to testing, from content area disciplines to curriculum planning and instruction, from the social construction of knowledge to embodied cognition, this book takes the theories behind Critical Pedagogy and illustrates them at work in common classroom environments.
