Taking Flight: From War Orphan to Star Ballerina-Michaela DePrince 2014-10-14 SOON TO BE A MAJOR MOTION PICTURE DIRECTED BY MADONNA! The extraordinary memoir of an orphan who danced her way from war-torn Sierra Leone to ballet stardom, most recently appearing in Beyonce's Lemonade and as a principal in a major American dance company. "Michaela is nothing short of a miracle, born to be a ballerina. For every young brown, yellow, and purple dancer, she is an inspiration!" —Misty Copeland, world-renowned ballet dancer Michaela DePrince was known as girl Number 27 at the orphanage, where she was abandoned at a young age and tormented as a "devil child" for a skin condition that makes her skin appear spotted. But it was at the orphanage that Michaela would find a picture of a beautiful ballerina en pointe that would help change the course of her life. At the age of four, Michaela was adopted by an American family, who encouraged her love of dancing and enrolled her in classes. She went on to study at the Jacqueline Kennedy Onassis School at the American Ballet Theatre and is now the youngest principal dancer with the Dance Theatre of Harlem. She has appeared in the ballet documentary First Position, as well as on Dancing with the Stars, Good Morning America, and Nightline. In this engaging, moving, and unforgettable memoir, Michaela shares her dramatic journey from an orphan in West Africa to becoming one of ballet's most exciting rising stars. "Michaela DePrince is the embodiment of what it means to fight for your dream." —Today "Michaela DePrince is a role model for girls on and off stage." —NYLON

Hatchet-Gary Paulsen 2009-08-25 Celebrate the thirtieth anniversary of the Newbery Honor-winning survival novel Hatchet with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. Hatchet has also been nominated as one of America's best-loved novels by PBS's The Great American Read. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

For the Love of Flight-Robert Barr 2014-01-20 For the Love of Flight by Robert Barr With an aviation career spanning nearly fifty-one years, there are many stories to tell, many memories to share. From military tours in Southeast Asia to flying the Ho Chi Minh Trail in Vietnam, Laos and Cambodia, Robert E. Barr has a story to tell. His more than three hundred combat missions remain fresh in his mind as he recounts not only the factual aspects of his missions, but also the deeply personal, often raw, emotions that still remain with him to this day. From the sheer dread of directing fighters on targets in enemy-occupied countries to the feelings of intense isolation when flying extended solo missions, Barr remains candid and authentic as he takes readers for a ride throughout his colorful aviation career, including his time as a corporate pilot, flying for a major oil services company with no other than Dick Cheney as his CEO. From his earliest military missions to his corporate days of flying in such remote areas as Algeria and Angola, where he led missions for energy and oil exploration, Barr recounts vivid elements of his years in the cockpit, exploring memories that can't be forgotten and stories that must be told. About the Author Although Robert E. Barr has retired from flying, he has remained immersed in aviation, often lecturing to community groups and, earlier in his retirement, flight instructing on a pro bono basis. Robert was born and raised in Casper Wyoming. He currently resides in Boise, Idaho.

Fanny's Flight-Rita Traut Kabeto 2010 "The setting for this story is post-war Germany of the 1950s. After graduating from a convent business boarding school, Stephanie wants to work in her father's business. Her mother has other ideas, though, and Fanny ends up being a housemaid for her mother and a nursemaid for younger siblings. She has neither rights nor privileges, and desperately looks for a way out of her predicament. She meets Leon at a dance course and begins to live a little, but again, her mother prevents her from escaping to better and happier times and places. Fanny has a lot to learn before she is able to take life into her own hands."--Publisher's description.

Murphy Station-David Donovan 2010 "In the southern Georgia of 1950, Murphy Station is a community marked only by two country stores, two Baptist churches, and a graveyard. Farming is the way of life, and segregation is in full force. Welcome to Deep Dixie." "David Donovan is a young white boy growing up in Murphy Station where even the best farmers are cash poor, and those who work for them, usually blacks, are poorer still. In adult conversation, the main topics are weather, crops, and politics. Within the last category, it's agreed that the main threats facing America are two: communism and integration. So far as young Dave knows, this isn't unusual, but already there are changes afoot. In this richly detailed memoir, laced with both humor and tragedy, we see how those changes affect Dave in subtle but ultimately profound ways." "Coming of age in a world with the axiom "no boy a chicken, no man a coward," Dave has the sorts of boyhood adventures common to the rural South: exploits with firearms, encounters with angry animals, challenges from friends, and a growing interest in girls. As he has these adventures, he also works in the field alongside black farmhands, some of whom teach him vital lessons about the realities of their lives - lessons that begin to challenge the prejudices and preconceptions of his time and place." "By the late 1950s the civil rights movement has become a major force in the South; yet, as David enters high school in 1960 the customs of segregation still hold sway, persisting even when he leaves for college. In his first year away from home, he witnesses the national trauma of the Kennedy assassination, which blunts the promises of Camelot. In Vietnam a few years later, he sees those promises collapse entirely. Returning in 1970 to a Murphy Station much changed from what it was twenty years earlier, David Donovan finds himself transformed as well." --Book Jacket.

Plane Insanity-Elliott Hester 2010-04-01 You're belted into a middle seat with burly businessmen on either side. It's 92 degrees in the cabin and someone forgot to use deodorant. A baby screams. A kid kicks the back of your seat. After two hours you haven't even left the taxiway. Welcome to modern airline travel! In Plane Insanity, Elliott Hester delivers stories that could only come from someone who "rides tin" for a living-a flight attendant. You'll hear about: \* the passenger from hell \* a smuggled python \* prostitutes working the lavatories \* a riot in coach-class \* a heist \* the anatomy of a carryon bag \* a malodorous couple \* the Mile-High Club \* and more! Fasten your seatbelts. After Plane Insanity, you'll never think of air travel the same way again.

Stealing Air-Trent Reedy 2012-10-01 When his dad announced they were moving to Iowa, Brian looked forward to making some new friends. But on his first day there he makes an enemy instead -- Frankie Heller, the meanest kid in town. Brian needs to hang out with someone cool to get back on track. . . . Alex has always been the coolest guy around, and good with money, just like his dad. But now the family is struggling, and he needs to make some cash to keep up appearances. Then an opportunity falls in his lap . . . Max is a scientific genius, but his parents are always busy with their own work. Building an actual plane should get their attention -- if only he wasn't scared of heights . . . The answer to all three boys' problems starts with Max's secret flyer. But Frankie and the laws of popularity and physics stand in their way. Can they work together in time to get their plan AND their plane off the ground?
