The Complete Book of Classic John Deere Tractors-Don Macmillan 2020-03-10 The Complete Book of Classic John Deere Tractors explores the range of iconic "green tractors" with which Illinois-based John Deere has become one of the world's most recognizable brands. Part of Motorbooks' Complete Book series, this fact-packed volume takes you through dozens of John Deere farm models, beginning with the 1892 Waterloo Boy and ending with the game-changing New Generation and Generation II lines. With selected text from The Bigger Book of John Deere by late legendary Deere historian Don Macmillan, this book details year-to-year model changes within each series and offers comprehensive specs charts compiled by Deere authority John Dietz. In addition to the Waterloo Boy, you'll witness the entire 40-plus years of two-cylinder "Johnny Poppers," from the 1924 Model D through the 830 Series models in 1960, and the styled tractors of the prewar and postwar years. Also featured heavily are the groundbreaking New Generation tractors launched to much fanfare in 1960 and their successors, the New Generation II lineup with their Sound-Gard cabs. Standard, row-crop, orchard, and even a selection of experimental models...they're all here. In addition, you'll find coverage of John Deere's rich international heritage, with tractors produced in Spain, Germany, and Australia. Illustrated with incredible color photography and period advertising, The Complete Book of Classic John Deere Tractors isan essential edition for the library of any Deere fanatic.

Folks, This Ain't Normal-Joel Salatin 2011-10-10 From farmer Joel Salatin's point of view, life in the 21st century just ain't normal. In FOLKS, THIS AINT NORMAL, he discusses how far removed we are from the simple, sustainable joy that comes from living close to the land and the people we love. Salatin has many thoughts on what normal is and shares practical and philosophical ideas for changing our lives in small ways that have big impact. Salatin, hailed by the New York Times as "Virginia's most multifaceted agrarian since Thomas Jefferson [and] the high priest of the pasture" and profiled in the Academy Award nominated documentary Food, Inc. and the bestselling book The Omnivore's Dilemma, understands what food should be: Wholesome, seasonal, raised naturally, procured locally, prepared lovingly, and eaten with a profound reverence for the circle of life. And his message doesn't stop there. From child-rearing, to creating quality family time, to respecting the environment, Salatin writes with a wicked sense of humor and true storyteller's knack for the revealing anecdote. Salatin's crucial message and distinctive voice--practical, provocative, scientific, and down-home philosophical in equal measure--make FOLKS, THIS AINT NORMAL a must-read book.
