The Butterfly in the Quantum World-Indubala I Satija 2016-09-06 Butterfly in the Quantum World by Indu Satija, with contributions by Douglas Hofstadter, is the first book ever to tell the story of the “Hofstadter butterfly”, a beautiful and fascinating graph lying at the heart of the quantum theory of matter. The butterfly came out of a simple-sounding question: What happens if you immerse a crystal in a magnetic field? What energies can the electrons take on? From 1930 onwards, physicists struggled to answer this question, until 1974, when graduate student Douglas Hofstadter discovered that the answer was a graph consisting of nothing but copies of itself nested down infinitely many times. This wild mathematical object caught the physics world totally by surprise, and it continues to mesmerize physicists and mathematicians today. The butterfly plot is intimately related to many other important phenomena in number theory and physics, including Apollonian gaskets, the Foucault pendulum, quasicrystals, the quantum Hall effect, and many more. Its story reflects the magic, the mystery, and the simplicity of the laws of nature, and Indu Satija, in a wonderfully personal style, relates this story, enriching it with a vast number of lively historical anecdotes, many photographs, beautiful visual images, and even poems, making her book a great feast, for the eyes, for the mind and for the soul. DVD and Video Guide 2005-Mick Martin 2004 Now in its twentieth edition, a concise guide to the video and DVD market provides in the most recent year’s edition more than 400 new entries, a star-based rating system, cast and director indexes, an Academy Award winner list, and more than 18,000 reviews. Simultaneous. 45,000 first printing. Genders and Sexualities in Indonesian Cinema-Ben Murtagh 2013-09-23 Indonesia has a long and rich tradition of homosexual and transgender cultures, and the past 40 years in particular has seen an increased visibility of sexual minorities in the country, which has been reflected through film and popular culture. This book examines how representations of gay, lesbian and transgender individuals and communities have developed in Indonesian cinema during this period. The book first explores Indonesian engagement with waria (male-to-female transgender) identities and the emerging representation of gay and lesbi Indonesians during Suharto’s New Order regime (1966-98), before going on to the reimagining of these positions following the fall of the New Order, a period which saw the rebirth of the film industry with a new generation of directors, producers and actors. Using original interview research and focus groups with gay, lesbi and waria identified Indonesians, alongside the films themselves and a wealth of archival sources, the book contrasts the ways in which transgendered lives are actually lived with their representations on screen. Global Auteurs-Brian Michael Goss 2009 Global Auteurs employs auteur theory to examine the work of three contemporary and innovative directors: Pedro Almodóvar, Lars von Trier, and Michael Winterbottom. With extensive background information on the global film industry, and on auteur theory and its implications for ideological critique, this book’s insightful case studies examine both ideologies the filmmakers re-circulate and ideologies that they confront in textual form. The discussion of Pedro Almodóvar devotes particular attention to mass mediation, the family, and gender in the corpus of his films, while Lars von Trier’s corpus is interpreted as driven by a motif that characterizes all of his films: the «failed idealist». Michael Winterbottom’s body of work presents a genre-diverse, post-MTV style concerned with «outsiders» and taboo, representation and truth, and human rights. Global Auteurs’ sophisticated approach to decoding film is suitable for graduate and undergraduate courses on film, global mass media, and contemporary Europe. Deleuze and Queer Theory-Chrysanthi Nigianni 2005-01-29 This exciting collection of work introduces a major shift in debates on sexuality: a shift away from discourse, identity and signification, to a radical new conception of bodily materialism. Moving away from the established path known as queer theory, itsuggests an alternative to Butler’s matter/representation binary. It thus dares to askhow to think sexuality and sex outside the discursive and linguistic context that hascome to dominate contemporary research in social sciences and humanities. Deleuze and Queer Theory is a provocative and often militant collection that explores a diverse range of themes including: the revisiting of the term ‘queer’; a rethinking of the sex-gender distinction as being implied in Queer Theory; an exploration of queer temporalities; the non/re-reading of the homosexual body/desire and the becoming-queer of the Deleuze/Guattari philosophy. It will be essential reading for anyone interested not just in Deleuze’s and Guattari’s philosophy, but also in the fields of sexuality, gender and feminist theory. The Spy’s Kiss-Nita Abrams 2005-03-01 Serena Allen has taken refuge at her uncle’s country house ever since a scandalous seduction left her reputation in tatters. But her aunt has never given up hope of making a match for her and is delighted when the handsome, aristocratic Julien Clermont arrives at Boulton Park expressing an interest in the earl’s famous butterfly collection-and interest of a different kind in Serena. Serena herself views the guest with misgivings. Can a man be too charming? And can it be coincidence that important foreign documents entrusted to the earl have begun to disappear and reappear in odd places? Julien is indeed on a top-secret-and personal-mission, one that prevents him from disclosing his real identity to Serena. But the truth will out, and with it comes a devilish choice-betray the lovely, quick-witted woman who has won his heart, or risk forfeiting his own life. . .

To Touch a Butterfly-Rachel Farrington-Allen 2005 This is the true story of a life changed one bright March morning, the secrets and lies of sexual abuse and how they invaded and destroyed a young girl’s soul.

Rewriting the Nation-Aleks Sierz 2011-01-25 In recent years British theatre has seen a renaissance in playwrighting that has been accompanied by a proliferation of writing awards, new writing groups and a ceaseless quest for fresh, authentic voices that will ensure the vitality and relevance of theatre in the twenty-first century. Rewriting the Nation is a perfect companion to Britain’s burgeoning theatre writing scene that will prove invaluable to anyone wanting a better appreciation of why British theatre - at its best - remains one of the most celebrated and vigorous throughout the world. The books opens by defining what is meant by ‘new writing’ and providing a study of the system in which it is produced. It considers the work of the leading ‘new writing’ theatres, such as the Royal Court, the Traverse, the Bush, the Hampstead and the National theatres, together with the London fringe and the work of touring companies. In the second part, Sierz provides a fascinating survey of the main preoccupations and issues that have characterised new plays in the first decade of the twenty-first century. It argues that while under New Labour economic, political and social change continued apace, generating anxiety and uncertainty in the population, theatre has been able to articulate not only those anxieties and uncertainties but also to offer powerful images of the nation. At a time when the idea of a national identity is hotly debated, British theatre has made its own contribution to the debate by offering highly individual and distinctive visions of who we are and what we might want to become. In examining the work of many of the acclaimed and emerging British playwrights the book serves to provide a narrative of contemporary British playwrighting. Just as their work has at times reflected disturbing truths about our national identity, Sierz shows how British playwrights are deeply involved in the project of rewriting the nation.

The Rubenstein Kiss-James Phillips 2005-11-17 Talks about Cold-War betrayal and the quest for justice. Inspired by a true story, this title explores the mysterious corridors of history to reveal the anguish of a family and a quest for atonement. The Cinema of Michael Winterbottom-Bruce Bennett 2013-11-26 This comprehensive study of prolific British filmmaker Michael Winterbottom explores the thematic, stylistic, and intellectual consistencies running through his eclectic and controversial body of work. This volume undertakes a close analysis of a TV series directed by Winterbottom and sixteen of his films ranging from television dramas to transnational co-productions featuring Hollywood stars, and from documentaries to costume films. The critique is centered on Winterbottom’s collaborative working practices, political and cultural contexts, and critical reception. Arguing that his work delineates a ‘cinema of borders’, this study examines Winterbottom’s treatment of sexuality, class, ethnicity, and national and international politics, as well as his quest to adequately narrate inequality, injustice, and violence.

A Prelude to a Kiss-Kenneth Wayne Pomares 2005 Pathway Life can often be compared to our roads and highways With never ending lines that begin to end And end to begin. Going one way, And sometimes two? Straightaways to sharp turns Never knowing where it will take you. And as you know, life has its uphill battles as well as down sloping defeats. Because life, like our roads and highways, has its mergers and departures, Detours and dead ends. But does this mean life ends or does it begin? A Prelude to a Kiss is an intimate depiction of author Kenneth Wayne Pomares’ self. Through his poetical musings, experience the emotions associated with the moments before a first kiss-nervous energy, eager anticipation, heightened awareness, and humbling respect. Almost everyone can recall their first kiss-from how they approached the person with whom they were consumed, to the moment their bodies met, to the instant that they felt comfortable enough to kiss. True, contemporary, and controversial, the prose in A Prelude to a Kiss illustrates that how we approach a kiss is sometimes how we approach our lives. A Prelude to a Kiss provides a stimulating look at the innocence of love and trials of life as perceived by Pomares.

The Latino Theatre Initiative/Center Theatre Group Papers, 1980-2005-Chantal Rodriguez 2011 Literary Nonfiction. Memoir. WHO WAS COUSIN ALICE? AND OTHER QUESTIONS attempts to answer both the first question posed in the title about American poet John Matthias’s early family memories, and then to raise and engage, in a series of memoirs and critical essays, a large number of “other questions.” These range from an attempt to find some answers about his wife’s British family in “Kedging in ‘Kedging in Time,” an essay-memoir first published as an afterword to his long poem “Kedging,” about the Adams and Young families during and after World War I, to memoirs inquiring into “Poetry and Insomnia,” “Poetry and Murder,” and the literary imaginations of “Grand Old Dirty Old Men”—Yasunari Kawabata, Gabriel García Márquez, and Octavio Paz, among others—an examination of erotic writing of the old and aging as a manifestation of “late style.” Specifically literary essays include considerations of W. H. Auden, Benjamin Britten, Roy Fisher, Paul Muldoon, John Berryman, Robert Hass, Robert Pinsky, Michael Anania, and “British Poetry at Y2K.” In this hybrid mix of genres—both very recent work and a selection of pieces culled from the last twenty-five years—Matthias has added a number of poems that enter into a dialogue with his essays and memoirs. Guy Davenport has said that Matthias’s prose “is written in a congenial and civilized style,” and that while he “writes for a general audience that reads,” his work, taken together, constitutes “a critical tour de force.”

New Queer Cinema-B. Ruby Rich 2013-02-19 B. Ruby Rich designated a brand new genre, the New Queer Cinema (NQC), in her groundbreaking article in the Village Voice in 1992. This movement in film and video was intensely political and aesthetically innovative, made possible by the debut of the camcorder, and driven initially by outrage over the unchecked spread of AIDS. The genre has grown to include an entire generation of queer artists, filmmakers, and activists. As a critic, curator, journalist, and scholar, Rich has been inextricably linked to the New Queer Cinema from its inception. This volume presents her new thoughts on the topic, as well as bringing together the best of her writing on the NQC. She follows this cinematic movement from its origins in the mid-1980s all the way to the present in essays and articles directed at a range of audiences, from readers of academic journals to popular glossies and weekly newspapers. She presents her insights into such NQC pioneers as Derek Jarman and Isaac Julien and investigates such celebrated films as Go Fish, Brokeback Mountain, Itty Bitty Titty Committee, and Milk. In addition to exploring less-known films and international cinemas (including Latin American and French films and videos), she documents the more recent incarnations of the NQC on screen, on the web, and in art galleries.
