Musica Franca-Frank A. D'Accone 1996 Musica Franca: Essays in Honor of Frank A. D'Accone pays tribute to one of the leading scholars of Renaissance music on the occasion of his sixty-fifth birthday. With an introduction by Lewis Lockwood, the collection of essays is wide-ranging, a musica franca befitting the interests of the international circles of colleagues who contributed to this volume. Nino Pirrotta opens the section on "Florentine Renaissance," followed by Bonnie J. Blackburn, Anthony M. Cummings, and Francesco Luisi. Music of the Italian Renaissance is the focus of "Archival Studies" and of "Madrigal and Carnival Song," with contributions by Tim Carter, Colleen Reardon, Arnaldo Morelli, James Haar, William F. Prizer, and Dinko Fabris. The essays on "Italian Opera" range from seventeenth-century Venice (Irene Alm) to eighteenth-century Florence (William C. Holmes), to a comparison of Rossini and Bellini (Paolo Fabbri). Issues of "Performance Practice" in both vocal and instrumental repertoires are examined by Alyson Mdamore, Keith Polk John Walter Hill, and Don Harrán. In "Manuscript Studies," Fabio Carboni Agostino Zino, Jean-Michel Vaccaro, and Richard Charteris analyze primary sources from the fourteenth through the seventeenth centuries. Finally, Daniel Hertz, H. Colin Slim, and Owen Jander explore the relationship between "Music and Image" in sixteenth-century France, seventeenth-century Italy, and Beethoven's Vienna. This impressive collection of essays is a fitting celebration for a noted scholar.

Petrarch's Canzoniere in the English Renaissance-Anthony Robert Mortimer 2005 Seven centuries after the birth of Petrarch (1304-74) the nature and extent of his influence loom ever larger in the study of renaissance literature. In this revised and expanded edition of Petrarch's Canzoniere in the English Renaissance Anthony Mortimer presents a unique anthology of 136 English poems together with the specific Italian texts that they translate, adapt or exploit. The result, with its revealing juxtapositions of major and minor figures, makes fascinating reading for anyone who wants to get beyond broad generalizations about Petrarchism and see exactly what English poets made of Petrarch's celebrated sequence. Reviewing the first edition, Professor Brian Vickers wrote: An ideal text-book for university courses in English or Comparative Literature. The critical introduction is a fresh, independent and accurate survey of the role of Petrarchism in the English Renaissance ... our literary history is being rewritten, more accurately.

Translating Words-Sabine Dedenbach-Salazar Saenz 2019-07 This book addresses the translation of culture in the context of religion. The contributions, which analyse texts in literary, ethnohistorical and/or linguistic terms, show how different cultural traditions and languages are communicated across boundaries. They include studies of the missionary context of the Early Middle Ages and of colonially dominated cultures in Latin America, India, China, Africa and Australia, from the 16th to the early 20th century; and they analyse literary works with respect to how they transmit and translate culture: one a Christian play in the context of Islam, the other one a novel of the Haitian diaspora in the USA; another contribution presents the challenges of how the concept of religion itself is conveyed in contemporary scholarly contexts. By using different methodological tools, the authors show the manifold and innovative ways in which this field of the translation of culture can be approached.

Early Prose in France-Jeanette M. A. Beer 1992 It is fast becoming dogma that French prose emerged out of poetry by a process of deversification in the thirteenth century. Since the earliest extant example of written French prose dates back to the eighth century, this premise cannot be taken at face value. Prose had been the medium of the clerics for many centuries before the thirteenth. It had been honed by constant use to all manner of functions whether legal, diplomatic, epistolary, or edificatory (to name only those exemplified in this study). Early Prose in France is above all a reevaluation, an attempt to call into question the assumption that deversification could have been responsible for the emergence of such lengthy prose works as the crusading chronicles and the encyclopedic translations of the early thirteenth century. In this volume Beer demonstrates the sophisticated stylistic propensities of Early French prose, an effort long needed that does a great service to all French literary scholars.

Last Letters of Jacopo Ortis-Ugo Foscolo 2017-05 Ugo Foscolo's Last Letters of Jacopo Ortis, written between 1799 and 1815, was the first true Italian novel. Its epistolary form is in the eighteenth-century tradition of novels like Clarissa Harlowe and the Nouvelle Heloise. Jacopo's tragic love for Teresa and his subsequent suicide recall The Sorrows of Young Werther. In addition to being an intensely political novel, this work also expresses the author's romantic conception of nature as a mirror of human emotions.

Michelangelo's Poetry and Iconography in the Heart of the Reformation-Ambra Moroncini 2017-04-07 Contextualizing Michelangelo's poetry and spirituality within the framework of the religious Zeitgeist of his era, this study investigates his poetic production to shed new light on the artist's religious beliefs and unique language of art. Author Ambra Moroncini looks first and foremost at Michelangelo the poet and proposes a thought-provoking reading of Michelangelo's most controversial artistic production between 1536 and c.1550: The Last Judgment, his devotional drawings made for Vittoria Colonna, and his last frescoes for the Pauline Chapel. Using theological and literary analyses which draw upon reformist and Protestant scriptural writings, as well as on Michelangelo's own rime spirituali and Vittoria Colonna's spiritual lyrics, Moroncini proposes a compelling argument for the impact that the Reformation had on one of the greatest minds of the Italian Renaissance. It brings to light how, in the second quarter of the sixteenth century in Italy, Michelangelo's poetry and aesthetic conception were strongly inspired by the revived theologia crucis of evangelical spirituality, rather than by the theologia gloriae of Catholic teaching.

I Know Why the Caged Bird Sings-Maya Angelou 2010-07-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, I Know Why the Caged Bird Sings will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

Keep Moving-Maggie Smith 2020-10-06 NATIONAL BESTSELLER "Keep Moving is perfect for right now." —Al Roker "A meditation on kindness and hope, and how to move forward through grief." —NPR "A shining reminder to learn all we can from this moment, rebuilding ourselves in the darkness so that we may come out wiser, kinder, and stronger on the other side." —The Boston Globe "Powerful essays on loss, endurance, and renewal." —People "Best Nonfiction Books of 2020" Marie Claire's "2020 Books You Should Pre-Order Now" Parade's "25 Self-Help Books To Get Your 2020 Off On The Right Foot" The Washington Post's "What to Read in 2020 Based on the Books You Loved in 2019" For fans of Anne Lamott and Cleo Wade, a collection of quotes and essays on facing life's challenges with creativity, courage, and resilience. When Maggie Smith, the award-winning author of the viral poem "Good Bones," started writing inspirational daily Twitter posts in the wake of her divorce, they unexpectedly caught fire. In this deeply moving book of quotes and essays, Maggie writes about new beginnings as opportunities for transformation. Like kintsugi, the Japanese art of mending broken ceramics with gold, Keep Moving celebrates the beauty and strength on the other side of loss. This is a book for anyone who has gone through a difficult time and is wondering: What comes next?

Festa Musicologica-George J. Buelow 1995 George J. Buelow's distinguished career as author, translator, editor, and officer of numerous musical associations is celebrated in this collection of essays. The volume, planned by his colleagues in honor of his sixty-fifth birthday, concentrates on three of his active interests—Handel studies, vocal music and singers, and the history of music theory. The work concludes with an autobiographical sketch of the dedicatee's early life in Chicago and his formation as a musicologist.

Borrowed Time-James Freeman 2018-08-07 The disturbing, untold story of one of the largest financial institutions in the world, Citigroup—one of the "too big to fail" banks—from its founding in 1812 to its role in the 2008 financial crisis, and the many disasters in between. During the 2008 financial crisis, Citi was

presented as the victim of events beyond its control—the larger financial panic, unforeseen economic disruptions, and a perfect storm of credit expansion, private greed, and public incompetence. To save the economy and keep the bank afloat, the government provided huge infusions of cash through multiple bailouts that frustrated and angered the American public. But, as financial experts James Freeman and Vern McKinley reveal, the 2008 crisis was just one of many disasters Citi has experienced since its founding more than two hundred years ago. In *Borrowed Time*, they reveal Citi's history of instability and government support. It's not a story that either Citi or Washington wants told. From its founding in 1812 and through much of its history the bank has been tied to the federal government—a relationship that has benefited both. Many of its initial stockholders had owned stock in the Bank of the United States, and its first president, Samuel Osgood, had been a member of the Continental Congress and America's first Postmaster General. From its earliest years, Citi took massive risks that led to crisis. But thanks to private investors, including John Jacob Astor, they survived throughout the nineteenth century. In the twentieth century, Senator Carter Glass blamed Citi CEO "Sunshine Charlie" Mitchell for the 1929 stock market crash, and the bank was actually in violation of the senator's signature achievement, the Glass-Steagall law, in the late 1990s until then U.S. Treasury Secretary Robert Rubin engineered the law's repeal. Rubin later became the chairman of the executive committee of Citigroup, helping to oversee the bank as it ramped up its increasing mortgage risks before the 2008 crash. The scale of the financial panic of 2008 was not, as the media and experts claim, unprecedented. As *Borrowed Time* shows, disasters have been relatively frequent during the century of government-protected banking—especially at Citi.
