The Handbook of First Mortgage Underwriting-Precept Corporation 2002 Every year billions of dollars are loaned for commercial real estate - from towering office buildings to multifamily housing, from hotels and hospitals to factories and shopping malls. Unfortunately, there currently exists no set of standard guidelines for underwriting these large variety of properties. Essentially, ten different underwriters could give ten different numbers for the value of a given piece of commercial real estate. The Handbook of First Mortgage Underwriting is the first comprehensive set of underwriting guidelines for commercial property. This handbook provides very detailed, step-by-step guidelines for a full and accurate underwriter report. The author provides numerous forms and checklists for everything an underwriter needs: Complete site inspection reports; Cash flow underwriting process and analysis; Borrower credit analysis; Borrower financial analysis; Detailed data collection forms; In addition, there is an entire chapter dedicated to third party reports. The book details what third party reports should contain, how they should be conducted, and how they should be used by the underwriter. Third part reports include: appraisals, property condition assessmen

Low Income Self-employment-Tony Eardley 1996 Little is known about the realities of the low income self-employed and the relationship people have with the social security system. This work focuses on the lower income self-employed and moves against the commonly held view of the self-employed as affluent and self-sufficient. Although the sector is still largely male dominated there have been rises in the number of women in self-employment, as it seems to provide a way to combine work and their caring roles. The book concludes with a discussion of risk and insecurity in an enterprise culture, and evaluates the benefits of self-employment and the implications for social security.
