Paid For: My Journey Through Prostitution-Rachel Moran 2015-09-08 An astonishingly brave memoir of prostitution and its lingering influence on a woman’s psyche and life. “The best work by anyone on prostitution ever, Rachel Moran’s Paid For fuses the memoirist’s lived poignancy with the philosopher’s conceptual sophistication. The result is riveting, compelling, incontestable. Impossible to put down. This book provides all anyone needs to know about the reality of prostitution in moving, insightful prose that engages and disposes of every argument ever raised in its favor.” —Catharine A. MacKinnon, law professor, University of Michigan and Harvard University Born into a troubled family, Rachel Moran left home at the age of fourteen. Being homeless, she was driven into prostitution to survive. With intelligence and empathy, she describes the exploitation she and others endured on the streets and in the brothels. Moran also speaks to the psychological damage inherent to prostitution and the inevitable estrangement from one’s body. At twenty-two, Moran escaped the sex trade. She has since become a writer and an abolitionist activist.

David’s Inferno-David Blistine 2013-03-26 David’s Inferno combines intensely personal reminiscences of a two-year nervous breakdown with contemporary insights on how manic-depression manifests and how it is diagnosed and treated. Author David Blistine shares his experiences to shed light on the darkness of depression for fellow travelers as well as those who care about them. Millions of people suffer from major depressive episodes. All of them want relief but, more importantly, most simply want to know that they are not alone. With gentle wry humor and a compassionate tone, David’s Inferno offers a tale of realization, acceptance, and hope. It is neither prescriptive nor opinionated, seeing all forms of therapy as potentially beneficial in the continuum of care. David’s Inferno is also an ideal book for friends and family of those suffering from depression, helping them to better understand what their loved ones are experiencing.

Promise Land-Jessica Lamb-Shapiro 2014-01-07 “A funny yet surprisingly nuanced look at the legends and ideas of the self-help industry” (People, 3.5 stars), Promise Land explores the American devotion to self-improvement—even as the author attempts some deeply personal improvements of her own. Raised by a child psychologist who was himself the author of numerous self-help books, as an adult Jessica Lamb-Shapiro found herself both repelled and fascinated by the industry: did all of these books, tapes, weekend seminars, groups, posters, t-shirts, and trinkets really help anybody? Why do some people swear by the power of positive thinking, while others dismiss it as so many empty promises? Promise Land is an irreverent tour through the vast and strange reaches of the world of self-help. In the name of research, Jessica attempted to cure herself of phobias, followed The Rules to meet and date men, walked on hot coals, and even attended a self-help seminar for writers of self-help books. But the more she delved into the history and practice of self-help, the more she realized her interest was much more than academic. Forced into a confrontation with the silent grief that had haunted both her and her father since her mother’s death when she was a baby, she realized that sometimes thinking you know everything about a subject is a way of hiding from yourself the fact that you know nothing at all. “A jaunty, cannily written memoir” (Chicago Tribune), Promise Land is cultural history from “a witty and enjoyably self-aware writer.” Jessica Lamb-Shapiro’s talent as a storyteller is undeniable” (The New York Times Book Review).

Steel Will-Shilo Harris 2014-09-02 On February 19, 2007, SSG Shilo Harris was patrolling an infamous southern Iraqi roadway when his Humvee was struck by an IED. Moments later, three members of his crew were dead and Shilo had sustained severe burns over 35 percent of his body, lost his ears and the skin off his face, and lost much of the use of his badly mangled fingers. This fiery moment was just the beginning of an arduous road laced with pain, emotional anguish, and much soul-searching. For forty-eight days Shilo lay trapped in a medically induced coma as his wife, unable to ease his suffering, had to come to grips with a man utterly changed. This is the story of a young boy raised in a small Texas town under the heavy yoke of a father struggling with the personal aftermath of his service in Vietnam. This is the story of the first human being to participate in extracellular stem cell regeneration to regrow lost body parts. This is the story of the survivor not only of an explosion but of more than sixty surgeries to restore both form and function to his broken body. This is the story of the wife who stood by his side, made hard decisions, and continues to support her husband through his struggles with PTSD. This is the story of a God who reshapes us into the people he wants us to be. And in that way, this is the story of all of us. Anyone whose life has been touched by tragedy and loss, especially military families dealing with PTSD, TBI, amputations, and other realities of wartime service, will find strength, encouragement, and inspiration in this moving memoir.

From the Outside-Ray Allen 2018-03-27 The record-holding two-time National Basketball Association champion reflects on his work ethic, his on-the-court friendships and rivalries, the great teams he’s played for, and what it takes to have a long and successful career in this thoughtful, in-depth memoir. Playing in the NBA for eighteen years, Ray Allen won championships with the Boston Celtics and the Miami Heat and entered the record books as the original king of the three-point shot. Known as one of the hardest-working and highest-achieving players in NBA history, this most dedicated competitor was legendary for his sharp shooting. From the Outside, complete with a foreword by Spike Lee, is his story in his words: a no-holds-barred look at his life and career, filled with behind-the-scenes stories and surprising revelations about the game he has always cherished. Allen talks openly about his fellow players, coaches, owners, and friends, including LeBron James, Kobe Bryant, and Kevin Garnett. He reveals how, as a kid growing up in a military family, he learned about responsibility and respect—the key to making those perfect free throws and critical three-point shots. From the Outside is the portrait of a gifted athlete and a serious man with a strongly defined philosophy about the game and the right way it should be played—a philosophy that, at times, set him apart from colleagues and coaches, while inspiring so many others, and lead to the most pivotal shot of his career: the unforgettable 3-pointer in the final seconds of Game 6 of the 2013 NBA finals against the San Antonio Spurs. Throughout, Allen makes clear that success in basketball is as much about what happens off the court as on, that devotion and commitment are the true essence of the game—and of life itself.

Love & Death-Forrest Church 2008-09-01 On February 4, 2008, Forrest Church sent a letter to the members of his congregation, informing them that he had terminal cancer but promising to sum up his thoughts on the topics that had been so pervasive in his work-love and death. The goal of life, Church tells us, “is to live in such a way that our lives will prove worth dying for.” This moving book is imbued with ideas and exemplars for achieving that goal.

Writing from Left to Right-Michael Novak 2013-09-03 “In heavy seas, to stay on course it is indispensable to lean hard left at times, then hard right. The important thing is to have the courage to follow your intellect. Wherever the evidence leads. To the left or to the right.” —Michael Novak Engagingly, writing as if to old friends and foes, Michael Novak shows how Providence (not deliberate choice) placed him in the middle of many crucial events of his time: a month in wartime Vietnam, the student riots of the 1960s, the Reagan revolution, the collapse of the Berlin Wall, Bill Clinton’s welfare reform, and the struggles for human rights in Iraq and Afghanistan. He also spent fascinating days, sometimes longer, with inspiring leaders like Sargent Shriver, Bobby Kennedy, George McGovern, Jack Kemp, Václav Havel, President Reagan, Lady Thatcher, and Pope John Paul II, who helped shape—and reshape—his political views. Yet through it all, as Novak’s sharply etched memoir shows, his focus on helping the poor and defending universal human rights remained constant; he gradually came to see building small businesses and envy-free democracies as the only realistic way to build free societies. Without economic growth from the bottom up, democracies are not stable. Without protections for liberties of conscience and economic creativity, democracies will fail. Free societies need three liberties in one: economic liberty, political liberty, and liberty of spirit. Novak’s writing throughout is warm, fast paced, and often very beautiful. His narrative power is memorable.

The Center Cannot Hold-Elyn R. Saks 2007-08-14 A much-praised memoir of living and surviving mental illness as well as “a stereotype-shattering look at a tenacious woman whose brain is her best friend and her worst enemy” (Time). Elyn R. Saks is an esteemed professor, lawyer, and psychiatrist and is the Orrin B. Evans Professor of Law, Psychology, Psychiatry, and the Behavioral Sciences at the University of Southern California Law School, yet she has suffered from schizophrenia for most of her life, and still has ongoing major episodes of the illness. The Center Cannot Hold is the eloquent, moving story of Elyn’s life, from the first time that she heard voices speaking to her as a young teenager, to attempted suicides in college, through learning to live on her own as an adult in an often terrifying world. Saks discusses frankly the paranoia, the inability to tell imaginary fears from real ones, the voices in her head telling her to kill herself (and to harm others), as well as the incredibly difficult obstacles she overcame to become a highly respected professional. This beautifully written memoir is destined to become a classic in its genre.

Black Rainbow-Rachel Kelly 2015-10-06 In 1997, Oxford graduate, working mother and Times journalist Rachel Kelly went from feeling mildly anxious to being completely unable to function within the space of just three days. Prescribed antidepressants by her doctor, and supported by her husband and her family, Rachel slowly began to get better, but her anxiety levels remained high, and six years later, as a stay-at-home mother, she suffered a second collapse even worse than the first. Throughout both of Rachel’s periods of severe depression, the healing power of poetry became an integral part of her recovery. As someone who had always loved poetry, it became something for Rachel to cling on to in times of need - from repeating short mantras to learning and reciting entire poems - these words and verses became a powerful force for change in her life. In Black Rainbow Rachel analyses why poetry can be one answer to depression, and the book contains a selected 40 of the poems that provided Rachel with solace and comfort during her breakdown and recovery. At a time when mental health problems and depression are becoming more common, and the stigma around such issues is finally being lifted, this book offers a lifeline for anyone seeking to understand depression and seek new ways to treat it. Poetry is free, has no side-effects and, as Rachel can attest, “prescribing words instead of pills” can be an incredibly powerful remedy.

Trans Figured-Brian Belovitch 2018-09-25 Imagine experiencing life not as the gender dictated by birth but as one of your own design. In Trans Figured, Brian Belovitch shares his true story of life as a gender outlier and his dramatic journey through the jungle of gender identity. Brian has the rare distinction of coming out three times: first as a queer teenager; second as a glamorous transgender woman named Tish, and later, Natalia Gervais; and finally as an HIV-positive gay man surviving the AIDS crisis in the 1980s. From growing up in a barely-working-class first-generation immigrant family in Fall River, Massachusetts, to spinning across the disco dance floor of Studio 54 in New York City . . . from falling into military lock-step as the Army wife of a domineering GI in Germany to having a brush with fame as Natalia, high-flying downtown darling of the boozy and druggy pre-Giuliani New York nightclub scene, Brian escaped many near-death experiences. Trans Figured chronicles a life lived on the edge with an unforgettable cast of characters during a dangerous and chaotic era. Rich with drama and excitement, this no-holds-barred memoir tells it all. Most importantly, Brian’s candid and poignant story of recovery shines a light on the perseverance of the human spirit.

Whistleblower-Susan Fowler 2020-02-18 Named a Most Anticipated Book of 2020 by Vogue, Forbes, and Cosmopolitan The unbelievable true story of the young woman who faced down one of the most valuable startups in Silicon Valley history—and what came after Susan Fowler was just twenty-five years old when her blog post describing the sexual harassment and retaliation she’d experienced at Uber riveted the nation. Her post would eventually lead to the ousting of Uber’s powerful CEO, but its ripples extended far beyond that, as her courageous choice to attach her name to the post inspired other women to speak publicly about their experiences. In the year that followed, an unprecedented number of women came forward, and Fowler was recognized by Time as one of the “Silence Breakers” who ignited the #MeToo movement. Now, she tells her full story for the first time: a story of extraordinary determination and resilience that reveals what it takes—and what it means—to be a whistleblower. Long before she arrived at Uber, Fowler’s life had been defined by her refusal to accept her circumstances. She propelled herself from an impoverished childhood with little formal education to the Ivy League, and then to a coveted position at one of the most valuable companies in the history of Silicon Valley. Each time she was mistreated, she fought back or found a way to reinvent herself; all she wanted was the opportunity to define her own dreams and work to achieve them. But when she discovered Uber’s pervasive culture of sexism, racism, harassment, and abuse, and that the company would do nothing about it, she knew she had to speak out—no matter what it cost her. Whistleblower takes us deep inside this shockingly toxic workplace and reveals new details about the aftermath of the blog post, in which Fowler was investigated and followed, hacked and threatened, to the point that she feared for her life. But even as it illuminates how the deck is stacked in favor of the status quo, Fowler’s story serves as a crucial reminder that we can take our power back. Both moving personal narrative and rallying cry, Whistleblower urges us to be the heroes of our own stories, and to keep fighting for a more just and equitable world.

A Journey-Tony Blair 2011 A former prime minister of Great Britain describes the difficult choices he had to make, candidly revealing what it means to hold a position of great power in today’s world, in an account full of surprising insights into a host of world leaders, including presidents George W. Bush and Bill Clinton. Reprint. A best-selling memoir.

Nine Pints-Rose George 2018-10-23 An eye-opening exploration of blood, the life-giving substance with the power of taboo, the value of diamonds and the promise of breakthrough science Blood carries life, yet the sight of it makes people faint. It is a waste product and a commodity pricier than oil. It can save lives and transmit deadly infections. Each one of us has roughly nine pints of it, yet many don’t even know their own blood type. And for all its ubiquitousness, the few tablespoons of blood discharged by 800 million women are still regarded as taboo: menstruation is perhaps the single most demorized biological event. Rose George, author of The Big Necessity, is renowned for her intrepid work on topics that are invisible but vitally important. In Nine Pints, she takes us from ancient practices of bloodletting to the breakthrough of the “liquid biopsy,” which promises to diagnose cancer and other diseases with a simple blood test. She introduces Janet Vaughan, who set up the world’s first system of mass blood donation during the Blitz, and Arunachalam Muruganatham, known as “Menstrual Man” for his work on sanitary pads for developing countries. She probes the lucrative business of plasma transfusions, in which the US is known as the “OPEC of plasma.” And she looks to the future, as researchers seek to bring synthetic blood to a hospital near you. Spanning science and politics, stories and global epidemics, Nine Pints reveals our life’s blood in an entirely new light. Nine Pints was named one of Bill Gates recommended summer reading titles for 2019.

Climate Changed-Philippe Squarizoni 2014-04-08 What are the causes and consequences of climate change? When the scale is so big, can an individual make any difference? Documentary, diary, and masterwork graphic novel, this up-to-date look at our planet and how we live on it explains what global warming is all about. With the most complicated concepts made clear in a feat of investigative journalism by artist Philippe Squarizoni, Climate Changed weaves together scientific research, extensive interviews with experts, and a call for action. Weighing the potential of some solutions and the false promises of others, this groundbreaking work provides a realistic, balanced view of the magnitude of the crisis that An Inconvenient Truth only touched on. Climate Changed is printed on FSC-certified paper from responsibly-managed, environmentally-sound sources. Find teaching guides for Climate Changed and other titles at abrambooks.com/resources.

Go Find-Susan Purvis 2018-10-02 Somewhere between hunting for gold in Latin America as a geologist and getting married to a new husband, thirty-three-year-old Susan Purvis loses her way. Susan comes to believe that a puppy and working on ski patrol at the last great ski town in Colorado will improve her life. When she learns about avalanches that bury people without warning, she challenges herself: “What if I teach a dog to save lives?” This quest propels her to train the best possible search dog, vowing to never leave anyone behind. With no clue how to care for a houseplant, let alone a dog, she chooses a five-week-old Labrador retriever, Tasha. With the face of a baby bear and the temperament of an NFL linebacker, Tasha constantly tests Susan’s determination to transform her into a rescue dog. Susan and Tasha jockey for alpha position as they pursue certification in avalanche, water, and wilderness recovery. Susan eventually learns to truly communicate with Tasha by seeing the world through her dog’s nose. As the first female team in a male-dominated search-and-rescue community, they face resistance at every turn. They won’t get paid even a bag of kibble for their efforts, yet they launch dozens of missions to rescue the missing or recover the remains of victims of nature and crime. Training with Tasha in the field to find, recover, and rescue the lost became Susan’s passion. But it was also her circumstance—she was in many ways as lost as anyone she ever pulled out of an avalanche or found huddled in the woods. “Lostness” doesn’t only apply to losing the trail. People can get lost in a relationship, a business, or a life. Susan was convinced that only happened to other people, until Tasha and a life in the mountains taught her otherwise.

To the Mountaintop-Charlayne Hunter-Gault 2012-01-03 A personal history of the Civil Rights Movement from an activist and acclaimed journalist begins at the 2009 presidential inauguration of Barack Obama and journeys back through the decades, offering witness to the events of the social movement that changed the course of United States history and honoring the men and women on whose shoulders Obama stands.

My Journey Of Grace-Michele L. Britton 2018-01-03 Her journey of grace is about God’s redemptive power of her deliverance from the kingdom in darkness into his marvelous light and her process of surrendering to his sovereign will and learning how to walk by faith on the battleground. She is in the making of something precious in his eyes as the Lord unwraps his gifts, talents, and abilities concealed within her before the foundation of the world. During her training in the wilderness, she discovers God’s faithfulness and walks in his supernatural power. After her encounter with the Lord being transported into the heavens to have a meeting with God, the memory is forever imprinted within the very depth of her heart. Although she is bound by drugs, it leaves an everlasting impression of Jesus’s love for humanity. Progressively, her deliverance springs forward but not as quickly as she wants. Only when she wholeheartedly surrenders to God, he suddenly and supernaturally moves on her behalf. She is enrolled in God’s university of training for a lifestyle of obedience and self-crucifixion. Her faith is on trial as she undergoes a series of tests and deliverance in the midst of her fiery furnace, such as near-death experience, spirit of infirmity, daughter’s brush with death, and spiritual war with witches. She seeks Jesus daily in prayer in order to be sustained by his amazing grace in spiritual warfare and learns that she has authority and power in the name of Jesus. Through it all, the ministry of prayer and intercession is birthed out of her pain and a revelation of the omnipotent God’s triumph against the power of darkness as she worships him through her valley of despair and her wilderness of temptation. The Holy Spirit, her senior companion, teaches her how to soar over the winds of adversity.

Enrique’s Journey-Sonia Nazario 2007-01-02 An astonishing story that puts a human face on the ongoing debate about immigration reform in the United States, now updated with a new Epilogue and Afterword, photos of Enrique and his family, an author interview, and more—the definitive edition of a classic of contemporary America Based on the Los Angeles Times newspaper series that won two Pulitzer Prizes, one for feature writing and another for feature photography, this page-turner about the power of family is a popular text in classrooms and a touchstone for communities across the country to engage in meaningful discussions about this essential American subject.

Enrique’s Journey recounts the unforgettable quest of a Honduran boy looking for his mother, eleven years after she is forced to leave her starving family to find work in the United States. Braving unimaginable peril, often clinging to the sides and tops of freight trains, Enrique travels through hostile worlds full of thugs, bandits, and corrupt cops. But he pushes forward, relying on his wit, courage, hope, and the kindness of strangers. As Isabel Allende writes: “This is a twenty-first-century Odyssey. If you are going to read only one nonfiction book this year, it has to be this one.” Praise for Enrique’s Journey “Magnificent. . . Enrique’s Journey is about love. It’s about family. It’s about home.”—The Washington Post Book World “[A] searing report from the immigration frontlines . . . as harrowing as it is heartbreaking.”—People (four stars) “Stunning . . . As an adventure narrative alone, Enrique’s Journey is a worthy read. . . Nazario’s impressive piece of reporting [turns] the current immigration controversy from a political story into a personal one.”—Entertainment Weekly “Gripping and harrowing . . . a story begging to be told.”—The Christian Science Monitor “[A] prodigious feat of reporting. . . [Sonia Nazario is] amazingly thorough and intrepid.”—Newsday

Mind Estranged-Bethany Yeiser 2014-07-10 MIND ESTRANGED tells the story of Bethany’s life, from her years as a promising university student through her gradual descent into schizophrenia, and unexpected, full recovery. While slowly losing her sanity, she traveled the world. She returned to the U.S. unable to work or study, and soon found herself homeless, delusional, and controlled by voices that talked to her and gave her orders in her mind. Bethany’s memoir enables the reader to enter into the mind of a person with schizophrenia, homeless and roaming the streets. While living in the shadows of society, her illness drove her to refuse all contact with her family and friends, and eventually led to her arrest and hospitalization. Against all odds, she recovered from schizophrenia, returned to college, and graduated with honors. Henry A. Nasrallah, MD, a professor of psychiatry who treated Bethany, writes, “Bethany is living proof that recovery from schizophrenia is possible with good medical care, solid family support and the courage to keep fighting the tormenting voices that ordered her every move and controlled her every thought. MIND ESTRANGED is also a powerful message of encouragement and support for any human being facing an overwhelming challenge at some point in life.” MIND ESTRANGED is the companion book to FLIGHT FROM REASON: A Mother’s Story of Schizophrenia, Recovery and Hope, by Karen S. Yeiser. FLIGHT FROM REASON parallels the timeline of MIND ESTRANGED.

Billion-Dollar Ball-Gilbert M. Gaul 2016-09 “Over the past decade college football has not only doubled in size, but its elite programs have become a \$2.5-billion-a-year entertainment business. In most cases, those windfalls are not passed on to the universities themselves, but flow directly back into their athletic departments. College presidents have been unwilling or powerless to stop a system that has spawned a wildly profligate infrastructure of coaches, trainers, marketing gurus, and a growing cadre of bureaucrats whose sole purpose is to ensure that players remain academically eligible to play. What are the consequences when college football coaches are the highest paid public employees in over half the states in an economically troubled country, or when football players at some schools receive ten times the amount of scholarship awards that academically gifted students do? Billion-Dollar Ball considers how an astonishingly wealthy sports franchise has begun to reframe campus values and distort the fundamental academic mission of our universities.”--From publisher description.

The Pimping of Prostitution-Julie Bindel 2019-06-15 This book examines one of the most contested issues facing feminists, human rights activists and governments around the globe -- the international sex trade. For decades, the liberal left has been conflicted as to whether pro-prostitution activists or abolitionists hold the correct view, and debates are ongoing as to who holds the key to the solutions facing the women and girls involved. Over the course of two years, Bindel conducted 250 interviews in almost 40 countries, cities and states, traveling around Europe, Asia, North America, Australia, New Zealand, and East and South Africa. Visiting legal brothels all around the world, Bindel got to know pimps, pornographers, survivors of the sex trade, and the women being sold by men classed as ‘business entrepreneurs’. Whilst meeting feminist abolitionists, pro-prostitution campaigners, police and government officials, and the men who drive the demand, Bindel uncovered the lies, mythology and criminal activity that surround this global trade, and suggests here a way forward for the women seeking to abolish the oldest profession. Informed by the lived human experience. Informed by those interviewed, this book will be of great interest to feminists, students, criminal justice advocates, criminologists and human rights activists.

My Journey to Victory-Onyeje Ijaola 2018-11-27 My book is a story of restoration; it is a memoir of my life, the journey of pain, loss, grief, life’s challenges, widowhood, and God’s intervention. It is a story of how at a young age my home was destroyed by divorce. My mother left home when I was only thirteen and died when I was eighteen from cancer; she was forty years old. At the time of her death, she was working as a nurse midwife in Saudi Arabia. My siblings and I had to live through the pain of a broken home, a loss of a mother, and the conflicts of three stepmothers. Most of my teenage years were filled with pain, not knowing who I was and not understanding what real happiness was. I married the first man I met to escape from my home; but not too long after my marriage, my husband died in a motor vehicle accident, and I became a widow at the age of twenty-three with a nine-month-old daughter. The African culture is hard on women. I went through the primitive traditions of the widowhood practices. I lost my self-esteem and self-worth, and I did not have the will to live; but my life was slipping away, but by the grace of God, someone told me about Jesus, and at that moment I began my journey of transformation, restoration, and change. My book talks about my transition to a new country and how I started a new life, the challenges I encountered, acculturalization, the paradigm shifts, the problems of an immigrant, and the return to school to get an education. I talked about how I remarried, what we went through together, and where we are today. I am healed in my emotions to love again, and am walking in restoration. God used my pain and my healing process to open the door for me to help others in their time of grief. I wrote this book dedicated to my mother, to shed light on the havoc of a broken home, the widowhood practices in the African culture, and the unfair treatment of women. I want women to be empowered no matter their religion, ethnicity, social/economic status or race, who may have gone through a similar situation. I want them to keep hope alive, I want to let them know they have a voice, and I want to help women walk into a place of freedom through forgiveness. I want women to understand the depth of God’s love and how He can heal and change any situation.

Leave Only Footprints-Conor Knighton 2020 “The Emmy-winning CBS Sunday Morning correspondent chronicles his life traveling to every one of our national parks, discovering the most beautiful places and most interesting people that America has to offer”--Over the Top-Jonathan Van Ness 2019-09-24 A laugh-and-cry-out-loud memoir from the beloved star of Netflix’s Queer Eye, Jonathan Van Ness who gave Jonathan Van Ness permission to be the radiant human he is today? No one. The truth is, it hasn’t always been gorgeous for this beacon of positivity and joy. Before he stole our hearts as the grooming and self-care expert on Netflix’s hit show Queer Eye, Jonathan was growing up in a small Midwest town that didn’t understand why he was so...over the top. From choreographed carpet figure skating routines to the unavoidable fact that he was Just. So. Gay., Jonathan was an easy target and endured years of judgement, ridicule and trauma—yet none of it crushed his uniquely effervescent spirit. Over the Top uncovers the pain and passion it took to end up becoming the model of self-love and acceptance that Jonathan is today. In this revelatory, raw, and rambunctious memoir, Jonathan shares never-before-told secrets and reveals sides of himself that the public has never seen. JVN fans may think they know the man behind the stiletto heels, the crop tops, and the iconic sayings, but there’s much more to him than meets the Queer Eye. You’ll laugh, you’ll cry, and you’ll come away knowing that no matter how broken or lost you may be, you’re a Kelly Clarkson song, you’re strong, and you’ve got this.

Dreams from My Father-Barack Obama 2007-01-09 #1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE’S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama “guides us straight to the intersection of the most serious questions of identity, class, and race” (The Washington Post Book World). “Quite extraordinary.”—Toni Morrison In this lyrical, sentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother’s family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father’s life, and at last reconciles his divided inheritance. Praise for Dreams from My Father “Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride’s The Color of Water and Gregory Howard Williams’s Life on the Color Line as a tale of living astride America’s racial categories.”—Scott Turow “Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither.”—The New York Times Book Review “Obama’s writing is incisive yet forgiving. This is a book worth savoring.”—Alex Kotlowitz, author of There Are No Children Here “One of the most powerful books of self-discovery I’ve ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel.”—Charlayne Hunter-Gault, author of In My Place “Dreams from My Father is an exquisite, sensitive study of this wonderful young author’s journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white.”—Marian Wright Edelman

My Journey with the Angels-Patricia Buckley 2011-02-03 Patricia Buckley is a down-to-earth mystic ✨ gentle, funny and practical. In the last decade, through her joyous embrace of the angels in her life, she has been able to give hope to countless wounded souls who have come to her seeking guidance. From as early as she can remember, Patricia took for granted that she could speak to angels and dead people. And though her childhood was blighted by poverty, neglect and abuse, the spirit world made her feel secure and cherished. However, after many tough years ✨ during which she was committed to a mental ward, was nearly killed by an abusive boyfriend and eventually became homeless ✨ she gave up on that part of her life. Patricia found love in a good marriage and joy in the birth of her children. And yet for twenty years she remained fragile and dependent on tranquilizers. That was until a chance encounter woke up her hidden spiritual energies and revived her passion for living. The time had come to share her gifts with the world. Now, Patricia shares her story in My Journey with the Angels ✨ a heart-breaking memoir of a Dublin childhood, a moving account of how she came to accept her extraordinary gifts, and an inspirational guide ✨ full of examples from her life and work ✨ to the wisdom of the angels.

Paths to Parenthood-Renata Kokanovic 2018-08-21 This interdisciplinary book explores the affective dimensions of becoming a parent, traversing the life-cycle journey of pregnancy, childbirth, and early parenting. Bringing together researchers from sociology, history, feminist studies, cultural studies, general medicine, and psychiatry, Paths to Parenthood analyses rich narratives that represent a diverse cross-section of parents, including migrants, same-sex couples, and single parents.

Playing Dead-Elizabeth Greenwood 2017-08-15 It is still possible to fake your own death in the twenty-first century? With six figures of student loan debt, Elizabeth Greenwood was tempted to find out. So off she sets on a darkly comic foray into the world of death fraud, where for \$30,000 a consultant can make you disappear—but your suspicious insurance company might hire a private detective to dig up your coffin...only to find it filled with rocks. Greenwood tracks down a British man who staged a kayaking accident and then returned to live in his own house while all his neighbors thought he was dead. She takes a call from Michael Jackson (no, he’s not dead—or so her new acquaintances would have her believe), stalks message boards for people contemplating suicide, and gathers intel on black market morgues in the Philippines, where she may or may not obtain some fraudulent goodies of her own. Along the way, she learns that love is a much less common motive than money, and that making your death look like a drowning virtually guarantees that you’ll be caught. (Disappearing while hiking, however, is a way great to go.) Playing Dead is a charmingly bizarre investigation in the vein of Jon Ronson and Mary Roach into our all-too-human desire to escape from the lives we lead, and the men and women desperate enough to give up their lives—and their families—to start again. “Delivers all the lo-fi spy shenanigans and caught-red-handed schadenfreude you’re hoping for.” --NPR “A lively romp.” --The Boston Globe “Grim fun.” --The New York Times “Brilliant plot, absorbing book.” --The Seattle Times “The most literally escapist summer read you could hope for.” --The Paris Review

Dotir-Katrin Davidsdottir 2019-08-06 This is a memoir by two-time CrossFit Games champion, Katrin Davidsdottir. Dotir is two-time consecutive CrossFit Games Champion Katrin Davidsdottir’s inspiring and poignant memoir. As one of only three women in history to have won the title of “Fittest Woman on Earth” twice, Davidsdottir knows all about the importance of mental and physical strength. She won the title in 2015, backing it up with a second win in 2016, after starting CrossFit in just 2011. A gymnast as a youth, Davidsdottir wanted to try new challenges and found a love of CrossFit. But it hasn’t been a smooth rise to the top. In 2014, just one year before taking home the gold, she didn’t qualify for the Games. She used that loss as motivation and fuel for training harder and smarter for the 2015 Games. She pushed herself and refocused her mental game. Her hard work and perseverance paid off with her return to the Games and subsequent victories in 2015 and 2016. In Dotir, Davidsdottir shares her journey with readers. She details her focus on training, goal setting, nutrition, and mental toughness.

Thoreau’s Country-David R. Foster 2009-06-30 In 1977 David Foster took to the woods of New England to build a cabin with his own hands. Along with a few tools he brought a copy of the journals of Henry David Thoreau. Foster was struck by how different the forested landscape around him was from the one Thoreau described more than a century earlier. The sights and sounds that Thoreau experienced on his daily walks through nineteenth-century Concord were those of rolling farmland, small woodlands, and farmers endlessly working the land. As Foster explored the New England landscape, he discovered ancient ruins of cellar holes, stone walls, and abandoned cartways—all remnants of this earlier land now largely covered by forest. How had Thoreau’s open countryside, shaped by ax and plough, divided by fences and laneways, become a forested landscape? Part ecological and historical puzzle, this book brings a vanished countryside to life in all its dimensions, human and natural, offering a rich record of human imprint upon the land. Extensive excerpts from the journals show us, through the vividly recorded details of daily life, a Thoreau intimately acquainted with the ways in which he and his neighbors were changing and remaking the New England landscape. Foster adds the perspective of a modern forest ecologist and landscape historian, using the journals to trace themes of historical and social change. Thoreau’s journals evoke not a wilderness retreat but the emotions and natural history that come from an old and humanized landscape. It is with a new understanding of the human role in shaping that landscape, Foster argues, that we can best prepare ourselves to appreciate and conserve it today. From the journal: “I have collected and split up now quite a pile of driftwood--rails and riders and stems and stumps of trees--perhaps half or three quarters of a tree...Each stick I deal with has a history, and I read it as I am handling it, and, last of all, I remember my adventures in getting it, while it is burning in the winter evening. That is the most interesting part of its history. It has made part of a fence or a bridge, perchance, or has been rooted out of a clearing and bears the marks of fire on it. Thus one half of the value of my wood is enjoyed before it is housed, and the other half is equal to the whole value of an equal quantity of the wood which I buy.” --October 20, 1855

On the Shoulders of Giants-Kareem Abdul-Jabbar 2007-02-05 From 1920 to 1940, the Harlem Renaissance produced a bright beacon of light that paved the way for African-Americans all over the country. The unapologetic writings of W. E. B. Du Bois and Marcus Garvey, the fervent fiction and poetry of Zora Neale Hurston and Langston Hughes, the groundbreaking art of Aaron Douglas and William H. Johnson, and the triumphant music of Duke Ellington and Louis Armstrong gave voice and expression to the thoughts and emotions that Jim Crow segregation laws had long sought to stifle. In On the Shoulders of Giants, indomitable basketball star and bestselling author and historian Kareem Abdul-Jabbar invites the reader on an extraordinarily personal journey back to his birthplace, through one of the greatest political, cultural, literary, and artistic movements in our history, revealing the tremendous impact the Harlem Renaissance had on both African culture and his own life. Beginning with the rise of the Harlem Renaissance as pioneers of professional basketball, Kareem traces the many streams of historical influence that converged to create the man he is today -- the NBA’s all-time leading scorer and a veritable African-American icon. Travel deep into the soul of the Renaissance -- to the night clubs, restaurants, basketball games, and fabulous parties that have made footprints in Harlem’s history. Meet the athletes, jazz musicians, comedians, actors, politicians, entrepreneurs, and writers who not only inspired Kareem’s rise to greatness but an entire nation’s. Kareem Abdul-Jabbar was born in the midst of a cultural reawakening, carried on the shoulders of athletes trying to prove there was a lot more at stake than a ball game, men and women who made music that could break your heart, and writers and intellectuals who gave voice to not just the ideals of a movement but the raw emotions. Kareem tells what it took to get these revolutionaries to Harlem and how they changed the world. A world that is still riding on the shoulders of giants.

Love Your Life Not Theirs-Rachel Cruze 2016-09-14 In Love Your Life, Not Theirs, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want—a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they’re trying to live a life they simply can’t afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else’s dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family’s finances? In Love Your Life, Not Theirs, Rachel shows you how to buy and do the things that are important to you—the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about money, and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you’ve always dreamed of without creating the debt, stress, and worry that are all too often part of the deal. Social media isn’t real life, and trying to keep up with the Joneses will never get you anywhere. It’s time to live—and love—your life, not theirs. “I’ve never read a book about money that takes this approach—and that’s a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In Love Your Life, Not Theirs, Rachel Cruze outlines the seven money habits that really matter—and they have nothing to do with keeping up with the Joneses!” Candace Cameron-Bure Actress, author, and co-host of The View “Love Your Life, Not Theirs is full of the kind of practical, straightforward advice we’ve come to expect from Rachel Cruze. She offers guidance on paying down debt, smart saving, and the right way to talk to your spouse about money. These indispensable tips can help with day-to-day spending decisions and put you on a path to establishing healthy financial habits.” Susan Spencer Editor-in-Chief for Woman’s Day “Cruze’s self-deprecating and honest voice is a great resource for anyone wanting to take charge of their money. With humor and approachability, she helps her readers set themselves up for success and happiness, no matter what current

financial state they may be in." Kimberly Williams-Paisley New York Times best-selling author of Where the Light Gets In "In today's world of social media, the temptation to play the comparison game is stronger than ever. Love Your Life, Not Theirs is the perfect reminder that, when it comes to money, comparison is a game you can't win. A terrific--and much needed--read." Jean Chatzky Financial Editor, NBC TODAY and Host of HerMoney with Jean Chatzky Podcast

Love for Sale-Nils Johan Ringdal 2007-12-01 "[An] enlightening and entertaining . . . survey of the world's oldest profession" from the Whore of Babylon to the modern sex-worker movement (Kirkus Reviews). From Eve and Lilith to Julia Roberts in Pretty Woman, the prostitute has been both a target of scorn and a catalyst for social change. In Love for Sale, cultural historian Nils Johan Ringdal delivers an authoritative and engaging history of this most maligned, yet globally ubiquitous, form of human commerce. Beginning with the epic of Gilgamesh, the Old Testament, and ancient cultures from Asia to the Mediterranean, Ringdal considers the varying way societies have dealt with and thought about prostitutes through history. He discusses how they were included in the priestess class in ancient Greece and Rome; how the rise of the courtesan in nineteenth-century Europe shaped literature, fashion, the arts, and modern sensibilities. He uncovers the first manuals on the art of sex and seduction, the British Empire's campaigns against prostitution in India, and stories of the Japanese "comfort women" who served the armies in the Pacific theater of World War II. Ringdal closes with the rise of the sex-workers' rights movement and 'sex-positive' feminism, and a realistic look at the true risks and rewards of prostitution in the present day. Recalling Camille Paglia's Sexual Personae with its broad sweep across centuries and continents, Love for Sale "uses [its] subject as a springboard for exploring the ever-changing notions of love, sexual identity, morality and gender among various cultures" (Nan Goldberg, Newark Sunday Star-Ledger).

Family Papers-Sarah Abrevaya Stein 2019-11-19 Named one of the best books of 2019 by The Economist and a New York Times Book Review Editors' Choice. A National Jewish Book Award finalist. "A superb and touching book about the frailty of ties that hold together places and people." --The New York Times Book Review An award-winning historian shares the true story of a frayed and diasporic Sephardic Jewish family preserved in thousands of letters For centuries, the bustling port city of Salonica was home to the sprawling Levy family. As leading publishers and editors, they helped chronicle modernity as it was experienced by Sephardic Jews across the Ottoman Empire. The wars of the twentieth century, however, redrew the borders around them, in the process transforming the Levys from Ottomans to Greeks. Family members soon moved across boundaries and hemispheres, stretching the familial diaspora from Greece to Western Europe, Israel, Brazil, and India. In time, the Holocaust nearly eviscerated the clan, eradicating whole branches of the family tree. In Family Papers, the prizewinning Sephardic historian Sarah Abrevaya Stein uses the family's correspondence to tell the story of their journey across the arc of a century and the breadth of the globe. They wrote to share grief and to reveal secrets, to propose marriage and to plan for divorce, to maintain connection. They wrote because they were family. And years after they frayed, Stein discovers, what remains solid is the fragile tissue that once held them together: neither blood nor belief, but papers. With meticulous research and care, Stein uses the Levys' letters to tell not only their history, but the history of Sephardic Jews in the twentieth century.

Conflicts of Interest-Sunita Narain 2017-12-04 India's foremost environmentalist, Sunita Narain gives a personal account of her battles as part of the country's Green Movement. While outlining the enormous environmental challenges that India faces today, Narain talks about how corporate lobbies and political interests often scuttle their effective resolution. She recounts some widely reported controversies triggered by research undertaken by her along with her team at the Centre for Science and Environment, such as the pesticides in colas report, air pollution research in Delhi, endosulfan research in Karnataka, among others. Narain also includes an 'environmental manifesto', a blueprint for the direction India must take if it is to deal with the exigencies of climate change and environmental degradation.
