Sumber Daya Air dan Pengembangan Wilayah-Pitojo Tri Juwono 2018-10-31 Air sebagai sumber kehidupan dan jaminan kelangsungan hidup manusia dan ekosistemnya harus dikelola dengan optimal. Integrasi pengelolaan sumber daya air menjadi pilihan yang tepat dalam mendukung pengembangan wilayah. Pembangunan infrastruktur keairan seperti bendungan bermanfaat untuk mendukung beberapa sektor lainnya seperti kelangsungan suplai air lahan pertanian (ketahanan pangan), sumber air baku, atraksi wisata dan sumber energi listrik. Perlu pengelolaan air terintegrasi berbasis one island, one plan, and one water sesuai dengan rencana tata ruang dan berwawasan lingkungan.

Kumpulan Data Infografik: Infrastruktur PU dan Permukiman dalam Kawasan Perbatasan-Ary Rahman Wahyudi, ST., MURB&RegPlg. 2014-10-01 Biografi/profil Bupati & Walikota Seluruh Indonesia- 2005

Pengembangan Wilayah-Prof. Dr. Ir. Ali Kabul Mahi, Ms. Tujuan utama pengembangan wilayah adalah pemerataan pengembangan antarwilayah baik secara fisik maupun sosial ekonomi wilayah. Dalam perencanaan pengembangan wilayah perlu didukung ilmu lain yang berhubungan dengan pengembangan fisik dan ekonomi wilayah, seperti ilmu evaluasi dan perencanaan penggunaan sumber daya lahan, ilmu penataan ruang dan pengembangan kawasan, ilmu pengembangan wilayah perdesaan dan perkotaan, ilmu pengembangan wilayah pesisir dan pulau-pulau kecil, serta ilmu pemekaran wilayah administrasi. Di dalam buku ini membahas berbagai konsep perencanaan pendukung pengembangan wilayah, dimulai dari konsep tipologi dan teori pengembangan wilayah, seperti teori lokasi, pusat pertumbuhan, dan agropolitan. Di dalam perencanaan pengembangan wilayah perlu didukung evaluasi dan perencanaan penggunaan lahan baik secara fisik maupun sosial ekonomi, perencanaan pengembangan kawasan dan penataan ruang, agar pengembangan wilayah yang direncanakan dapat saling bersinergi bukan saling berantagonis. Perencanaan pengembangan wilayah perkotaan dan perdesaan sangat diperlukan dalam perencanaan pengembangan wilayah yang banyak berhubungan dengan pengelolaan lahan perkotaan dan prasarana kota. Pengembangan wilayah pesisir juga termasuk dalam perencanaan pengembangan wdayah yang membahas pengembangan potensi dan ekosistem wilayah pesisir dan pulau-pulau kecil, yang sangat berpotensi dalam pengembangan fisik maupun sosial ekonomi wilayah. Fenomena pemekaran wilayah yang banyak dilakukan saat ini perlu pula dicermati karena fenomena ini juga termasuk dalam ranah pengembangan wilayah, yaitu pengembangan wilayah administrasi. Kelayakan Pemekaran Wilayah juga dibahas dalam buku ini karena berhubungan dengan pengembangan wilayah administrasi, yang membahas dan mengevaluasi berbagai faktor penunjang pemekaran wilayah seperti kependudukan, kemampuan ekonomi daerah, potensi daerah, kemampuan keuangan daerah, kondisi Polbudhankam, kesejahteraan, luas daerah dan rentang kendali, untuk mengetahui apakah pemekaran wilayah yang dimaksud sudah layak atau belum.É *** Persembahan penerbit Kencana (PrenadaMedia)

Qualitative Inquiry and Research Design (International Student Edition)-John W. Creswell 2017-04-10 In the Fourth Edition of this bestselling book, John W. Creswell and new co-author Cheryl N. Poth explore the philosophical underpinnings, history and key elements of each of five qualitative inquiry traditions: narrative research, phenomenology, grounded theory, ethnography and case study - putting them side by side, so that we can see the differences. The authors relate research designs to each of the traditions of enquiry. They compare theoretical frameworks and ways to employ standards of quality, as well as strategies for writing introductions to studies, collecting data, analyzing data, writing a narrative and verifying results. New in this edition: Updated materials on each tradition More on interpretive frameworks and ethics More visual depictions of the five approaches Two new topical articles in Chapter 5, reproduced in full in the appendices.

Territory and Function-John Friedmann 1980

Eksekutif- 2002

Growth Pole Strategy and Regional Development Policy-Fu-Chen Lo 2013-10-22 Growth Pole Strategy and Regional Development Policy: Asian Experience and Alternative Approaches focuses on theoretical and practical issues in regional policy, including analytical and strategic approaches to regional development and underdevelopment problems. The selection first offers information on Asian case studies in decentralization policy and the growth pole approach, including trends in development planning in Japan and the case study of the Mizushima industrial complex. Topics include the period of post-war reconstruction; plan formulation and implementation of Mizushima industrial complex development; and interregional dispersion of development of national economy. The text also examines the case study of the Ulsan industrial complex in Korea. The book looks at decentralization policy, growth pole approach, and resource frontier development, as well as regional structure and uneven economic development in Southeast Asia; policy responses toward regional development in Southeast Asia; and growth pole approach in Southeast Asia. The text also focuses on growth strategies and human settlement in developing countries and growth poles and regional policy in open dualistic economies. The selection is a vital reference for readers interested in the theoretical and practical approaches in regional development policy.

Applied Methods Of Regional Analysis-Dennis A Rondinelli 2019-03-08 This book reflects a large number of intellectual debts that I owe to friends and colleagues. The concepts and methods described here were developed and tested in field projects funded by the United States Agency for International Development. Eric Chetwynd, Jr., played a central role in the Urban Functions in Rural Development (UFRD) projects on which the book is based. Without his advocacy, interest and support for nearly a decade, the projects could not have been undertaken.

At the Edges of States-Michael Eilenberg 2012-01-01 Set in West Kalimantan, Indonesian Borneo, this study explores the shifting relationships between border communities and the state along the political border with East Malaysia. The book rests on the premise that remote border regions offer an exciting study arena that can tell us important things about how marginal citizens relate to their nation-state.

Empowerment and Poverty Reduction-Deepa Narayan-Parker 2002-01-01 This publication offers a framework for the empowerment of people living in poverty throughout the world that concentrates on increasing people's freedom of choice and action to shape their own lives. Based on analysis of practical experiences, the book identifies four key elements to support empowerment: information, inclusion and participation, improved accountability and local organisational capacity. This framework is then applied to five areas of action to improve development effectiveness: provision of basic services, improved local governance, improved national governance, pro-poor market development, and access to justice and legal aid. It also offers twenty 'tools and practices' which concentrate on a wide-range of topics to support the empowerment of the poor.

Country gender assessment of agriculture and the rural sector In Indonesia-Food and Agriculture Organization of the United Nations 2019-09-24 This Country Gender Assessment (CGA) was commissioned by FAO as part of the regional programme 'Promoting gender equality through knowledge generation and awareness raising.' This programme aims to support the review and formulation of gender-responsive sectoral policies and strategy.

Marketing in Travel and Tourism-Victor T.C. Middleton 2012-05-23 Now in its third edition, the best-selling text, Marketing in Travel and Tourism, explains the principles and practice of marketing as they are increasingly being applied in the global travel and tourism industry. Building on the success of previous editions, the authors have completely revised the text to reflect the changes in the travel and tourism industry in the 21st century. International examples and case studies drawn from recent practice in several countries are used throughout the text. Case studies emphasising the role of ICT include: Microburners, Travel Inn (budget hotels), RCI Europe, the Balearic Islands, and ICT and the role of the Internet in international NTO strategies. With its comprehensive content and user friendly style, Marketing in Travel and Tourism third edition takes the reader from an initial definition of the subject matter through to the application of marketing in the travel and tourism industry, discussing crucial components such as planning strategy and the marketing mix, making it an indispensable text for both students and practitioners alike.

Collaborative Public Management-Robert Agranoff 2004-01-29 Local governments do not stand alone—they find themselves in new relationships not only with state and federal government, but often with a widening spectrum of other public and private organizations as well. The result of this re-forming of local governments calls for new collaborations and managerial responses that occur in addition to governmental and bureaucratic processes-as-usual, bringing locally generated strategies or what the authors call "jurisdiction-based management" into play. Based on an extensive study of 237 cities within five states, Collaborative Public Management provides an in-depth look at how city officials work with other governments and organizations to develop their city economies and what makes these collaborations work. Exploring the more complex nature of collaboration across jurisdictions, governments, and sectors, Agranoff and McGuire illustrate how public managers address complex problems through strategic partnerships, networks, contractual relationships, alliances, committees, coalitions, consortia, and councils as they function together to meet public demands through other government agencies, nonprofit associations, for-profit entities, and many other types of nongovernmental organizations. Beyond the "how" and "why," Collaborative Public Management identifies the importance of different managerial approaches by breaking them down into parts and sequences, and describing the many kinds of collaborative activities and processes that allow local governments to function in new ways to address the most nettlesome public challenges.

Planning Local Economic Development-Nancey Green Leigh 2016-11-23 Written by authors with years of academic, regional, and city planning experience, the classic Planning Local Economic Development has laid the foundation for practitioners and academics working in planning and policy development for generations. With deeper coverage of sustainability and resiliency, the new Sixth Edition explores the theories of local economic development while addressing the issues and opportunities faced by cities, towns, and local entities in crafting their economic destinies within the global economy. Nancey Green Leigh and Edward J. Blakely provide a thoroughly up-to-date exploration of planning processes, analytical techniques and data, and locality, business, and human resource development, as well as advanced technology and sustainable economic development strategies.

Local Economic Development-R. Scott Fosler 1991

The Partnership Handbook-Flo Frank 2000 This handbook has been designed to support the most current understanding & development of partnerships, an important vehicle for building community capacity and undertaking community development activities. The content comes from knowledge & experience of individuals who have been directly involved in partnerships, organizational transition, and community development. Section I defines a partnership and section II identifies the conditions that support partnerships. Examples of assessment tools are provided. Section III outlines the partnership process and how to apply it; section IV explores the knowledge, attitudes, and skills required to undertake a partnership; and section V examines common issues & concerns along with some possible solutions. The final section describes the characteristics of a variety of partnership approaches.

The Economy of Cities-Jane Jacobs 2016-07-20 In this book, Jane Jacobs, building on the work of her debut, The Death and Life of Great American Cities, investigates the delicate way cities balance the interplay between the domestic production of goods and the ever-changing tide of imports. Using case studies of developing cities in the ancient, pre-agricultural world, and contemporary cities on the decline, like the financially irresponsible New York City of the mid-sixties, Jacobs identifies the main drivers of urban prosperity and growth, often via counterintuitive and revelatory lessons.

Rural Development-Henry Buller 1990

Decision Making for Leaders-Thomas L. Saaty 1990 This book is about how to make decisions using the Analytic Hierarchy Process. The basics of the theory are described in a clear, non-technical manner with many examples. It is suitable for business leaders and also is probably the best book for introducing the AHP to students at the college and graduate level. In this fifth printing of the book the reader will find a new appendix containing real-life applications that validate the use of the fundamental scale of the AHP.

Tourism Planning-Clare A. Gunn 1994-01

When somebody should go to the book stores, search start by shop, shelf by shelf, it is in fact problematic. This is why we provide the book compilations in this website. It will certainly ease you to look guide **pelaksanaan pengembangan kawasan agropolitan kabupaten** as you such as.
