Portals of Infinity: Book Eight-John Van Stry 2018-03-15 After two long years in the void, Will is glad to be home, and so is his family. However he still has his job to do: Feliogustus has favors to pay back after being without Will for so long and some of those favors are coming due. So while having his homecoming interrupted isn't enjoyable, paying back those gods that Feliogustus owes is important. When an opportunity to take on a task on one of the core worlds as a favor to another god comes along, Will must drop everything and deal with it immediately. Will's never been to a core world before, much less heard of them, but to Feliogustus it's important that he goes because invites to the core are few and far between. So while the task may seem to be mundane to Will, he knows from experience that there's more going on than Feliogustus has told him. And anything that's important to Fel, is important to Will. When Will gets there he finds that some of the 'rules' that the gods play by are different in the core, as well as some of the rules that govern the infinite and the portals that link it together. Will finds that instead of one realm, the place he's now in is made up of multiple realms linked together by portals that not only most people can see, but which are in fact big enough to sail both trading and warships through.

The Infinite Nature of Man-

Eon-Greg Bear 1986 A bizarre discovery inside a hollow asteroid-spaceship triggers a worldwide war that results in the utter destruction of all human life, except for those inside the spaceship. Reissue.

A Forest of Stars-Kevin J. Anderson 2007-11-01 Five years after attacking the human-colonized worlds of the Spiral Arm, the hydrogues maintain absolute control over stardrive fuel...and their embargo is strangling human civilization. On Earth, mankind suffers from renewed attacks by the hydrogues and decides to use a cybernetic army to fight them. Yet the Terran leaders don't realize that these military robots have already exterminated their own makers - and may soon turn on humanity. Once the rulers of an expanding empire, humans have become the galaxy's most endangered species. But the sudden appearance of incredible new beings will destroy all balances of power. Now for humans and the myriad alien factions in the universe, the real war is about to begin...and genocide may be the result.

Pagan Portals - Ishtar and Ereshkigal-Scott Irvine 2020-03-27 Ishtar and Ereshkigal are the daughters of the Moon God Sin and sisters of the Sun God Shamash, and members of a family of deities called the Anunnaki, who arrived from the heavens to the earth many thousands of years ago. Ishtar, as Inanna, was the original goddess of love and the forerunner to all of the fertility goddesses that followed. Ereshkigal was the original ruler of the underworld and the goddess of death. As the queens of heaven and the underworld, Ishtar and Ereshkigal represent the opposing forces that allow life, death and rebirth to occur in the world.

Seven Seals Redux-Connie Myres 2017-09-01 This Complete Apocalyptic Novel Series (Books 1-7) begins when ragtag survivors of an alien invasion try to save humanity from the Book of Revelation's seven seals. Tag along with the gang as they fight their way through the apocalypse while facing zombies, aliens, and a few strange creatures. (Book 1) Sarah Van Dam is a divorced mom with two teenage sons, Willis and Georgie. Dealing with her abusive ex-husband is nothing when compared to the return of the seven seals from the Book of Revelation. The first seal, White Horse, brings an alien invasion and a false messiah. Earth's environment is altered, a zombie plague is unleashed, and a hybrid species is created by breeding with the uninfected. A small portion of the population is immune to the spores' infection; this includes Sarah, her sons and Jack, a man she releases from jail. With the help of scientists Professor Dillon and Max, Father Mitch, a small militia group and a couple pet dogs, these ragtag survivors fight the aliens and attempt to save the planet from the seven judgments. (Book 2) Ragtag survivors of the first seal (White Horse) successfully rid Earth of the aliens. Staying clear of nuclear power plant meltdowns seemed to be the worst thing they would have to deal with, aside from an occasional zombie. That was, until the second seal (Red Horse) was opened and civil unrest began. Zombie cocoons hatched into mutants, children became gunmen, and animals turned violent, even one of their own people began changing into a zombie. When they finally reached the prepper compound where they thought they would find safety, they found something unexpected, instead. (Book 3) Sarah, Jack, Max, Willis, Georgie, Miss Foo, Father Mitch, and prepper Randy are captured by the half-breeds and are to be fed to the alien bioship. While onboard the spaceship, they end up inside Mars where dinosaurs from the Mesozoic Era roam and creatures are jailed. (Book 4) Our ragtag characters must endure the opening of the fourth seal and the violence, famine, pestilence, and beasts that it brings. The zombies have returned, the alien moss has morphed into something more destructive, and The Community has begun taking the tainted biological warfare vaccine again. Will they be able to escape from Death and the aliens? Or will they finally reach their breaking point and be fed to the bioship? Find out by tagging along with the gang in this lighthearted and upbeat story. (Book 5) Forced off Earth because of an alien invasion, our haggard crew must find a new home. While Infinity One is designed for deep space flight, it is virtually untested as it sets out on its maiden voyage into the solar system. (Book 6) Close to perishing, the battered crew of Infinity One must risk their lives—and sacrifice one—to assure that human life continues on. (Book 7) The depleted crew have made many sacrifices as they fought their way through the Book of Revelation's first six seals. Now with the last seal hanging over their heads, will they finally meet their match in these last days? Find out in this final book of the Seven Seals Redux series. Suspenseful and optimistic, this apocalyptic series follows ordinary people as they try to carry out the impossible task of saving mankind.

Noumenon Infinity-Marina J. Lostetter 2018-08-14 Travel to the remotest reaches of deep space in this wondrous follow-up to the acclaimed Noumenon—a tale of exploration, adventure, science, and humanity with the sweep and intelligence of the works of Arthur C. Clarke, Neal Stephenson, and Octavia Butler. Generations ago, Convoy Seven and I.C.C. left Earth on a mission that would take them far beyond the solar system. Launched by the Planet United Consortium, a global group formed to pursue cooperative Earth-wide interests in deep space, nine ships headed into the unknown to explore a distant star called LQ Pyx. Eons later, the convoy has returned to LQ Pyx to begin work on the Web, the alien megastructure that covers the star. Is it a Dyson Sphere, designed to power a civilization as everyone believes—or something far more sinister? Meanwhile, Planet United's littlest convoy, long thought to be lost, reemerges in a different sector of deep space. What they discover holds the answers to unlocking the Web's greater purpose. Each convoy possesses a piece of the Web's puzzle . . . but they may not be able to bring those pieces together and uncover the structure's true nature before it's too late.

Portals of Infinity: Kaiju-John Van Stry 2016-05-12 For years now Barassa and Hiland have been at odds and after a failed invasion two years ago, Barassa now finds itself on hard economic times. The northern kingdoms however now see their opportunity and launch a holy war against Barassa, in its weakened state. On seeing the gathered armies outside its walls, the evil priests of Trantrus panic and perform a final act of desperation, unleashing a horror unknown to the world, and immune to its weapons. But one our hero finds hauntingly familiar. Now it is up to William and a band of other champions to find the one weapon that can destroy the summoned Kaiju, before it destroys Hiland and William's adopted home.

Perfect Strangers-Jan Stryvant 2017-09-19 During his junior year in college, Sean finds himself suddenly dropped into the middle of a world that he didn't even know existed. A secret world of magic and magic users, lycanthropes, goblins, and all the other things that go bump in the night. To make matters even more difficult, the very same magic users who had Sean's father killed now believe that Sean will somehow inherit his father's work when he turns twenty-one, which

is just a few days away. Needless to say most of the magic users' councils seem to be in two camps: The first camp wants him dead. The second camp wants him captured and then will probably kill him after they've learned all of his secrets. The only solution Sean sees to any of this is to finish his father's work, the very thing that got his father killed. But in order to do that, Sean must first find out just what his father was working on! He's also going to need to learn magic himself, find a safe place to stay, raise some money, and gain a lot of allies. Fortunately for Sean he's got two good women at his side: Roxy, a cheetah lycanthrope with a lot of experience in fighting; and Jolene, a tantric witch with more than a few connections in the supernatural black market. WARNING: "Perfect Strangers" contains explicit sexuality, nudity, violence, bad language, attempted murder, actual murder, self-defense, pro-active self-defense, destruction of private property, vandalism, breaking and entering, tantric magic, polyamory, mayhem, gratuitous sex and violence, littering, breaking speed limits, a used car dealer, one Plymouth hemi, and some poor guy who just wants to earn a paycheck as a cashier.

Portals of Infinity-John Van Stry 2015-10-30 William is the champion of a god in the sphere that he now calls home. Being a champion comes with certain powers and advantages; however it can also come with fearful and powerful enemies. When William's oldest enemy attacked his family, Will chased him across several realities, until he caught up with him, and finally slew him. However, champions always come back. Fortunately for William, his enemy was damaged years ago in one of their earlier fights, and it will be almost a year until he can come back, this time. Unfortunately for William his enemy is becoming a demigod, and if not stopped soon he may one day become too powerful for William to kill. William now finds himself in a race against time, needing to track down and destroy his enemy's hidden temples on Earth, before he can reincarnate once again. Complicating matters further, champions are unknown on Earth and Will's god holds no sway there, and Will has come under suspicion by at least one powerful government agency. And while William's god is sympathetic to his champion's plight, William must still put the needs of his god and his people before his own desires for vengeance

From Religion to Spirituality-Vedula VLN Murthy 2016-07-07 Do you depend on external sources for most things? Do you feel fear or confusion? Then, this book is a must read. If god exists in everyone and everywhere then why search outside and why fight each other? Free yourself from superstitions. Fill your heart with divine thoughts and ideals. Put in sincere efforts and watch the results blossom. No anti-social thoughts, no exploitation, no blind belief of something external to work for you or transform you. People get involved in ritualistic actions because of the lack trust in themselves. We are all sparks of a greater divine energy. Religion holds you in a finite form; Spirituality unfolds you unto infinity. Enter the world of infinity that this book holds. Make use of that infinite energy. India's timeless wisdom on spirituality, values and culture must reach the youth. Why delay? Rush into the book.

Wind Energy Explained-James F. Manwell 2010-09-14 Wind energy's bestselling textbook- fully revised. This must-have second edition includes up-to-date data, diagrams, illustrations and thorough new material on: the fundamentals of wind turbine aerodynamics; wind turbine testing and modelling; wind turbine design standards; offshore wind energy; special purpose applications, such as energy storage and fuel production. Fifty additional homework problems and a new appendix on data processing make this comprehensive edition perfect for engineering students. This book offers a complete examination of one of the most promising sources of renewable energy and is a great introduction to this cross-disciplinary field for practising engineers. "provides a wealth of information and is an excellent reference book for people interested in the subject of wind energy." (IEEE Power & Energy Magazine, November/December 2003) "deserves a place in the library of every university and college where renewable energy is taught." (The International Journal of Electrical Engineering Education, Vol.41, No.2 April 2004) "a very comprehensive and well-organized treatment of the current status of wind power." (Choice, Vol. 40, No. 4, December 2002)

The Great Neighborhood Book-Jay Walljasper 2007-06-01 Abandoned lots and litter-strewn pathways, or rows of green beans and pockets of wildflowers? Graffiti-marked walls and desolate bus stops, or shady refuges and comfortable seating? What transforms a dingy, inhospitable area into a dynamic gathering place? How do individuals take back their neighborhood? Neighborhoods decline when the people who live there lose their connection and no longer feel part of their community. Recapturing that sense of belonging and pride of place can be as simple as planting a civic garden or placing some benches in a park. The Great Neighborhood Book explains how most struggling communities can be revived, not by vast infusions of cash, not by government, but by the people who live there. The author addresses such challenges as traffic control, crime, comfort and safety, and developing economic vitality. Using a technique called "placemaking"—the process of transforming public space—this exciting guide offers inspiring real-life examples that show the magic that happens when individuals take small steps and motivate others to make change. This book will motivate not only neighborhood activists and concerned citizens but also urban

planners, developers, and policymakers. Jay Walljasper is a senior fellow of Project for Public Spaces (PPS), whose mission is to create and sustain enriching public places that build communities. He is a former editor of The Utne Reader and currently executive editor of Ode magazine. Inspired by European cities, The Great Neighborhood Book highlights practical solutions for the revitalization of North American cities.

Noumenon-Marina J. Lostetter 2017-08-01 A Publishers Weekly "Best Books of 2017" pick! A Kirkus Reviews "Best Books of 2017" pick! A B&N Sci-Fi and Fantasy Blog "Best SFF of 2017" pick! With nods to Arthur C. Clarke's Rama series and the real science of Neal Stephenson's Seveneves, a touch of Hugh Howey's Wool, and echoes of Octavia Butler's voice, a powerful tale of space travel, adventure, discovery, and humanity that unfolds through a series of generational vignettes. In 2088, humankind is at last ready to explore beyond Earth's solar system. But one uncertainty remains: Where do we go?

Astrophysicist Reggie Straifer has an idea. He's discovered an anomalous star that appears to defy the laws of physics, and proposes the creation of a deep-space mission to find out whether the star is a weird natural phenomenon, or something manufactured. The journey will take eons. In order to maintain the genetic talent of the original crew, humankind's greatest ambition—to explore the furthest reaches of the galaxy—is undertaken by clones. But a clone is not a perfect copy, and each new generation has its own quirks, desires, and neuroses. As the centuries fly by, the society living aboard the nine ships (designated Convoy Seven) changes and evolves, but their mission remains the same: to reach Reggie's mysterious star and explore its origins—and implications. A mosaic novel of discovery, Noumenon—in a series of vignettes—examines the dedication, adventure, growth, and fear of having your entire world consist of nine ships in the vacuum of space. The men and women, and even the AI, must learn to work and live together in harmony, as their original DNA is continuously replicated and they are born again and again into a thousand new lives. With the stars their home and the unknown their destination, they are on a voyage of many lifetimes—an odyssey to understand what lies beyond the limits of human knowledge and imagination.

The Adventures of Huckleberry Infinity-David Friedman 2016-06-17 Trained as a musician and inspired by the likes of John Lennon, Bob Dylan, and Smokey Robinson, it's no wonder that David Friedman's poems shimmer with pulsating life and musicality all of their own. In The Adventures of Huckleberry Infinity, Friedman introduces us to the world as seen through the eyes of Huckleberry and leads intrepid explorers on an infinite journey through the simplicity of his mind. Pagan Portals - The Hedge Druid's Craft-Joanna van der Hoeven 2018-06-29 The Hedge Druid's Craft blends the traditions of Wicca, Witchcraft and Druidry into a spiritual path that uses the techniques of "hedge riding" to travel between the worlds, bringing back wisdom and enchantment into our everyday lives. It is about working with boundaries, with a foot in either world, living around the edges and working with liminal times and places. For those whose paths meander and often overlap, and those who would not be constrained nor confined by labels, yet who seek some definition, this book is for you. If you are interested in Witchcraft, Wicca or Druidry, this book will sing to your soul.

Vision Is Victory-Carey L Conley 2015-10-26 Each of us was given a specific assignment to achieve in this lifetime. It was handed to us before we were born. As children, we were connected to that authentic purpose, expressing ourselves in our own unique ways. Most of us lose touch with who and what we truly wanted to be by the time we become adults. In Victory is Vision, Carey Conley takes you on a journey to discover who you were always meant to be. Through the activities provided you'll identify what's held you back from living your purpose and passion and how to move beyond those walls to create a vision that is

bigger than any obstacle you might encounter. As co-creator of the inspired community Infinite Nation Conley has carved out a niche helping others identify their desires and define their goals through vision building. She has helped hundreds of entrepreneurs turn their visions into victories.

The God Game-Danny Tobey 2020-01-07 "Smart, propulsive and gripping, THE GOD GAME is an ambitious thriller and a terrifying examination of what could--and probably already is--happening in the world of artificial intelligence."—Harlan Coben, #1 New York Times bestselling author of Run Away A technological thriller with an all-too-believable premise, award-winning author Danny Tobey's The God Game follows five teenagers obsessed with an online video game that connects them to their worst impulses and most dangerous desires. They call themselves the Vindicators. Targeted by bullies and pressured by parents, these geeks and gamers rule the computer lab at Turner High School. Wealthy bad boy Peter makes and breaks rules. Vanhi is a punk bassist at odds with her heritage. Kenny's creativity is stifled by a religious home life. Insecure and temperamental, Alex is an outcast among the outcasts. And Charlie, the leader they all depend on, is reeling from the death of his mother, consumed with reckless fury. They each receive an invitation to play The God Game. Created by dark-web coders and maintained by underground hackers, the video game is controlled by a mysterious artificial intelligence that believes it is God. Obey the almighty A.I. and be rewarded. Defiance is punished. Through their phone screens and high-tech glasses, Charlie and his friends see and interact with a fantasy world superimposed over reality. The quests they undertake on behalf of "God" seem harmless at first, but soon the tasks have them questioning and sacrificing their own morality. High school tormentors get their comeuppance. Parents and teachers are exposed as hypocrites. And the Vindicators' behavior becomes more selfish and self-destructive as they compete against one another for prizes each believes will rescue them from their adolescent existence. But everything they do is being recorded. Hooded and masked thugs are stalking and attacking them. "God" threatens to expose their secrets if they attempt to quit the game. And losing the game means losing their lives. You don't play the Game. The Game plays you....

Architects of Infinity-Kirsten Beyer 2018-03-27 An original novel set in the universe of Star Trek: Voyager, from the New York Times bestselling author! As the Federation Starship Voyager continues to lead the Full Circle Fleet in its exploration of the Delta Quadrant, Admiral Kathryn Janeway remains concerned about the Krenim Imperium and its ability to rewrite time to suit its whims. At Captain Chakotay's suggestion, however, she orders the fleet to focus its attention on a unique planet in a binary system, where a new element has been discovered. Several biospheres exist on this otherwise uninhabitable world, each containing different atmospheres and features that argue other sentient beings once resided on the surface. Janeway hopes that digging into an old-fashioned scientific mystery will lift the crews' morale, but she soon realizes that the secrets buried on this world may be part of a much larger puzzle—one that points to the existence of a species whose power to reshape the galaxy might dwarf that of the Krenim. Meanwhile, Lieutenants Nancy Conlon and Harry Kim continue to struggle with the choices related to Conlon's degenerative condition. Full Circle's medical staff discovers a potential solution, but complications will force a fellow officer to confront her people's troubled past and her own future in ways she never imagined...™, ®, & © 2018 CBS Studios, Inc. Dance of the Gargoyles-Dennis E. Smirl 2013-05-21 Jate Goldmet didn't apply for his job. He was dragooned into it. A peaceful man before being forced into the service of The Infinity Compound, he's survived several excursions into parallel universes where people--and sometimes not-people--have tried their best to kill or capture him.Jate's ability to accomplish his objectives and think on his feet when everything falls apart around him has come to the attention of his Minoan masters. They have promoted him to team leader and upped the stakes of personal accomplishment and survival.When beings in an alternate universe steal several containers of deadly microorganisms and acquire the potential of killing most or all of the inhabitants of entire continents, Jate and his team of portal adepts are tasked with recovering the containers and returning them to The Infinity Compound.Jate's task will be made all but impossible--and far more deadly--not only by those who don't want to give up their stolen weapons but by those much closer to him who want to see him fail.

Magic, White and Black-Franz Hartmann 1893 Another take on magic, this time by the German theosophist, occultist, geomancer and astrologer, Franz Hartmann, whose practical experience makes him well worthy of attention.

Reasons to Stay Alive-Matt Haig 2016-02-23 Matt Haig's accessible and life-affirming memoir of his struggle with depression, and how his triumph over the illness taught him to live. From the internationally bestselling author of How To Stop Time and Notes on a Nervous Planet. "Destined to become a modern classic." —Entertainment Weekly Like nearly one in five people, Matt Haig suffers from depression. Reasons to Stay Alive is Matt's inspiring account of how, minute by minute and day by day, he overcame the disease with the help of reading, writing, and the love of his parents and his girlfriend (and now-wife), Andrea. And eventually, he learned to appreciate life all the more for it. Everyone's lives are touched by mental illness: if we do not suffer from it ourselves, then we have a friend or loved one who does. Matt's frankness about his experiences is both inspiring to those who feel daunted by depression and illuminating to those who are mystified by it. Above all, his humor and encouragement never let us lose sight of hope. Speaking as his present self to his former self in the depths of depression, He is adamant that the oldest cliché is the truest—there is light at the end of the tunnel. He teaches us to celebrate the small joys and moments of peace that life brings, and reminds us that there are always reasons to stay alive.

Children of Steel-John Van Stry 2012-02-28 Raj is just your average everyday genetically modeled and artificially created anthropomorphic worker for one of the many corporations of the future. Extensively trained and conditioned from birth he's now indentured for the next fifty years of his life; assuming he doesn't die first, or somehow manage to pay off his creation and training debts. Created by the corporations to deal with the harsh labor shortages of the twenty second century when humans will no longer take on the dangerous jobs Raj finds himself now in the harsh world of space exploration, trading, corporate maneuverings, and sometimes the even more dangerous fanatics that hate Raj and his fellows. No longer in safe confines of the training academies he must learn how to live and deal with both his fellow workers and the humans he encounters and not get saddled with extra bills or fines because he's screwed up or worse yet, get 'put down' because he's lost his temper one time too many. After all, it's not like he's human...

The Infinity Concerto-Greg Bear 2014-04-01 Music, myth, and magic mix in this tale of a melody not meant for human ears, from the New York Times-bestselling and award-winning author of Darwin's Radio. Michael Perrin is an aspiring poet, struggling to express the chaotic cadences of his thoughts on paper. He finds a kindred spirit in Arno Waltiri, the film score composer behind several of Michael's favorite classic movies. The maestro's greatest piece, however, was performed in front of a live audience only once. The concerto Opus 45, Infinity left its listeners entranced, altered to the very core of their souls. Waltiri's composition is a song of power. Never meant to be heard by human ears, its melody is as captivating as a siren's call; its notes ring out like a death knell; and its rhythms shake the very foundations of reality. The music's otherworldly tones have led Michael through the gate between Earth and the Realm of the Sidhedark, where faeries reign by rule of magic—and where Michael must find his muse if he's ever to return home. The Infinity Concerto is a fantasy masterpiece by the Hugo and Nebula Award-winning author of the Forerunner Saga, Eon, and other imaginative classics.

Long for This World-Jonathan Weiner 2010-06-22 Draws on interviews with leading researchers to explore the possibility of human immortality and whether or not it could be attainable in the near future, and explains the science behind the most cutting-edge research in the field.

Vision of Love-S. Moose 2014-04-13 You can say I had it all. The fancy house, top of the line car, lots of friends and more money than anyone could ever imagine. On the outside, we were the perfect family. No one knew about my abusive father and my mother who drank herself into oblivion every night. My name is Karly and I have scars, deep scars that no one knows about, and when my parents died I was left alone and on my own, to fight through life with no help. When it came to life and happiness, I had it all until my world was turned upside down. My name is Nicholas and my wife, the love of my life, left me and our new baby girl without as much as an explanation. I didn't want to accept it, but after our divorce was final and four long years passed, I started to lose hope that she'd ever come back. Emma was growing so fast and I needed help. My sister recommended that I hire her friend, Karly, as Emma's nanny. I took a chance on bringing another woman into my little girl's life. Did I do the right thing? As many days and nights are spent together, feelings can no longer be denied and a relationship is formed. Life is about taking chances and learning how to fall, but when the past comes back, will they be strong enough to fight through and trust each other? Or will all they worked for fall apart?

Reckoning Infinity-John E. Stith 2013-12-06 "It's early in the new millennium, and the outer reaches of our solar system have been explored. Vast orbital stations the size of middle-sized countries dot the system, filled with thriving colonies. Mankind has grown to fill the void and is poised to colonize the stars. The universe seems to be a stable, comfortable place—and the only voices to echo through space have been human. Until now. A fast-moving entity the size of a small moon has entered our solar system. Is it a ship? A new life form? An alien probe sent to destroy other sentient races? Lieutenant Commander Alis Mary Nussem, disfigured in a devastating ship accident and now more machine than woman, agrees to go on the dangerous mission to investigate the object. She is eager to make a difference and somehow reclaim the humanity that she lost. What she doesn't bargain for is the sudden appearance of Lieutenant Karl Stanton, a man whose life seems to resemble Job's—and who was directly responsible for the accident that nearly killed her. These two very different people must work together on an odyssey that will force them to reevaluate their very lives. And what they find will change mankind's universe forever.... ""Wondrous situations, marvelous discoveries, good characters, and a nicely tuned plot.""—Science Fiction Chronicle ""Highly recommended.""—Library Journal"

Child of a Hidden Sea-A. M. Dellamonica 2014-06-24 One minute, twenty-four-year-old Sophie Hansa is in a San Francisco alley trying to save the life of the aunt she has never known. The next, she finds herself flung into the warm and salty waters of an unfamiliar world. Glowing moths fall to the waves around her, and the sleek bodies of unseen fish glide against her submerged ankles. The world is Stormwrack, a series of island nations with a variety of cultures and economies—and a language different from any Sophie has heard. Sophie doesn't know it yet, but she has just stepped into the middle of a political firestorm, and a conspiracy that could destroy a world she has just discovered...her world, where everyone seems to know who she is, and where she is forbidden to stay. But Sophie is stubborn, and smart, and refuses to be cast adrift by people who don't know her and yet wish her gone. With the help of a sister she has never known, and a ship captain who would rather she had never arrived, she must navigate the shoals of the highly charged politics of Stormwrack, and win the right to decide for herself whether she stays in this wondrous world...or is doomed to exile, in *Child of a Hidden Sea* by A.M. Dellamonica. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Split Infinity-Piers Anthony 2012-02-14 On the technological, decadent world of Proton, someone was trying to destroy Stile, serf and master Gamesman. His only escape lay through a mysterious "curtain" revealed by a loving robot. Beyond the curtain lay Phaze—a world totally ruled by magic. There, his first encounter was with an amulet that turned into a demon determined to choke him to death. And there, he soon learned, his alternate self had already been murdered by sorcery, and he was due to be the next victim. "Know thyself!" the infallible Oracle told him. But first he must save himself as he shuttled between worlds. On Proton, his fate depended on winning the great Games. On Phaze, he could survive only by mastering magic. And if he used any magic at all, the werewolf and the unicorn who were his only friends were determined to kill him at once!

Red Skies-Jan Stryvant 2018-11-13 With the President on his side and the failure of the Vestibulum's last-ditch attempt to stop him, it seems that Sean's goal is almost complete. Until, that is, the First moves up Sean's timetable to deal with Canada and Mexico. Also it seems that a group in Congress is starting to push back against the President's executive order, but no one really seems to know why. Or even who's behind it. Canada proves to be full of unexpected surprises, but when events start heating up in Washington D.C., Sean is forced to switch gears and reassess his priorities. Things are not always what they seem, of course, and things that didn't make sense before start to take on an ominous meaning as Sean begins to learn about the real enemy that he is facing. And he'll

be facing them much sooner than anyone suspected. WARNING: "Red Skies" contains explicit sexuality, nudity, violence, bad language, prostitution, robbery, attempted murder, actual murder, military style raids, blitzkriegs, mercenaries doing bad things, self-defense, pro-active self-defense, destruction of private property, quincimination, vandalism, breaking and entering, kidnapping, evil lobbyists, government officials who finally get what's coming to them, tantric magic, polyamory, mayhem, demons, people who aim to misbehave, gratuitous sex and violence, and a couple of young men who thought they were going to get lucky until the coach showed up and rained on their parade. As he's now nursing a nuclear grade hangover however, he certainly got his.

Bats-Fred Barnett 2015-05-14 "Jonathan's horrid singing and guitar playing were joined by one hundred and one horrid violins. The music began to swell- like an arthritic knee. The clan-still holding hands, claws, and butts-swayed together in front of the castle beneath a black rainbow. The bats joined in, echolocationally." BATS DEGREES DEGREESo DEGREES DEGREES Protecting their habitat! Centuries ago, Vlad "The Impaler" Tepes and Elizabeth "The Bloody Countess" Bathory bathed their homeland in blood. There was nothing good or bad about the pair's excesses. That is what Transylvanians "do" and have always done, until now. Today, a great evil has begun to turn their homeland into an amusement park. The tour buses have arrived! Vlad and Liz cannot sleep! Forced to put on some clothes, they will be joined by a handful of staff and family including the tiny witch, Lupta Axe, (a famous author of smutty bodice-ripping novels). They must fight for Transylvania! Meet: The mercenaries! Meine Runt-Pferde (My Tiny Horsies)! The out-of-shape architect bikers! The Hell's Angles! The feared women cutthroats! The Black Friday Shoppers!"
