Sync your library to all of your Apple devices so your photos travel with you wherever you go. Share them online. Show your shots to everyone on your list by using shared albums, creating web galleries, posting them on Facebook, and more. Dive into creative projects. Build pro-level slideshows to share with others, and create gorgeous gift books, calendars, and cards.

The New Digital Photography Manual-Philip Andrews 2006-03 Philip Andrews' manual provides new users with a comprehensive overview of the techniques needed to produce high-quality images using modern digital cameras. The author also covers the jargon, ideas and theory of this new technology. Previous ed.: published as The digital photography manual, 2002.

The Complete Digital Photography & Video Manual-Philip Andrews 2005-09 With its hundreds of colour images and easy-to-understand diagrams, The Complete Digital Photography & Video Manual is an essential port of call for anyone from beginners to experienced photographers and videomakers. With the growth in sales of digital cameras and camcorders, many people now have access to the technology, but need an introduction to the many processes and facets involved. Whether you want to take a snap and put the image on your computer, or film a video complete with titles, sound and special effects, you will find everything you need in this book including: how to choose the right equipment and accessories; understanding your camera and its functions; guides to all the relevant techniques; advice on how to create the best pictures; tips on how to avoid common mistakes; and distributing your completed videos via festivals and the Internet.

Moody's Manual of Investments-John Sherman Porter 1922 American government securities); 1928-53 in 5 annual vols.:[v.1] Railroad securities (1952-53. Transportation); [v.2] Industrial securities; [v.3] Public utility securities; [v.4] Government securities (1928-54); [v.5] Banks, insurance companies, investment trusts, real estate, finance and credit companies (1928-54)

Consumer Price Index Manual-International Labour Office 2004-08-25 The consumer price index (CPI) measures the rate at which prices of consumer goods and services change over time. It is used as a key indicator of economic performance, as well as in the setting of monetary and socio-economic policy such as indexation of wages and social security benefits, purchasing power parities and inflation measures. This manual contains methodological guidelines for statistical offices and other agencies responsible for constructing and calculating CPIs, and also examines underlying economic and statistical concepts involved. Topics covered include: expenditure weights, sampling, price collection, quality adjustment, sampling, price indices calculations, errors and bias, organisation and management, dissemination, index number theory, durables and user costs.

Kinanthropometry and Exercise Physiology Laboratory Manual-Roger Eston 1996 Developed as a key resource for both lecturers and students of kinanthropometry, sports science, human movement and exercise physiology, this laboratory manual provides help with the planning and conduct of class practicals; comprehensive theoretical background for each topic so that the reader can easily place the subject in context without the need for extensive literature reviews; original laboratory practicals and suggestions for student activities; a chapter on statistical analysis which promotes the proper use of common statistical techniques for analysing data obtained on human subjects as well as helping to avoid common abuses of basic statistical tools; and self-standing chapters which are independent of each other enabling the reader to pick out topics of interest in any order.

Modern Metal Detectors-Charles L. Garrett 1985-04-01 This book has been extremely useful to me in understanding all there is to know about metal detectors. To a beginner this is absolute required reading, and for the experienced detectionist, it is still of profound value because of the advice that it gives. This book helped me purchase the right metal detector and following its advice paid for the book the first time I went out metal detecting after reading it. If you are only going to have only two or three books in your personal metal detecting library this one should be one of those two or three! Happy Hunting!
