The Real Before the Estate:-Chastin Miles 2018-10-23 Are you are an aspiring, a practicing or a struggling Real Estate agent? When starting out as an agent, there are many challenges you come across. You may have great ideas blowing up in your mind but before long, you realize that nothing has worked. If you are at this stage, don't worry, you are not alone. The main reason why over 80 percent of the beginner agents quit is that they do not know how to differentiate the REALITY from the REAL ESTATE. I feel like I wasted my first 2 years as an agent. I did not make any progress in my career. I made unnecessary mistakes and my personal and professional life was full of struggles. I can't remember how many times I felt like quitting. But then I also learned a few secrets that I want to pass out to all aspiring and beginner agents. My Name is Chastin J. Miles and I'm an award-winning and accomplished real estate agent. I started off in Dallas, TX and had to struggle like most agents. Through the many years of my career, I have managed to turn things around and now I sit among the best. I have won over 10 awards in this short period including being named Best Real Estate Agent by D Magazine and the 2018 Top Social Media Expert Texas by Top Agent Magazine. My work has been featured in over 8 magazines and even TV shows. I could go on and on about my success but this is not about me. This is about you and what you need to break through. The Real Before The Estate is a book I wrote specifically to help those trying to scale up the ladder in the industry. The Real Before The Estate takes you away from the theories you learn in school and the ideas you have in your mind by introducing you to the real world of real estate. Think of this book as the demo mode of Real Estate world. This book gives you practical knowledge and step by step processes on how to get started and actually succeed in the real estate world. It took me over six years of making mistakes, interacting with industry leaders, and making tough decisions to acquire this knowledge. If I had the knowledge I have now when I started I would be very far in my career. But I don't regret anything; through years of experience, I have managed to reach the peak of my career. Now I use my knowledge to mentor upcoming agents. This is everything you must know before you get into the prosperous yet tumultuous community of Real Estate Agents.

Real Estate License Exam Prep-Stephen Mettling 2019-11-18 Features of Real Estate License Exam Prep (RELEP): National Principles & Law Key Point Review (60 pages) Real Estate Math Key Formula Review & Practice (20 pages) National Practice Tests (500 questions) Sample Exam (75 questions) We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created the Real Estate License Exam Prep (RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works - or fails to work. First, RELEP is comprehensive in that it contains both key content review and testing practice. RELEP's national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate Practice - one of the most widely used principles textbooks in the country. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of the three major testing services for the national portion of the state exam. A word about the test questions... RELEP's testing practice section consists of ten national practice tests and one sample test. The practice tests are roughly 50 questions in length and the sample test is 75 questions. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation, or "rationale" to further reinforce your understanding. Your particular study and testing practice strategy using RELEP is up to you. But to fully exploit its comprehensive content coverage, you should try to review and memorize the key point reviews as much as possible. Then you should make every effort to take each exam, review your mistakes, and re-read the key point reviews that cover your weaker areas. One note of caution is also in order: this National edition of RELEP does not contain state laws and practices applicable in your state of residence or where you intend to get your license. Therefore you will need to study state-level laws given to you by your prelicense school in order to pass the state portion of the state exam. While we are in the process of adding state-level materials to our RELEP series we still have a ways to go. So, until we have state review materials for your state, we give you this publication - a total-coverage review and practice resource of the highest quality for the national portion of the state exam. Now that we've been straightforward with you, a second word of caution. Don't be fooled by other national prep books - that contain no state-level materials - that advertise you will pass your state exam by learning and reviewing what's in their publication. You won't. It is absolutely essential that you develop a comprehensive understanding of both national and state laws and principles in order to pass your state's license examination. While RELEP is as comprehensive a national prep text as it gets, in the end -- as your prelicense course hopefully informed you -- it's all up to you. It still takes hard work and study to pass. But we have done our best here to get you ready for the national portion of the state exam. Following that, the most we can do is wish you the best of success in taking and passing your state exam. So good luck!!

Everyday Millionaires-Chris Hogan 2019 Hogan shows that God's way of managing money really works. Millionaire status doesn't require inheriting a bunch of money or having a high-paying job. The path to becoming a millionaire is paved with tools that you either already have or that you can learn. Take personal responsibility; practice intentionality; be goal-oriented, a hard worker; and be consistent. If you adopt this mindset, you, too, can become a millionaire. -- adapted from foreword and introduction
