Spark knows how devastating rodeo injuries can be. Her father, a bitter former bull rider, is living proof. One thing Dina will not do is become involved with a rodeo man. Will Martin's father abandoned his wife and four children, making Will the man of the family at the age of ten. Years later Will is trying to pay off the mortgage on the family ranch by being the best bull rider around. With only one year to go on the debt, Will is injured by the meanest bull on the circuit and ends up in Dina's care. Has God thrown these two together for a reason? With months of physical therapy ahead of him, Will must choose between returning to the circuit or hanging up his rodeo spurs. And Dina must decide whether to trust God or to run from the chance of falling in love.

Issue Focused Forensic Child Custody Assessment-Eric G. Mart 2007-01-01 This book is designed to present a focused, issue-oriented approach to child custody assessment. Common models of custody assessment will be briefly described, and the strengths and weaknesses of each will be examined, from both a clinical/forensic and an ethical perspective. The movement toward more focused custody assessments will be outlined and the literature on this trend briefly discussed. The rationale of focused, issue-oriented approach will be presented, and a step-by-step guide to conducting such assessments will be provided.

Health and Social Care Bill-Great Britain. Parliament. House of Commons 2000 The purpose of this Bill is to improve the performance of the NHS, provide better protection for patients through a faster, more effective and fair system for regulating GPs, better protection around the use of patient information, create a new system of patient involvement in the way the NHS works, modernise pharmacy and prescribing services, extend direct payments for social services users and provide a fairer system of funding for long term care including measures to reduce the need to sell one's home on entering residential care. It is intended to deliver the aspects of the 'NHS Plan: a plan for investment, a plan for reform' (Cm 4818-I) and the 'NHS Plan: the Government's response to the Royal Commission on long term care' (Cm 4818-II) that require changes to primary legislation.

Father, Forgive My Father-Sandra G. Lee 2005-10-05 Why did you write the book?" everyone wanted to know; "Why would you put yourself through that all over again?" I tell them that it was a promise that I had to fulfill; I was driven by that promise to: 1) inform the general public of a serious social problem of epidemic proportion; 2) help the victims of sexual child abuse better cope with their problems through Christian principles and methods, assuring them that they are not alone in their struggles, 3) bring the perpetrators to a realization of what they are doing; why they are doing it; leading them to seek help and forgiveness, and 4) lead the victim through steps to total healing through forgiveness. I have just completed the book by Sandra G. Lee, Father, forgive my Father. What an awesome book and life story to be told. The author shared all aspects of the history of child abuse through her eyes as a child and as an adult. More people should share as Sandra Lee has and the world would be a better place. Hats off to Sandra for being a strong and dedicated Christian to face adversity with non Christian individuals or those in denial of an epidemic worth sharing. There should be more people such as her to keep the world in a better place.

Ritual and Morality-Hyam Maccoby 2009-01-11 The book describes in detail the ritual purity system of the Hebrew Bible, and its development into the system of the rabbis. Certain human conditions require purification before contact is made with holy foods or areas. Recent scholarly theories (Milgrom, Neusner, Douglas) are discussed, and new theories are proposed for the origin of the Red Cow and Scapegoat rites. It is argued that the impurities concerned all derive from the human cycle of generation, birth and death, from which the Sanctuary is to be guarded; not because it needs protection from demonic powers (as in other ancient purity systems), but because of the reverence due to the divine presence. While the priestly code of holiness displays traces of earlier conceptions, its ritual has lost urgent salvific force, and has become a protocol for the Temple and a dedicatory code for a priestly people; the sources distinguish it from universal morality.

Genome Mapping and Genomics in Animal-Associated Microbes-Vishvanath Nene 2008-11-24
Achievements and progress in genome mapping and the genomics of microbes supersede by far those for higher plants and animals, in part due to their enormous economic implication but also smaller genome size. In the post-genomic era, whole genome sequences of animal-associated microbes are providing clues to depicting the genetic basis of the complex host-pathogen relationships and the evolution of parasitism; and to improving methods of controlling pathogens. This volume focuses on a globally important group of intracellular prokaryotic pathogens which affect livestock animals. These include Brucella, Mycobacterium, Anaplasma and Ehrlichia, as well as the protozoan pathogens Cryptosporidium and Theileria, for which genome sequence data is available. Insights from comparative genomics of the microbes described provide clues to the adaptation involved in host-microbe interactions, as well as resources potentially useful for application in future research and product development.

Seasons of Friendship-Marjory Zoet Bankson 2004-12-01 Drawing on the biblical story of Ruth and Naomi, Bankson explores what we can learn from their unique friendship that survived marriages and moves, death and displacement. Bankson proposes that we need different kinds of friendships in different seasons of our lives. Stories from the author's own life illustrate the contemporary aspects of Ruth and Naomi's journey. The concluding chapter presents a unique perspective on the Book of Ruth as a parable of our friendship with God. The first title in the new Women to Walk With series, Seasons of Friendship includes personal journaling themes for reflection and a study guide with discussion questions and group exercises.

COWBOY SIDEKICKS is an in-depth examination of such fondly remembered comic character actors as George "Gabby" Hayes, Smiley Burnette, Andy Devine, Al "Fuzzy" St. John, Pat Buttram, and many other sidekicks of the B Westerns-thirty-nine in all! Much of THOSE GREAT COWBOY SIDEKICKS is told through the reminiscences of the sidekicks themselves (those who are still kicking) and the cowboy stars who enjoyed the company of these often bewhiskered, tobacco-chewing saddle pals. Author David Rothel interviewed many of the top Western stars, sidekicks, heroines, directors, writers, relatives, and Gower Gulch extras in his effort to tell the story of these comic actors. Mr. Rothel also provides the reader with the rare opportunity to go behind the scenes to discover the manner in which Western screen comedy was created. (It wasn't all just falling into horse troughs, you may be sure!)
