The Principles of Business-Dave DeRose 2020-11-21 A compilation of things learned in business and opportunities experienced through business. Real life problems and victories from 27 years in business with no college degree just the technical background of plumbing heating and air conditioning. Issues that apply to any small business and how to cope and succeed when you are in a struggle. Who to turn to and from and how to remain open and honest no matter what.

The Sumner Story-Wilma F. Bonner 2011-01-01 For the first three quarters of the twentieth century, in the heart of our nation, there thrived a safe haven which nurtured great aspirations of thousands of African American youth and their families. "The Sumner Story" highlights the history of a segregated high school which became recognized for the stellar academic performance of its students. Highly qualified faculty who believed in the students' ability to achieve prepared them for a world of competition, hard knocks, compromises and closed doors. The story also denotes and illuminates outstanding career successes of alumni. In a socially and economically segregated nation, black students who had a "Sumner-like" experience were very fortunate because their schools served as clear windows and powerful springboards to promising possibilities. In this regard, nine other segregated high schools are reviewed. Insights can be gained from this story on how to resolve the plight of low-performing schools in socially and economically disadvantaged communities.

Hybrid Project Management-Mark Tolbert 2020-10-02 Compared to a few decades ago, companies today are faced with a much more challenging environment providing successful products and solutions for their customers. They are dealing with global competition, very rapid change in technologies, and tremendous volatility in economic conditions. As project managers, we are helping our companies survive in this difficult landscape. We are "agents of change" and "drivers of change." The most important project management methodology today that will help us deal with this change and this volatility is Agile. However, no one process or project management methodology fits all situations! Agile is not a panacea for all projects. Many times, our projects are large enough and complex enough that some parts of the project are best suited to using a predictive planning approach, and other parts are more suited to using Agile.

Therefore, a hybrid approach that mixes the traditional, waterfall approach with Agile is really required in many situations today. The agile community oftentimes has quite a negative view of hybrid approaches. Key writers on Agile often say that attempting to use hybrid will corrupt all attempts to use Agile, and will result in failure. In this book, the argument is made that integrating these methodologies can be done if approached the right way, and in fact, this is necessary today.

From Stressed to Centered-Dana Gionta Psy.D. 2015-01-15 As your stress increases, the first thing to go is often what would help the most - your self-care. If you are feeling more tired, overwhelmed, distracted, or overextended lately, there is a simple first step on the journey to feeling better: From Stressed to Centered: A Practical Guide to a Healthier and Happier You. A practical and inspirational book, From Stressed to Centered offers a uniquely comprehensive approach to stress management and self-care by helping you understand and tackle your stress at all levels. It covers the trifecta of stress - assessment, management and future prevention Written by Dana Gionta, Ph.D. and Dan Guerra, Psy.D., two experts with over 30 years of combined experience, this groundbreaking book is solidly based on science and utilizes anecdotes, exercises, and practical strategies to help you: Assess your current level of stress Build up your resistance to future stress Develop a lifestyle program of guilt-free self-care Live a healthier and more fulfilling life

Bare Knuckled Project Management-Tony Gruebl 2013-05-17 "When the going gets tough, they call for the sons of bitches! - Admiral Ernest King (attributed) It's a sad fact that most projects fail - as many as 70% according to one well known study. Those failed projects cost billions of dollars. Perhaps they've even cost you or your company. You've hired certified project managers and implemented project management techniques, and yet you still don't have the success you need. BARE KNUCKLED PROJECT MANAGEMENT has the answer. Of course, there are lots of management philosophies that tell you that if you just follow a few simple rules, you'll have perfect results. But it's never that simple, and we know it. The bare-knuckled approach to project management is all about the people. Anybody can swing a bat, but that doesn't mean anybody can be a major leaguer. It's all about the person. It takes talent, temperament, training, experience, and aptitude to achieve greatness. And make no mistake, for great projects, you need a great project manager - someone who isn't afraid to do what it takes to get the job done. You need a Bare-Knuckled Project Manager, someone not afraid to ruffle a few feathers, make hard decisions, and speak unpleasant truths to people who don't always want to hear bad news. In this insightful and powerful book, you'll learn: *** The key reasons projects fail, and the simple steps needed to avoid the most common mistakes. *** How the "three sided table" approach empowers project managers, customers, and teams to do excellent work. *** How to become a Bare-Knuckled Project Manager, and how to groom others. *** How to handle conflict and communication like a pro. *** How the "Kranz Dictum" that saved NASA's Apollo Program can save your most troubled projects. *** How to transform the organization using the Bare Knuckle approach. For once, you'll experience the "no bullshit" approach to project management: what matters, what doesn't, and how to tell the difference. BARE KNUCKLED PROJECT MANAGEMENT is the one guide you need to achieve real project results!

APICS, the Performance Advantage- 1998-07

Managing Virtual Teams-Silvester Ivanaj 2016-08-26 The book Managing Virtual Teams, explores the critical elements that must be considered in managing virtual teams in organizations - from structural, managerial, and process points-of-view. Based in solid research, the book provides a deep look at the nature of virtual teams and the factors that enable their success. It lays out in clear detail the key characteristics of virtual teams and traces their emergence within organizations and the research literature. It makes a valuable contribution with clear guidelines for managerial practice - both to researchers interested in learning about virtual teams and to managers and organizations dealing with the challenges of managing virtual teams.

The Deal- 2008

Fail Better-Anjali Sastry 2014-10-14 If you're aiming to innovate, failure along the way is a given. But can you fail better? Whether you're rolling out a new product from a city-view office or rolling up your sleeves to deliver a social service in the field, learning why and how to embrace failure can help you do better, faster. Smart leaders, entrepreneurs, and change agents design their innovation projects with a key idea in mind: ensure that every failure is maximally useful. In Fail Better, Anjali Sastry and Kara Penn show how to create the conditions, culture, and habits to systematically, ruthlessly, and quickly figure out what works, in three steps: 1. Launch every innovation project with the right groundwork 2. Build and refine ideas and products through iterative action 3. Identify and embed the learning Fail Better teaches you how to design your efforts to test the boundaries of your thinking, explore crucial interdependencies, and find the factors that can shift results from just acceptable to groundbreaking—or even world-changing. Practical instructions intertwined with compelling real-world examples show you how to: • Make predictions

and map system relationships ahead of time so you can better assess results • Establish how much failure you can afford • Prioritize project activities for disconfirmation and iteration • Learn from every action step by collecting and examining the right data • Support efficient, productive habits to link action and reflection • Distill, share, and embed the lessons from every success and failure You may be a Fortune 500 manager, scrappy start-up innovator, social impact visionary, or simply leading your own small project. If you aim to break through without breaking the bank—or ruining your reputation—this book is for you.

Managing Up-Mary Abbajay 2018-03-07 Build vital connections to accelerate your career success Managing Up is your guide to the most valuable 'soft skill' your career has ever seen. It's not about sucking up or brown-nosing; it's about figuring out who you are, who your boss is, and finding where you meet. It's about building real relationships with people who have influence over your career. Managing up is good for you, good for your boss, and good for the organization as a whole. This book gives you strategies for developing these all-important connections and building more than rapport; you become able to quickly assess situations, and determine which actions will move you forward; you become your own talent manager, and your boss's top choice for that new opportunity. As a skill, managing up can do more for your career than simply 'networking' ever could—and this book shows you how. Real-world strategies give you a set of actionable steps, supplemented by expert advice from a top leadership consultant that helps you get on track to advancement. It's never too early or too late to start adjusting your alignment, and this book provides the help you need to start accelerating your trajectory. Develop robust relationships with influential people Enhance your self-awareness and become more adaptable Gain new opportunities and accelerate your career Stop 'schmoozing' and develop true, lasting connections Managing up helps you build the sort of relationships that foster more communication, collaboration, cooperation, and understanding between people at different levels of power, with a variety of perspectives and skills. This type of bridge-building builds your reputation for effectiveness and fit, so you can start skipping rungs on the ladder as you build a strong, successful career. Managing Up is your personal manual for building this vital skill so you can begin building your best future.

Succeeding with Agile-Mike Cohn 2010 Provides recommendations and case studies to help with the implementation of Scrum.

Kindle Formatting-Joshua Tallent 2009 Publishers and independent authors everywhere are excited-and somewhat anxious-about the move toward digital publishing. eBooks are revolutionizing the publishing world, and eBook reading devices like the Amazon Kindle are on the forefront of this revolution. However, the text formatting the Kindle requires can be hard to decipher and even harder to implement. This book serves as a guide to the process of formatting eBooks that look great on the Kindle every time. Each step is explained in detail, with examples and formatting tips found nowhere else. In addition to instructions for the conversion and formatting process, this book contains detailed explanations of all the HTML and CSS markup supported by the Kindle, instructions for achieving optimal image display quality on the E Ink screen, and other details about the Kindle's formatting requirements previously left to chance or speculation. Beautiful eBooks are at your fingertips. The Kindle and its readers await.

The Upbeat, Organized Home Office-Darla Demorrow 2020-03-14 An organized home office is your key to finally getting things done. Start here if:â€¢You are fed up with paperâ€¢You are fed up with emailâ€¢You are fed up with being disorganized throughout your life Don't have an entire room for a dedicated home office? Turn an alcove, a loft, a corner of your bedroom or the dining room table into an upbeat home office you want to run to...not from. Tame never-ending email. Organize electronic files. Add just a few essential tech tools, leading to an organized mind so you can enjoy your day more. Everyone deserves a home office. If you are an entrepreneur, run a home-based business or work remotely, a home office is a necessity. Even if you don't work from home, everyone needs a space to pay bills, answer email, and charge your electronics. You can learn to have better time management skills in a home office that makes you smile. Faster than you thought possible, you'll learn to:â€¢Clear your deskâ€¢Reduce unwanted emailâ€¢Stop losing computer filesâ€¢Go paper-less without scanningâ€¢Never lose important papers againâ€¢Save time with one change to your to-do listâ€¢Stay organized longer The SORT and Succeed system is just five simple steps to organize your home office one area at a time. Find time, save money, and overcome information overload with organizing strategies you'll actually use. Starting with an entrepreneurial mindset, you'll be motivated to complete your projects with a repeatable system for success. Darla DeMorrow is a Certified Professional Organizer ® with more than a decade of experience working in corporate offices and home offices. She developed the SORT and Succeed system to help you get organized and stay organized.

Managing the Unmanageable-Mickey W. Mantle 2012-09-16 "Mantle and Lichty have assembled a guide that will help you hire, motivate, and mentor a software development team that functions at the highest level. Their rules of thumb and coaching advice are great blueprints for new and experienced software engineering managers alike." —Tom Conrad, CTO, Pandora "I wish I'd had this material available years ago. I see lots and lots of 'meat' in here that I'll use over and over again as I try to become a better manager. The writing style is right on, and I love the personal anecdotes." —Steve Johnson, VP, Custom Solutions, DigitalFish All too often, software development is deemed unmanageable. The news is filled with stories of projects that have run catastrophically over schedule and budget. Although adding some formal discipline to the development process has improved the situation, it has by no means solved the problem. How can it be, with so much time and money spent to get software development under control, that it remains so unmanageable? In Managing the Unmanageable: Rules, Tools, and Insights for Managing Software People and Teams , Mickey W. Mantle and Ron Lichty answer that persistent question with a simple observation: You first must make programmers and software teams manageable. That is, you need to begin by understanding your people—how to hire them, motivate them, and lead them to develop and deliver great products. Drawing on their combined seventy years of software development and management experience, and highlighting the insights and wisdom of other successful managers, Mantle and Lichty provide the guidance you need to manage people and teams in order to deliver software successfully. Whether you are new to software management, or have already been working in that role, you will appreciate the real-world knowledge and practical tools packed into this guide.

Implementing ITIL Change and Release Management-Larry Klosterboer 2008-12-01 The Business-Focused, Best-Practice Guide to Succeeding with ITIL Change and Release Management ITIL® (Information Technology Infrastructure Library®) can help organizations streamline and integrate their operations, dramatically improving efficiency and delivering greater business value. For the first time, there's a comprehensive best-practice guide to succeeding with two

of the most crucial and challenging parts of ITIL: change and release management. Leading IBM® ITIL expert and author Larry Klosterboer shares solid expertise gained from real implementations across multiple industries. He helps you decide where to invest, avoid ITIL pitfalls, and build successful, long-term processes that deliver real return on investment. You'll find detailed guidance on each process, integrated into a comprehensive roadmap for planning, implementation, and operation—a roadmap available nowhere else. Klosterboer offers in-depth coverage of the crucial issues every implementer will face, including make-or-break challenges most consultants can't or won't talk about. For example, he demonstrates how to set a reasonable project scope, migrate data, execute successful pilot programs, and continually improve quality once ITIL practices are in place. This book's practical insights will be invaluable to every IT executive, professional, and user who wants to bring their current change and release practices in line with ITIL—and transform them from a source of frustration into a source of value. Coverage includes Discovering and managing your change and release management requirements Identifying the resources you'll need to succeed Building comprehensive schedules for executing change/release management projects Moving from planning to real-world implementation Choosing the right tools—or modifying the tools you've already invested in Using change/release management to facilitate auditing and ensure compliance Leveraging the full business benefits of mature change/release management processes Covers ITIL version 3

Building Business Acumen for Trainers-Terrence L. Gargiulo 2006-09-22 As a training and development or human resource professional, do you have the knowledge, skills, and experience you need to become an indispensable strategic partner within your organization? Building Business Acumen for Trainers provides step-by-step practical advice on business practices guaranteed to win the support, respect, and attention of your organization. Written for both new and seasoned professionals, this essential resource will show how to put into practice the three critical areas of business acumen: Finance Skills, Partnering Skills, and Communication Skills. Each section in the book highlights one of these three skills and can be used as a stand-alone reference. To help you succeed, the book is filled with case studies, thought-provoking interactive scenarios, templates, quizzes, questions for reflection, and self-paced exercises, all available on the accompanying CD. "Some of the jewels of this book are that it explains the language of finance, it provides practical advice on how to communicate the case for investing in development initiatives, and it is full of guidance on how to collaborate with the business to determine the payback of investing in development solutions. This is one of those books every HR, HRD, and training professional should have." —Judith A. Hale, author of Outsourcing Training and Development: Factors for Success "For training professionals who want to earn a seat at the strategic planning table, nothing can help build corporate relevance better than applying the skills outlined in this book, which will show you how to turn training into business results." —Marty Fisher, vice president, HR and Training, Abercrombie and Fitch

The Client-Centered Law Firm-Jack Newton 2020-01-28 The legal industry has long been risk averse, but when it comes to adapting to the experience-driven world created by companies like Netflix, Uber, and Airbnb, adherence to the old status quo could be the death knell for today's law firms. In The Client-Centered Law Firm, Clio cofounder Jack Newton offers a clear-eyed and timely look at how providing a client-centered experience and running an efficient, profitable law firm aren't opposing ideas. With this approach, they drive each other. Covering the what, why, and how of running a client-centered practice, with examples from law firms leading this revolution as well as practical strategies for implementation, The Client-Centered Law Firm is a rallying call to unlock the enormous latent demand in the legal market by providing client-centered experiences, improving internal processes, and raising the bottom line.

The Perfect Mix-Helen Rothberg, PhD 2017-06-20 In the tradition of the popular business classics Leadership Is an Art and What They Don't Teach You at Harvard Business School, Dr. Helen Rothberg, a sought-after consultant to CEOs and entrepreneurs, reveals memorable insights about leadership developed while she worked as a bartender and restaurant manager. Good managers and good leaders are not always the same. Dr. Helen Rothberg trains leaders, from Fortune 500 executives to startup entrepreneurs, with her particular brand of ADVICE—Action, Determination, Vision, Integrity, Communication, Empathy. Based on the management and life lessons she learned from working as a bartender while getting graduate business and behavioral science degrees, each aspect of ADVICE helps leaders hone their vision—of themselves and their business. You will explore who you are and who you need to become, analyze what has worked in the past and what might work better in the future, and realize ways to continually adapt—with courage and grace—to the unpredictable, uncertain business environment. Through the book's colorful stories of barroom brawls and boardroom bravado, competition and cooperation, conflict and other challenges, you'll conceive of new ways to develop working relationships with colleagues and customers; keep things running smoothly; and manage infuriating, delightful, and sometimes dangerous clients as well as temperamental and talented employees, and owners or bosses with brilliant ideas who may not communicate well. Leading an organization is knowing when to stir or shake things up, blend or serve neat, and Dr. Rothberg finishes each chapter with the recipe for a creative cocktail that embodies a lesson, to mix perfectly, contemplate, and savor.

Accidental Project Manager-Ray Frohnhoefer 2018-07-03 When a manager is pressed to find a project manager for an important client, he looks to Rhett Sero, our to-be hero. He introduces Rhett to Heda Heldenmacher, a noted project management consultant. Heda introduces Rhett to the PROJECT methodology and spends seven days with him to prepare. Designed to increase success, this book is for accidental and new project managers, beginning project management learners, and those exploring project management careers or looking for a refresher. Told in the form of a business fable, concepts are put in everyday terms and stories make it more memorable. Everything you need to get started in an easy-to-read book. Each chapter includes a project management tip, reading selections from the PMBOK(R) Guide, and additional learning resources. A set of more than a dozen ready-to-use templates is available online. This is the story of the invaluable lessons Rhett learns transforming from Sero to Hero!
