Sugar Cane-Patricia Storace 2007-07-01 A version of the folktale Rapunzel, set in the Caribbean.
The Book of Heaven-Patricia Storace 2014-11-04 From the author of the acclaimed Dinner with Persephone comes a radically original novel about four women who invite us to imagine the divine anew: what if "a woman's point of view" were also God's? Patricia Storace's Eve begins by telling us her version of what happened in Eden, and by revealing that our familiar constellations conceal other heavens we have never allowed ourselves to see. Each of the four subsequent chapters is the story of one of these new zodiacs, featuring images central to women: a knife, a cauldron, a garden, a pair of embracing lovers. The four women whose stories they tell are Job's daughter, the Queen of Sheba, a polytheistic cook, and a transformed Sarah, wife of Abraham. Storace brilliantly reimagines the worlds of these women, freeing them from the old tales in which they were trapped and putting them in the foreground of their stories and of the Old Testament itself.
Child of the Civil Rights Movement-Paula Young Shelton 2013 The author, the daughter of Andrew Young, describes the participation of Martin Luther King, Jr., along with her father and others, in the civil rights movement and in the historic march from Selma to Montgomery, Alabama, in 1965.
The Legend Of The Hummingbird-Michael Rose Ramirez 1998-04-01 A girl and boy from rival tribes have their love protected and immortalized when they are changed into a red flower and a hummingbird.
Dinner with Persephone-Patricia Storace 2011-10-19 A New York Times Notable Book of the Year "Full of insights, marvelously entertaining . . . haunting and beautifully written." --The New York Review of Books "I lived in Athens, at the intersection of a prostitute and a saint." So begins Patricia Storace's astonishing memoir of her year in Greece. Mixing affection with detachment, rapture with clarity, this American poet perfectly evokes a country delicately balanced between East and West. Whether she is interpreting Hellenic dream books, pop songs, and soap operas, describing breathtakingly beautiful beaches and archaic villages, or braving the crush at a saint's tomb, Storace, winner of the Whiting Award, rewards the reader with informed and sensual insights into Greece's soul. She sees how the country's pride in its past coexists with profound doubts about its place in the modern world. She discovers a world in which past and present engage in a passionate dialogue. Stylish, funny, and erudite, Dinner with Persephone is travel writing elevated to a fine art--and the best book of its kind since Henry Miller's The Colossus of Maroussi. "Splendid. Storace's account of a year in Greece combines past and present, legend and fact, in an unusual and delightful whole." --Atlantic Monthly From the Trade Paperback edition.

The Psychosocial Implications of Disney Movies-Lauren Dundes 2019-07-11 In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Woman's Inhumanity to Woman-Phyllis Chesler 2009-05-01 Drawing on the most important studies in psychology, human aggression, anthropology, and primatology, and on hundreds of original interviews conducted over a period of more than 20 years, this groundbreaking treatise urges women to look within and to consider other women realistically, ethically, and kindly and to forge bold and compassionate alliances. Without this necessary next step, women will never be liberated. Detailing how women's aggression may not take the same form as men's, this investigation reveals--through myths, plays, memoir, theories of revolutionary liberation movements, evolution, psychoanalysis, and childhood development--that girls and women are indeed aggressive, often indirectly and mainly toward one another. This fascinating work concludes by showing that women depend upon one another for emotional intimacy and bonding, and exclusionary and sexist behavior enforces female conformity and discourages independence and psychological growth.

Fairy Tales with a Black Consciousness-Vivian Yenika-Agbaw, 2013-07-05 The all new essays in this book discuss black cultural retellings of traditional, European fairy tales. The representation of black protagonists in such tales helps to shape children’s ideas about themselves and the world beyond—which can ignite a will to read books representing diverse characters. The need for a multicultural text set which includes the multiplicity of cultures within the black diaspora is discussed. The tales referenced in the text are rich in perspective: they are Aesop’s fables, Cinderella, Rapunzel and Ananse. Readers will see that stories from black perspectives adhere to the dictates of traditional literary conventions while still steeped in literary traditions traceable to Africa or the diaspora.
