The book follows the format of the examination and is split into the following sections: Anatomy (including histology, embryology and medical imaging); Physiology and Biochemistry; Clinical Pharmacology; General and Systemic Pathology; Microbiology; Clinical Immunology; Haematology.</p> <p>The Urology Bank of 1111 Mcqs-Dr. Atif A. Katib 2019-08-28 We aim at testing knowledge acquisition and application, albeit data analysis is tested in fewer instances. The questions are presented in Calibri (body) theme font to provide the best readability. The questions` stems are short, bold, and typed in size 14 font. Each question has four options. It is hard for a test taker who doesn` t know the answer to guesstimate. We have used plausible distractors and avoided double negatives. Furthermore, we have used the finished and unfinished statement styles and avoided complex structures of questions. We have implemented the (how common is ...) and (what is the likelihood that ...) styles of questions as we believe that the reader` s intuition and clinical sense last longer, in mind, than figures do.</p> <p>Lippincott's Illustrated Q&A Review of Rubin's Pathology-Bruce A. Fenderson 2010-10-01 This new edition offers up-to-date, clinically relevant board-style questions that are perfect for course review and board prep.
