The Bottom of the Harbor-Joseph Mitchell 2008-07-01 On the centennial of Joseph Mitchell's birth, here is a new edition of the classic collection containing his most celebrated pieces about New York City. Fifty years after its original publication, The Bottom of the Harbor is still considered a fundamental New York book. Every story Mitchell tells, every person he introduces, every scene he describes is illuminated by his passion for the eccentrics and eccentricities of his beloved adopted city. All of the pieces here are connected in one way or another--some directly, some with a kind of mysterious circuitousness--to New York's fabled waterfront, the terrain that Mitchell brilliantly made his own. They tell of a life that has passed--of vacant hotel rooms, deserted communities, once-thriving fishing areas that are now polluted and studded with wrecks. Included are "Up in the Old Hotel," a portrait of Louis Morino, the proprietor of a restaurant called (to his disgust) Sloppy Louie's; "The Rats on the Waterfront," which has inspired countless writers to attempt portraits of these most demonized New Yorkers; and "Mr. Hunter's Grave," widely considered to be the finest single

Two distinct communities which share equally vibrant histories, the twin cities of St. Joseph and Benton Harbor possess a rich heritage rooted in agriculture, manufacturing, transportation, and tourism. Through more than 200 photographs, this book documents the cities' development from the time when pioneers first struggled to create a community in the wilderness. It pays tribute to the men and women who labored to establish farms and industries, and celebrates the delightful beaches and amusement parks—such as the House of David and Silver Beach—that have brought joy to generations of residents and visitors alike.

Up in the Old Hotel-Joseph Mitchell 2015-07-15 Saloon-keepers and street preachers, gypsies and steel-walking Mohawks, a bearded lady and a 93-year-old “seafoodetarian” who believes his specialized diet will keep him alive for another two decades. These are among the people that Joseph Mitchell immortalized in his reportage for The New Yorker and in four books—McSorley's Wonderful Saloon, Old Mr. Flood, The Bottom of the Harbor, and Joe Gould's Secret—that are still renowned for their precise, respectful observation, their graveyard humor, and their offhand perfection of style. These masterpieces (along with several previously uncollected stories) are available in one volume, which presents an indelible collective portrait of an unsuspected New York and its odder citizens—as depicted by one of the great writers of this or any other time.

The Earth Around Us-Jill Schneiderman 2000-03-27 Soil contamination...public lands...surface and groundwater pollution...coastal erosion...global warming. Have we reached the limits of this planet's ability to provide for us? If so, what can we do about it? These vital questions are addressed by Jill Schneiderman in *The Earth Around Us*, a unique collection of thirty-one essays by a diverse array of today's foremost scientist-writers. Sharing an ability to communicate science in a clear and engaging fashion, the contributors explore Earth's history and processes--especially in relation to today's environmental issues--and show how we, as members of a global community, can help maintain a livable planet. The narratives in this collection are organized into seven parts that describe: - Earth's time and history and the place of people in it - Views of nature and the ethics behind our conduct on Earth - Resources for the twenty-first century, such as public lands, healthy forests and soils, clean ground and surface waters, and fluctuating coastlines - Ill-informed local manipulations of landscapes across the United States - Innovative solutions to environmental problems that arise from knowledge of the interactions between living things and the Earth's air, water, and soil - Natural and human-induced global scale perturbations to the earth system - Our responsibility to people and all other organisms that live on Earth Never before has such a widely experienced group of prominent earth scientists been brought together to help readers understand how earth systems function to produce our physical and biological environment. Driven by the belief that earth science is, and should be, an integral part of everyday life, *The Earth Around Us* empowers all of us to play a

more educated and active part in the search for a sustainable future for people and other living things on our planet.

My Ears Are Bent-Joseph Mitchell 2010-11-24 Famed New Yorker writer Joseph Mitchell, as a young newspaper reporter in 1930s New York, interviewed fan dancers, street evangelists, voodoo conjurers, not to mention a lady boxer who also happened to be a countess. Mitchell haunted parts of the city now vanished: the fish market, burlesque houses, tenement neighborhoods, and storefront churches. Whether he wrote about a singing first baseman for the Brooklyn Dodgers or a nudist who does a reverse striptease, Mitchell brilliantly illuminated the humanity in the oddest New Yorkers. These pieces, written primarily for The World-Telegram and The Herald Tribune, highlight his abundant gifts of empathy and observation, and give us the full-bodied picture of the famed New Yorker writer Mitchell would become.

My American Revolution-Robert Sullivan 2012-09-04 Americans tend to think of the Revolution as a Massachusetts-based event orchestrated by Virginians, but in fact the war took place mostly in the Middle Colonies—in New York and New Jersey and the parts of Pennsylvania that on a clear day you can almost see from the Empire State Building. In My American Revolution, Robert Sullivan delves into this first Middle America, digging for a glorious, heroic part of the past in the urban, suburban, and sometimes even rural

landscape of today. And there are great adventures along the way: Sullivan investigates the true history of the crossing of the Delaware, its down-home reenactment each year for the past half a century, and—toward the end of a personal odyssey that involves camping in New Jersey backyards, hiking through lost "mountains," and eventually some physical therapy—he evacuates illegally from Brooklyn to Manhattan by handmade boat. He recounts a Brooklyn historian's failed attempt to memorialize a colonial Maryland regiment; a tattoo artist's more successful use of a colonial submarine, which resulted in his 2007 arrest by the New York City police and the FBI; and the life of Philip Freneau, the first (and not great) poet of American independence, who died in a swamp in the snow. Last but not least, along New York harbor, Sullivan re-creates an ancient signal beacon. Like an almanac, *My American Revolution* moves through the calendar of American independence, considering the weather and the tides, the harbor and the estuary and the yearly return of the stars as salient factors in the war for independence. In this fiercely individual and often hilarious journey to make our revolution his, he shows us how alive our own history is, right under our noses.

Man in Profile-Thomas Kunkel 2015-04-28 WINNER OF THE SPERBER PRIZE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY SAN FRANCISCO CHRONICLE AND PUBLISHERS WEEKLY • This fascinating biography reveals the untold story of the legendary New Yorker profile writer—author of Joe Gould’s Secret and Up in the Old Hotel—and unravels the mystery behind one of literary history’s greatest disappearing acts. Born and raised in North Carolina, Joseph Mitchell was Southern to the core. But from the 1930s to the 1960s, he was the voice of New York City. Readers of The New Yorker cherished his intimate sketches of the people who made the city tick—from Mohawk steelworkers to Staten Island oystermen, from homeless intellectual Joe Gould to Old John McSorley, founder of the city’s most famous saloon. Mitchell’s literary sensibility combined with a journalistic eye for detail produced a writing style that would inspire New Journalism luminaries such as Gay Talese, Tom Wolfe, and Joan Didion. Then, all of a sudden, his stories stopped appearing. For thirty years, Mitchell showed up for work at The New Yorker, but he produced . . . nothing. Did he have something new and exciting in store? Was he working on a major project? Or was he bedeviled by an epic case of writer’s block? The first full-length biography of Joseph Mitchell, based on the thousands of archival pages he left behind and dozens of interviews, Man in Profile pieces together the life of this beloved and enigmatic literary legend and answers the question that has plagued readers and critics for decades: What was Joe Mitchell doing all those years? By the time of his death in 1996, Mitchell was less well known for his elegant writing than for his J. D. Salinger-like retreat from the public eye. For thirty years, Mitchell had wandered the streets of New York, chronicling the lives of everyday people and publishing them in the most prestigious publication in town. But by the 1970s, crime, homelessness, and a

crumbling infrastructure had transformed the city Mitchell understood so well and spoke for so articulately. He could barely recognize it. As he said to a friend late in life, "I'm living in a state of confusion." Fifty years after his last story appeared, and almost two decades after his death, Joseph Mitchell still has legions of fans, and his story—especially the mystery of his "disappearance"—continues to fascinate. With a colorful cast of characters that includes Harold Ross, A. J. Liebling, Tina Brown, James Thurber, and William Shawn, *Man in Profile* goes a long way to solving that mystery—and bringing this lion of American journalism out of the shadows that once threatened to swallow him. Praise for *Man in Profile* "[An] authoritative new biography [about] our greatest literary journalist . . . Kunkel is the ideal biographer of Joseph Mitchell: As . . . a writer and craftsman worthy of his subject."—Blake Bailey, *The New York Times Book Review* (Editor's Choice) "A richly persuasive portrait of a man who cared about everybody and everything."—*London Review of Books* "Mitchell's life and achievements are brought vividly alive in [this] splendid book."—*Chicago Tribune* "A thoughtful and sympathetic new biography."—Ruth Franklin, *The Atlantic* "Excellent . . . A first-rate Mitchell biography was very much in order."—*The Wall Street Journal* From the Hardcover edition.

Joe Gould's Secret-Joseph Mitchell 2016-01-26 The story of a notorious New York eccentric and the journalist who chronicled his life: "A little masterpiece of observation and storytelling" (Ian McEwan). Joseph Mitchell was a cornerstone of the *New Yorker* staff for decades, but his prolific career was shattered by an extraordinary case of writer's block. For the final thirty-two years of his life, Mitchell published nothing. And the key to his silence may lie in his last major work: the biography of a supposed Harvard grad turned Greenwich Village tramp named Joe Gould. Gould was, in Mitchell's words, "an odd and penniless and unemployable little man who came to this city in 1916 and ducked and dodged and held on as hard as he could for over thirty-five years." As Mitchell learns more about Gould's epic Oral History—a reputedly nine-million-word collection of philosophizing, wanderings, and hearsay—he eventually uncovers a secret that adds even more intrigue to the

already unusual story of the local legend. Originally written as two separate pieces ("Professor Sea Gull" in 1942 and then "Joe Gould's Secret" twenty-two years later), this magnum opus captures Mitchell at his peak. As the reader comes to understand Gould's secret, Mitchell's words become all the more haunting. This ebook features an illustrated biography of Joseph Mitchell including rare images from the author's estate.

Literary Journalism in the Twentieth Century-Norman Sims 1990

From the experiments of Hutchins Hapgood, W.E.B. Du Bois, James Agee, and Joe Mitchell to the challenges posed by the New Journalists and contemporary literary journalists such as John McPhee, this collection explores the fine line between fiction and nonfiction from both historical and critical perspectives. What motives led Ernest Hemingway to return to extended narrative nonfiction after becoming a successful novelist? Why did John Steinbeck write *The Grapes of Wrath* as a novel rather than a work of journalism? How does the "plain style" of writers like Swift, Defoe, and Orwell affect the reader's sense of what is true and what is "made up"? In what way does the Mary McCarthy episode illuminate the ways in which we approach fiction and nonfiction? Raising a wealth of intriguing questions, *Literary Journalism in the Twentieth Century* offers a forum for discussion, involving the reader in what becomes an active definition of literary journalism. The book assembles essays by such well-known critics as Tom Connery, Ron Weber, William Howarth, Norman Sims, John Pauly, Shelley Fisher Fishkin, Hugh Kenner, David Eason, Kathy Smith, and Darrel Mansell. Lively and unique, *Literary Journalism in the Twentieth Century* concerns the very essence of literature itself, showing how writers have reshaped styles to permit passage across the borders between fact and fiction, in the process investigating

what these borders might be, and if they exist at all.
