Just exercise just what we present below as with ease as evaluation **why work isnt working anymore** what you considering to read!

Why Work Isn't Working Anymore-Jim Karger 2005 Less than half of all employees today are satisfied with their jobs. After years of meager raises and mass layoffs, employees do not believe employers care about them beyond their utility as human resources. Corporate America has done little to reverse the precipitous decline in employee morale. Most companies deny it exists in their own organizations. Others have tried to improve morale with fancy mission statements, renominating employees as team-members, making less look like more, and balancing work and life, as if those were two different experiences. None of these solutions have been effective. In this fascinating, well-researched book, two experienced labor lawyers reveal why work isn't working anymore for most employees, how and why companies have failed to reverse the decline in employee satisfaction and workplace happiness by relegating the entire workplace experience to economics, and how managers and supervisors can make a positive difference by creating meaningful relationships with their employees using the authors' Credible Connections relationship-based management model.

Business Reimagined-Dave Coplin 2013-06-07 Are you happy with the way you work? Are you engaged, energised in the office? Or do you sometimes feel that your days are dominated by process and technology? Reimagining business is about waking up to a new environment, based on collaborative and flexible working, on technology that, used correctly, liberates rather than constrains. The future of work must be based on being open, on focusing on results, not process and on empowerment, not hierarchy. Dave Coplin, Chief Envisioning Officer at Microsoft UK, has been immersed in the technologies that are making waves in the workplace. This is his call to reimagine business. #bizreimagined

Rock Stars Incorporated-Sarah L. Sladek 2008-01-15 Dispels the myths about the slacker, self-centered generations and provides valuable insight on how to manage, motivate, and market to these rising stars.-- from back jacket.

When Work Doesn't Work Anymore-Elizabeth Perle McKenna 2011-05-25 In this groundbreaking book, Elizabeth Perle McKenna challenges the outdated system of work for professional women, and encourages readers to re-examine work as their sole identities, and, if they are unhappy, to allow room for their Lives. For every worn-out, emotionally depleted female professional who has ever sighed, "there has got to be a better way," here is the revolutionary book by Elizabeth Perle McKenna--herself a former publishing executive--that explores women's relationship with work. For decades, women have succeeded at traditional male jobs, but now, deep in the second stage of the feminist movement, they want lives that are integrated and whole. Based on original research and containing hundreds of interviews with prominent working women, this book exposes the inherent conflict between the way work traditionally is structured and rewarded, and what women desire and value in their lives. More important, it suggests new ways for women to identify their values, reclaim their identities, and define success on their own terms. Most importantly, this is not just another book about working mothers. Liz Perle McKenna deconstructs the myth that women can have it all, and shows that they risk true happiness until they give up that impossible ideal. The author's focus extends to every working woman who will most likely face a life-altering situation at some point in her career and will need to redefine what success means to her. Any woman who has been working for more than a few years will identify strongly with the issues raised here, and will be rewarded by the insights she gleans from this vital book.

The Way We're Working Isn't Working-Tony Schwartz 2010-07-08 This is the paperback edition of 'The Way We're Working Isn't Working'. Through his years of intensive work consulting to companies including Procter & Gamble, Sony, Toyota, Microsoft, Ford and Ernst & Young, with his firm The Energy Project, Schwartz has developed a powerful program for changing the way we are working that greatly boosts our engagement and our satisfaction with our work and increases our performance. In this book he marshalls a wide range of powerful evidence from business research and psychology that shows that the current model of work is not only not optimal, it is specifically counter-productive because it saps us of our physical, emotional, mental and spiritual energy. In order for us to perform at our best, we must make a set of key changes in our work lives -- and in order to develop the full potential of their work force, our managers and companies must institute changes that will provide us with the regular physical renewal, emotional reward, mental focus and stimulation; and sense of purpose and significance that we need.

Northwest Edge-Lidia Yuknavitch 2000

Fast French-Adrienne 1998 Exercises and lessons are designed to teach the French language quickly, emphasizing vocabulary and conversation

Elements of User Experience,The-Jesse James Garrett 2010-12-16 From the moment it was published almost ten years ago, Elements of User Experience became a vital reference for web and interaction designers the world over, and has come to define the core principles of the practice. Now, in this updated, expanded, and full-color new edition, Jesse James Garrett has refined his thinking about the Web, going beyond the desktop to include information that also applies to the sudden proliferation of mobile devices and applications. Successful interaction design requires more than just creating clean code and sharp graphics. You must also fulfill your strategic objectives while meeting the needs of your users. Even the best content and the most sophisticated technology won't help you balance those goals without a cohesive, consistent user experience to support it. With so many issues involved--usability, brand identity, information architecture, interaction design-- creating the user experience can be overwhelmingly complex. This new edition of The Elements of User Experience cuts through that complexity with clear explanations and vivid illustrations that focus on ideas rather than tools or techniques. Garrett gives readers the big picture of user experience development, from strategy and requirements to information architecture and visual design.

Creating Peace at Work-Kathy Fragnoli 2007-05 If work isn't working, Creating Peace at Work can help the reader identify the behaviors that may be responsible and provide solutions for addressing them.

After Ever Happy-Anna Todd 2015-02-24 Book 4 of the After series--newly revised and expanded, Anna Todd's After fanfiction racked up 1 billion reads online and captivated readers across the globe. Experience the internet's most talked-about book for yourself from the writer Cosmopolitan called "the biggest literary phenomenon of her generation." Tessa and Hardin have defied all the odds, but will their fairy tale ending be turned on its head? AFTER EVER HAPPY...Life will never be the same. #HESSA It's never been all rainbows and sunshine for Tessa and Hardin, but each new challenge they've faced has only made their passionate bond stronger and stronger. But when a revelation about the past shakes Hardin's impenetrable façade to the core--and then Tessa suffers a tragedy--will they stick together again, or be torn apart? As the shocking truth about each of their families emerges, it's clear the two lovers are not so different from each other. Tessa is no longer the sweet, simple, good girl she was when she met Hardin--any more than he is the cruel, moody boy she fell so hard for. Tessa understands all the troubling emotions brewing beneath Hardin's exterior, and she knows she's the only one who can calm him when he erupts. He needs her. But the more layers of his past come to light, the darker he grows, and the harder he pushes Tessa--and everyone else in his life--away. Tessa's not sure if she really can save him--not without sacrificing herself. She refuses to go down without a fight. But who is she fighting for--Hardin or herself?

Working for You Isn't Working for Me-Katherine Crowley 2009-09-24 The guide for anyone who deals with difficult authority figures at work. Sooner or later, we all have to work for someone we can't stand-whether it's an inept supervisor, an undermining department head, or an overly demanding client. When that happens, some people quit, some suffer in silence, and others cope by sulking, obsessing, or retaliating. But you can take charge of this crucial workplace relationship. In this book, Katherine Crowley and Kathi Elster, authors of the bestseller Working for You Is Killing Me, offer concrete examples of bad boss scenarios and a proven four-step program for improving each situation: •Detect - Identify how this person drives you crazy. •Detach - Discover concrete actions you can take to reclaim your power. •Depersonalize - Learn how to take a boss's actions less personally. •Deal - Devise a plan to get what you need and move your career forward.

When Working Out Isn't Working Out-Michael Gerrish 1999-04-15 Explains how to identify and treat conditions that interfere with successful physical training, including food or chemical allergies and such mental challenges as ADD or depression

Working Days-John Steinbeck 1990-12-01 John Steinbeck wrote The Grapes of Wrath during an astonishing burst of activity between June and October of 1938. Throughout the time he was creating his greatest work, Steinbeck faithfully kept a journal revealing his arduous journey toward its completion. The journal, like the novel it chronicles, tells a tale of dramatic proportions--of dogged determination and inspiration, yet also of paranoia, self-doubt, and obstacles. It records in intimate detail the conception and genesis of The Grapes of Wrath and its huge though controversial success. It is a unique and penetrating portrait of an emblematic American writer creating an essential American masterpiece.

Mom, I'm Not a Kid Anymore-Sue Sanders 2013-05-08 Raising a preteen can sneak up on you. Best friends can turn into crushes--or bullies--overnight, and suddenly everything you do is so embarrassing. Connecting with someone who not so long ago was your baby and now only responds in shrugs and eye-rolls is difficult, but open, respectful communication is exactly what a preteen needs. In Mom, I'm Not a Kid Anymore, Sue Sanders guides by example, in 25 conversations and moments she has shared with her daughter, Lizzie. Everything is fair game: •"Tell me about your mean girl." •"You and Dad do that?" •"When can I get Facebook?" •"Do you believe in God?" •"I got a 3 on my essay." •"You wouldn't understand" As Lizzie figures out who she is and Sue does her best to keep up, the conversations and milestones are sometimes unexpected, sometimes awkward, but always honest. With refreshing wit, candor, and self-awareness, Sanders reminds us to trust our intuition, keep an open mind, and answer those questions we can't help our preteens navigate growing up--and maybe learn a thing or two about ourselves in the process.

The Working Life-Joanne B. Ciulla 2011-03-16 A wide-ranging look at the allure and changing significance of work.With seductions, misunderstandings, and misinformation everywhere, this immensely readable book calls for a new contract--with ourselves. Drawing from history, mythology, literature, pop culture, and practical experience, Ciulla probes the many meanings of work or its meaninglessness and asks: Why are so many of us letting work take over our lives and trying to live in what little time is left? What has happened to the old, unspoken contract between worker and employer? Why are young people not being disloyal when they regularly consider job-changing? Employers can't promise as much to workers as before. Is that because they promise so much to stockholders? Why are there mass layoffs and "downsizing" in a time of unequalled corporate prosperity? And why are the most common lies in business about satisfactory employee performance? The traditional contract between employers and employees is over. This thoughtful and provocative study shows how to replace it by the one we make with ourselves.

On Directing-Gabriella Giannachi 2014-12-16 The profession of directing is barely a century old. On Directing considers the position of the director in theater and performance today. What is a director? How do they begin work on a play or performance? What methods are used in rehearsal? Is the director an enabler, a collaborator or dictator? As we enter the new millennium, is the very concept of directing under increasing threat from changes in thinking and practice? The full diversity of today's approaches to directing are explored through a series of interviews with leading contemporary practitioners. On Directing is a landmark book about the director's craft.

Work-Ferdinand Protzman 2008 Collects photographs from around the world involving the different ways people work.

The Burn-Haylie Pomroy 2014-12-30 In the #1 New York Times bestseller The Fast Metabolism Diet, powerhouse nutritionist Haylie Pomroy showed readers how to heal a broken metabolism with the strategic use of macronutrients. But even in the best running systems, inflammation, digestive dysfunction, and hormonal imbalances can all hinder weight-loss. In The Burn, Haylie breaks new ground and gives anyone trying to lose weight new tools for busting through plateaus. Using targeted micronutrients to incinerate weight-loss roadblocks, Haylie will help you remove the problem--and lose up to 3, 5, and 10 pounds in as many days! The Burn offers three eating plans, therapeutically designed to achieve highly specific results. The I-Burn targets the body's inflammatory reactions to food and flushes out toxins and subcutaneous fat, producing prominent cheekbones and a glowing complexion in three days. In five days, the D-Burn unblocks the body's digestive barrier and torches torso fat, to create a flat belly and tighter waistline. The 10-day H-Burn addresses the hormonal system, repairing and facilitating the proper synthesis of hormones to reshape lumps and bumps into gorgeous curves, sleeker hips, and thinner thighs. The Burn also unveils: · I-Burn, D-Burn, and H-Burn eating and living plans, complete with detailed grocery lists and daily menus to keep the process simple and easy-to-follow. · Dozens of delicious recipes for meals in a flash. · Simple success boosters: foods, teas, tips, and practices that are easy to incorporate and stoke up your body's ability to heal. · How to live your life on fire - road maps that help readers recognize what their bodies are saying to keep their metabolisms blazing! From the Hardcover edition.

CEO of Me-Ellen Ernst Kossek 2007 A radical new approach to balancing work and life, from some of the world's leading work/life researchers! •No "one size fits all" solutions! Identify your "work/life pattern" and move towards the one that makes you the happiest and most fulfilled! •Learn how to make the most of work/life flexibility and make technology work for you, not against you! •For everyone struggling with work/life balance - both women and men!

The Little Blue Book of Advertising-Steve Lance 2006-07-06 These days, the fundamentals of advertising that truly build great brands are often overlooked. But Steve Lance and Jeff Woll are leading a back-to-what-works movement with The Little Blue Book of Advertising. This is a short, fun-to-read, practical book designed to be read quickly and referred to again and again. Each of their fifty-two ideas relates to day-to-day problems with real examples, then provides an innovative, sometimes blunt solution. For instance: #3 Read what your customer reads, watch what she watches #10 Quality is the absence of nonquality signals #15 Sell the benefit, the advantage, and the

feature—in that order #19 Get the no-bodies out of your approval process #41 Know when and how to scream “sale” Just as Jeffrey Gitomer’s hugely successful The Little Red Book of Selling became the gotta-have resource for salespeople, Steve Lance and Jeff Woll have written the perfect handbook for what does and doesn’t work in today’s advertising world.

Next Generation Finance-Robert Lempka and Paul D. Stallard 2013-12-02

Why Your Corporate Culture Change Isn't Working-- and what to Do about it-Michael Ward 1995-12 Michael Ward has heard the same comments, and seen the same reasons for success or failure in a wide variety of companies, and reflects this experience in the fictitious case studies that form the core of this provocative book. Each follows the same pattern of short narrative, discussion, key points, and concluding principles. Painfully realistic, all managers will wince as they read scenarios that are all too familiar. This is not a book of theory. It is rooted in real experience which will significantly increase the chance of your change programme succeeding.

Ten Commandments of Working in a Hostile Environment-T. D. Jakes 2005-01-04 In this empowering book, based on his bestselling video series, T.D. Jakes shows readers how to use Christian principles in the workplace, using faith as the key to happiness and productivity. Bishop Jakes explains how people can rise above petty conflicts, turn obstacles into opportunities, and let God do His work in their lives every day-even when they're coping with complaining co-workers or difficult bosses.

Sacred Cows-Karen E. Olson 2007-07-31 A Connecticut crime reporter investigates the murder of an Ivy League escort in this award-winning mystery series debut. After a late night on the town, Connecticut crime reporter Annie Seymour only wants to sleep. But a call from her editor drags her to a cold, wet New Haven street, where she's soon staring at the body of a curious murder victim. The young woman had been a Yale student by day and a high-priced escort by night. Eager to get the scoop, Annie quickly uncovers a trail of vice and fraud that leads to the city's highest levels. Then comes the real shocker: Annie's mother is involved. Now with the help of a sexy private investigator, Annie must uncover the truth, even as she's forced to cover the surreal appearance of fiberglass cows placed in herds throughout the city. Out there is a killer story that can get Annie that elusive Pulitzer . . . or a mention in the next day's obituary column. Winner of the Sara Ann Freed Memorial Award

The 30-Second Speech Isn't Working. Now What?-Bscj CMC Karen Pirtle 2008-11 The 30-Second Speech Isn't Working, Now What? is guide for legal nurse consultants who want to build a remarkable practice. Based on today's current marketing strategies, this guide will help beginning, practicing and struggling LNCs. Written in easy to understand language with step-by-step instructions—even nurses who are less-than-technically-inclined can implement them. Each chapter introduces a new week-long activity designed to assist you in finding the ideal client and getting more cases. This isn't your typical marketing manual. It's not all elevator speeches and cold calls. It merges old and new school marketing tools and answers the question, "It's not working, now what?"

Be Excellent at Anything-Tony Schwartz 2011-02-01 Offers strategies for enabling sustainable high performance by systematically investing in employee health and happiness, citing the vulnerabilities of common business practices while offering examples of effective leadership.

The Yuletide Rescue-Margaret Daley 2014-12-01 A woman is stranded in the Alaskan wilderness during the Christmas season—and only a search and rescuer can save her in this exciting suspense, part of Alaskan Search and Rescue series. When Dr. Bree Mathison's plane plummets into the Alaskan wilderness at Christmastime, she is torn between grief and panic. With the pilot—her dear friend—dead and wolves circling, she struggles to survive. Search and Rescue leader David Stone fights his way through the elements to save her. David suspects the plane crash might not have been an accident, spurring Bree's sense that she's being watched. But why is someone after her? Suddenly Bree finds herself caught in the middle of a whirlwind of secrets during the holiday season. With everyone she cares about most in peril, Bree and her promised protector must battle the Alaskan tundra and vengeful criminals to make it to the New Year. Experience more action-packed mystery and suspense in the rest of Alaskan Search and Rescue series by Margaret Daley: The Yuletide Rescue To Save Her Child The Protector's Mission Standoff at Christmas From Love Inspired Suspense: Courage. Danger. Faith.

It's Okay to Manage Your Boss-Bruce Tulgan 2010-08-13 Get what you need from your boss In this follow-up to the bestselling It's Okay to Be the Boss, Bruce Tulgan argues that as managers demand more and more from their employees, they are also providing them with less guidance than ever before. Since the number one factor in employee success is the relationship between employees and their immediate managers, employees need to take greater responsibility for getting the most out of that relationship. Drawing on years of experience training managers and employees, Tulgan reveals the four essential things employees should get from their bosses to guarantee success at work. Shows employees how to ask for what they need to succeed in their high-pressure jobs Shatters previously held beliefs about how employees should manage up Outlines what employees must get from their managers: clear expectations; the skills needed to perform their jobs; honest feedback, recognition or rewards A novel approach to managing up, It's Okay to Manage Your Boss is an invaluable resource for employees who want to work more effectively with their managers.

It Doesn't Have to Be Crazy at Work-Jason Fried 2018-10-02 In this timely manifesto, the authors of the New York Times bestseller Rework broadly reject the prevailing notion that long hours, aggressive hustle, and "whatever it takes" are required to run a successful business today. In Rework, Jason Fried and David Heinemeier Hansson introduced a new path to working effectively. Now, they build on their message with a bold, iconoclastic strategy for creating the ideal company culture—what they call "the calm company." Their approach directly attack the chaos, anxiety, and stress that plagues millions of workplaces and hampers billions of workers every day. Long hours, an excessive workload, and a lack of sleep have become a badge of honor for modern professionals. But it should be a mark of stupidity, the authors argue. Sadly, this isn't just a problem for large organizations—individuals, contractors, and solopreneurs are burning themselves out the same way. The answer to better productivity isn't more hours—it's less waste and fewer things that induce distraction and persistent stress. It's time to stop celebrating Crazy, and start celebrating Calm, Fried and Hansson assert. Fried and Hansson have the proof to back up their argument. "Calm" has been the cornerstone of their company's culture since Basecamp began twenty years ago. Destined to become the management guide for the next generation, It Doesn't Have to Be Crazy at Work is a practical and inspiring distillation of their insights and experiences. It isn't a book telling you what to do. It's a book showing you what they've done—and how any manager or executive no matter the industry or size of the company, can do it too.

White Bodies-Jane Robins 2017-09-19 This chilling psychological suspense novel—think Strangers on a Train for the modern age—explores the dark side of love and the unbreakable ties that bind two sisters together. Felix and Tilda seem like the perfect couple: young and in love, a financier and a beautiful up-and-coming starlet. But behind their flawless façade, not everything is as it seems. Callie, Tilda's unassuming twin, has watched her sister visibly shrink under Felix's domineering love. She has looked on silently as Tilda stopped working, nearly stopped eating, and turned into a neat freak, with mugs wrapped in Saran Wrap and suspicious syringes hidden in the bathroom trash. She knows about Felix's uncontrollable rages, and has seen the bruises on the white skin of her sister's arms. Worried about the psychological hold that Felix seems to have over Tilda, Callie joins an Internet support group for victims of abuse and their friends. However, things spiral out of control and she starts to doubt her own judgment when one of her new acquaintances is killed by an abusive man. And then suddenly Felix dies—or was he murdered? A page-turning work of suspense that announces a stunning new voice in fiction, White Bodies will change the way you think about obsession, love, and the violence we inflict on one another—and ourselves.

An Actor's Work-Konstantin Stanislavski 2008-02-07 Stanislavski's 'system' has dominated actor-training in the West since his writings were first translated into English in the 1920s and 30s. His systematic attempt to outline a psycho-physical technique for acting single-handedly revolutionized standards of acting in the theatre. Until now, readers and students have had to contend with inaccurate, misleading and difficult-to-read English-language versions. Some of the mistranslations have resulted in profound distortions in the way his system has been interpreted and taught. At last, Jean Benedetti has succeeded in translating Stanislavski's huge manual into a lively, fascinating and accurate text in English. He has remained faithful to the author's original intentions, putting the two books previously known as An Actor Prepares and Building A Character back together into one volume, and in a colloquial and readable style for today's actors. The result is a major contribution to the theatre, and a service to one of the great innovators of the twentieth century.

Social Work in the 21st Century-Morley D. Glicken 2010-12-08 A student-friendly introduction to the field of social work, social welfare, and the profession of social work, social issues, and social welfare Designed to get students excited about the profession and thinking critically about what social workers do and how they operate within the larger system, this Second Edition explores social issues in the United States, looks at how the social welfare system attempts to resolve these issues, and considers the many roles assumed by professional social workers within the social welfare system. This edition offers new and revised coverage throughout and reflects recent current events, including the historic 2008 presidential election, catastrophes such as Hurricane Katrina and the Haiti earthquake, and government responses.

Enforcing the Work Ethic-Gale Miller This analysis, based on a year[']s observation of social relations in a Work Incentive Program (WIC) office, explores the ways in which staff members organize their interactions with clients, coworkers, and supervisors. Miller focuses on rhetoric (persuasive discourse) as a central aspect of everyday work and as a means of analyzing activities and relationships. He shows, for example, how staff members, clients, and supervisors rhetorically define and justify organizational purposes, or typical and preferred organizational solutions to problems. The book offers an alternative image and orientation to low-level human service professionals and emphasizes how they actively participate in the creation and maintenance of troublesome work relationships.

Lost at School-Ross W. Greene 2008-10-21 From a distinguished clinician, pioneer in working with behaviorally challenging kids, and author of the acclaimed The Explosive Child comes a groundbreaking approach for understanding and helping these kids and transforming school discipline. Frequent visits to the principal's office. Detentions. Suspensions. Expulsions. These are the established tools of school discipline for kids who don't abide by school rules, have a hard time getting along with other kids, don't seem to respect authority, don't seem interested in learning, and are disrupting the learning of their classmates. But there's a big problem with these strategies: They are ineffective for most of the students to whom they are applied. It's time for a change in course. Here, Dr. Ross W. Greene presents an enlightened, clear-cut, and practical alternative. Relying on research from the neurosciences, Dr. Greene offers a new conceptual framework for understanding the difficulties of kids with behavioral challenges and explains why traditional discipline isn't effective at addressing these difficulties. Emphasizing the revolutionarily simple and positive notion that kids do well if they can, he persuasively argues that kids with behavioral challenges are not attention-seeking, manipulative, limit-testing, coercive, or unmotivated, but that they lack the skills to behave adaptively. And when adults recognize the true factors underlying difficult behavior and teach kids the skills in increments they can handle, the results are astounding: The kids overcome their obstacles; the frustration of teachers, parents, and classmates diminishes; and the well-being and learning of all students are enhanced. In Lost at School, Dr. Greene describes how his road-tested, evidence-based approach -- called Collaborative Problem Solving -- can help challenging kids at school. His lively, compelling narrative includes: • tools to identify the triggers and lagging skills underlying challenging behavior. • explicit guidance on how to radically improve interactions with challenging kids -- along with many examples showing how it's done. • dialogues, Q & A's, and the story, which runs through the book, of one child and his teachers, parents, and school. • practical guidance for successful planning and collaboration among teachers, parents, administrations, and kids. Backed by years of experience and research, and written with a powerful sense of hope and achievable change, Lost at School gives teachers and parents the realistic strategies and information to impact the classroom experience of every challenging kid.

Winning at Work-Mel Sandler 1999 The contemporary workplace is filled with traps but none more dangerous than those we set for ourselves. With compelling precision this book shows how even the most effective among us can undermine our careers by falling into our own private traps.

God in Chinatown-Kenneth J. Guest 2003-08-01 God in Chinatown is a path breaking study of the largest contemporary wave of new immigrants to Chinatown. Since the 1980s, tens of thousands of mostly rural Chinese have migrated from Fuzhou, on China's southeastern coast, to New York's Chinatown. Like the Cantonese who comprised the previous wave of migrants, the Fuzhou have brought with them their religious beliefs, practices, and local deities. In recent years these immigrants have established numerous specifically Fuzhounese religious communities, ranging from Buddhist, Daoist, and Chinese popular religion to Protestant and Catholic Christianity. This ethnographic study examines the central role of these religious communities in the immigrant incorporation process in Chinatown's highly stratified ethnic enclave, as well as the transnational networks established between religious communities in New York and China. The author's knowledge of Chinese coupled with his extensive fieldwork in both China and New York enable him to illuminate how these networks transmit religious and social dynamics to the United States, as well as how these new American institutions influence religious and social relations in the religious revival sweeping southeastern China. God in Chinatown is the first study to bring to light religion's significant role in the Fuzhounese immigrants' dramatic transformation of the face of New York's Chinatown.

Now or Never-Joyce L. Vedral 2009-05-30 Dr. Joyce Vedral shows how you can reverse the signs of ageing even if you have been out of condition for years, in a 6-hour-a- week workout that can be done in the home or in the gym.

401 Ways to Get Your Kids to Work at Home-Bonnie Runyan McCullough 1981-12-15 Shows how parents can help their children learn how to do housework, plan meals, handle money, and master other practical skills by helping around the house
