The Owner's Manual for Happiness--Essential Elements of a Meaningful Life-Pierce Johnson Howard 2013-05-01 The happiness literature is about how to be happier. This book summarizes all of that advice, but adds an important caveat: Roughly one person in nine is born happy, and the other eight must find alternatives to happiness. The good news is that the alternatives to happiness are as satisfying or more than happiness itself. These five alternative modes of positive being are flow, fit, progress towards goals, altruism, and community. The theory is accompanied by practical suggestions about achieving these five modes.

Business Model Generation-Alexander Osterwalder 2013-02-01 Business Model Generation is a handbook for visionaries, game changers, and challengers striving to defy outmoded business models and design tomorrow's enterprises. If your organization needs to adapt to harsh new realities, but you don't yet have a strategy that will get you out in front of your competitors, you need Business Model Generation. Co-created by 470 "Business Model Canvas" practitioners from 45 countries, the book features a beautiful, highly visual, 4-color design that takes powerful strategic ideas and tools, and makes them easy to implement in your organization. It explains the most common Business Model patterns, based on concepts from leading business thinkers, and helps you reinterpret them for your own context. You will learn how to systematically understand, design, and implement a game-changing business model--or analyze and renovate an old one. Along the way, you'll understand at a much deeper level your customers, distribution channels, partners, revenue streams, costs, and your core value proposition. Business Model Generation features practical innovation techniques used today by leading consultants and companies worldwide, including 3M, Ericsson, Capgemini, Deloitte, and others. Designed for doers, it is for those ready to abandon outmoded thinking and embrace new models of value creation: for executives, consultants, entrepreneurs, and leaders of all organizations. If you're ready to change the rules, you belong to "the business model generation!"
