U.S. History-P. Scott Corbett 2017-12-19 Published by OpenStax College. U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Believe It Or Not!-Pearson Education 2002-04-26 Navigator is a KS2 reading scheme which covers fiction and non-fiction. It provides material to give pupils a 20-minute guided reading session per week during each school year.

Bamboo Shoots After the Rain-Ann C. Carver 1993-01-01 This remarkable anthology introduces the short fiction of fourteen writers, major figures in the literary movements of three generations, who represent a range of class, ethnic, age, and political perspectives.It is filled with "unexpected gems", writes Scarlet Cheng in Belles Lettres, including Lin Hai-yin's story of a woman suffering under a feudal system that dominated Old China; Chiang Hsiao-yun's optimistic solutions to problems of the elderly in the rapidly changing Taiwan of the 1980; and in between, a dozen richly diverse stories of aristocrats, comrades, wices, concubines, children, mothers, sexuality, rape, female initiation, and the tensions between traditional and modern life. "This is not western feminism with an Asian accent", says Bloomsbury Review, "but a description of one culture's reality... The woman protagonists survive both despite and because of their existence in a changing Taiwan." This book includes biographical headnotes, an introduction that addresses the literary movements represented, and an extensive bibliography.

Effective School Interventions, Third Edition-Matthew K. Burns 2017-08-16 This indispensable course text and practitioner resource, now fully revised, has helped tens of thousands of readers implement evidence-based interventions to improve students' academic achievement and behavior in PreK-12. The volume presents best-practice guidelines and step-by-step procedures for 83 interventions that can easily be implemented by teachers and other school-based professionals. It is a go-to book for those working in a multi-tiered systems of support (MTSS) or response-to-intervention (RTI) framework. User-friendly features include recommended print and online resources and 10 reproducible forms. Purchasers get access to a Web page where they can download and print the reproducible materials in a convenient 8 1/2" x 11" size. New to This Edition: \*Updated throughout to reflect current research-based best practices. \*20 new interventions. \*Chapter on important skills for intervention success. \*The intensity of each intervention (classwide, small-group, and/or individual) is now specified. \*Behavior chapter has been reorganized for easier use. \*Downloadable reproducible tools.

The Immortal Life of Henrietta Lacks-Rebecca Skloot 2010-02-02 Now an HBO® Film starring Oprah Winfrey and Rose Byrne #1 NEW YORK TIMES BESTSELLER Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor black tobacco farmer whose cells—taken without her knowledge in 1951—became one of the most important tools in medicine, vital for developing the polio vaccine, cloning, gene mapping, and more. Henrietta's cells have been bought and sold by the billions, yet she remains virtually unknown, and her family can't afford health insurance. This phenomenal New York Times bestseller tells a riveting story of the collision between ethics, race, and medicine; of scientific discovery and faith healing; and of a daughter consumed with questions about the mother she never knew.

The Joy of the Gospel-Pope Francis 2014-10-07 The perfect gift! A specially priced, beautifully designed hardcover edition of The Joy of the Gospel with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church's journey in years to come." - Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, "to recognize the traces of God's Spirit in events great and small." Profound in its insight, yet warm and accessible in its tone, The Joy of the Gospel is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Includes a foreword by Robert Barron, author of Catholicism: A Journey to the Heart of the Faith and James Martin, SJ, author of Jesus: A Pilgrimage From the Hardcover edition.

27 Yards An' Runnin'-C. Phil Moore 2015-05 "You have a very beautiful writing style. It sort of reminds me of poetry in the way it has a flowing rhythm to it. I felt your heart and emotion on every page." - Amanda K. fillmybookshelf.com "Chris, when I read you I am hearing a new, contemporary Black male voice, a male voice unique in today's market. A voice with a compelling power like Walter Mosley's." - Stanley L. "Your writing strikes me as kind of Walt Whitman-esque, with a touch of noir." - Jim D. its-your-story.weebly.com Soondie Slaton is joint owner of a thriving niche shop in the heart of SoHo, partnered with a business-savvy long-lost cousin who is more like a close-knit brother, surrounded by adoring and supportive friends, and the object of affection from the most desired girl from around the way. However, the world of young Soon Sun seems to be eclipsed in darkness. Or so he thinks... Granted, he has experienced his fair share of tragedies, however in recent times his life has been going well. Still, he can't shake the feeling that there is the other proverbial shoe waiting to drop. And now, happening upon the dawn of his 27th birthday, Soondie is expecting the dreaded doom and gloom to come at any moment. To his dismay, it doesn't. Over the course of the year, he is slowly shown the tenet of life: that it may not be just, but it's fair. As he perhaps anticipated, Soondie does experience losses inasmuch as gains. The question is, does that give him cause to check out? The decision is his, despite what he may be led to believe. Shadows of the past shape who we are and can hold us back. We move forward while standing still. 27 Yards An' Runnin'... is the story of a young man wondering what his life means and where it is going. Running on equal parts optimism, fatalism, cynicism and wonder, we navigate Soondie's world, love and life. Follow young Soon as he narrates his story- current and past, set to a diverse soundtrack and projected upon with stylized images and enriched atmosphere. The closer he comes to reconciliation, the closer he's met with what he believes as an impasse.

In Time of War-Adam J. Berinsky 2009-10-15 From World War II to the war in Iraq, periods of international conflict seem like unique moments in U.S. political history—but when it comes to public opinion, they are not. To make this groundbreaking revelation, In Time of War explodes conventional wisdom about American reactions to World War II, as well as the more recent conflicts in Korea, Vietnam, the Gulf, Afghanistan, and Iraq. Adam Berinsky argues that public response to these crises has been shaped less by their defining characteristics—such as what they cost in lives and resources—than by the same political interests and group affiliations that influence our ideas about domestic issues. With the help of World War II-era survey data that had gone virtually untouched for the past sixty years, Berinsky begins by disproving the myth of "the good war" that Americans all fell in line to support after the Japanese bombed Pearl Harbor. The attack, he reveals, did not significantly alter public opinion but merely punctuated interventionist sentiment that had already risen in response to the ways that political leaders at home had framed the fighting abroad. Weaving his findings into the first general theory of the factors that shape American wartime opinion, Berinsky also sheds new light on our reactions to other crises. He shows, for example, that our attitudes toward restricted civil liberties during Vietnam and after 9/11 stemmed from the same kinds of judgments we make during times of peace. With Iraq and Afghanistan now competing for attention with urgent issues within the United States, In Time of War offers a timely reminder of the full extent to which foreign and domestic politics profoundly influence—and ultimately illuminate—each other.

Newsweek 1948-11

The Fifteen Weeks (February 21 - June 5, 1947)-Joseph M. Jones 2018-12-01 A DRAMATIC AND REVEALING ACCOUNT, FROM INSIDE THE GOVERNMENT, OF THE MOMENTOUS DAYS IN WHICH AMERICA ASSUMED THE RESPONSIBILITY OF WORLD LEADERSHIP. First published in 1955, Joseph M. Jones' memoirs The Fifteen Weeks chronicle his role in the development of the Truman Doctrine and the Marshall Plan. "The fifteen weeks which form the title and subject of this book comprise the period in 1947 when the United States stepped out irrevocably and wholeheartedly as leader upon the world stage.... "The greatness of a nation, like the greatness of an individual, is in the last analysis a mystery. We do not know why at one time immense exertions and far-reaching vision are more prevalent than at others. Yet to look within, to account for the obvious factors in the situation is highly useful. That function is performed in a book which for readability and for responsible narration would be hard to surpass."—August Heckscher in the New York Herald Tribune.

Readers' Guide to Periodical Literature-Anna Lorraine Guthrie 1961 An author subject index to selected general interest periodicals of reference value in libraries.

Principles of Economics-A. Marshall 2013-12-05 Alfred Marshall, Principles of Economics (1890) - Founder of Modern (Neo-classical) Economics. His book Principles of Economics was the dominant textbook in economics for a long time and it is considered to be his seminal work.

Flip Your Classroom-Jonathan Bergmann 2012-06-21 Learn what a flipped classroom is and why it works, and get the information you need to flip a classroom. You'll also learn the flipped mastery model, where students learn at their own pace, furthering opportunities for personalized education. This simple concept is easily replicable in any classroom, doesn't cost much to implement, and helps foster self-directed learning. Once you flip, you won't want to go back!

Prentice Hall World History-Elisabeth Gaynor Ellis 2014

Into the Wild-Jon Krakauer 2009-09-22 In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. His name was Christopher Johnson McCandless. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the dries and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page. From the Trade Paperback edition.

Fourth Quinquennial Conference, August 20-27, 1967- 1967

Reading Herodotus-Debra Hamel 2012-09-15 Debra Hamel's book is a lively introduction to The History of the Persian Wars, Herodotus's account of Persia's expansion under four kingsâ€œCyrus, Cambyses, Darius, and Xerxesâ€œand its eventual collision with the city-states of Greece. The History can be a long slog for modern readers, but it is full of salacious tales about sex, violent death, divine prophecies, and cannibals. Following the structure of the original work, Hamel leads the reader through a colorful tour of the central stories that compose The History. She highlights the more interesting and important parts of the story while providing readers who are new to Herodotus with the background information necessary to appreciate the author's wide-ranging subject matter. At once academic and cheeky, the experience of this book is like reading Herodotus while simultaneously consulting a history of Greece and a scholarly commentary on the text.

Europe Since 1945-Peter Lane 1985 An introduction to the history of Europe, both east and west, from 1945 to 1984, this text concentrates on three themes: the political and economic development of the major states; the evolution of the Soviet Union and the Eastern Bloc; and the role of non-Russian Europe in world affairs.
